pendent upon public charity; therefore, it is resolved that this convention instruct the Nebraska delegate to the national convention at Minneapolis to urge at that convention a demand for a congressional investigation and a complete reorganization of the board, to the end that men disabled in the service of their country be properly cared for, once.

Favors Soldiers' Homes

Whereas, a bill to provide homes for our soldiers, sailors and marines, known as H. R. 5545, or the "Morgan Bill," has been introduced in the house of representatives, and Whereas, the said bill affords a constructive plan to enable our soldiers, sailors and marines to own and develop their own homes, both in the city and on the farm; therefore, it is resolved that the American Legion urge upon the congress of the United States the immediate enactment of said bill and the carrying of the same into effect.

Asks Substantial Bonus

Whereas, various proposals for a cash bonus to honorably discharged soldiers, sailors and marines are being urged upon the federal government; therefore, it is resolved that we submit that returned soldiers, sailors and marines are of right entitled to a substantial bonus in addition to that granted on discharge, for their services during the war, and we urge that congress enact legislation to that end at once, rather than postpone such action until, in our present economic reconstruction, the bonus granted may accord returned service men little or no assistance in re-establishing themselves in civil life.

Favors Government Insurance

Whereas, many former service men have dropped their war risk insurance because the war risk insurance does not provide for the payment of a lump sum in the event of death, and Whereas, term insurance is highly desirable for many men who will

not be able to pay the large premiums for the regular standard form of policy of so-called old line insurance, therefore, it is resolved that congress be urged to immediately amend the war risk insurance act so that term insurance policies may be secured, or standard old line policies, which will pay lump sums in the event of death of the insured; and that those seriously disabled be granted paid-up insurance and compensation benefits in proportion to their disability; and that such legislation shall provide, further, that the premiums to be charged for said policies be the lowest that are reasonable for former service men to reinstate lapsed policies without physical examination.

Army Justice System

Whereas, the present system of courts-martial has such imperfections as to prevent the administration of absolute justice, and Whereas, it appears that grave injustice to American soldiers, sailors and marines have resulted, therefore, it is resolved that this convention demand legislation by congress of alleged abuses and such modifications of the present system of courts-martial as may be necessary to bring our military code up to the standard maintained by our most progressive civil courts, and Be it further resolved, that any person found guilty of abuse of power in the administration of military justice be held to strict accountability and punished accordingly.

Will Not Indorse Parties

Whereas, the principles upon which the American Legion was founded require its absolute separation from partisan politics and from the political theories of any individual, whether a member or non-member of the legion, and Whereas, it is the duty as a citizen of every active member of the American Legion to take active part in the solution of the grave social, economic and political questions of the present hour, therefore, it is resolved, that the American Legion of Nebraska encourage its active members to take part in public affairs and in the discussion

ASPIRIN FOR HEADACHE

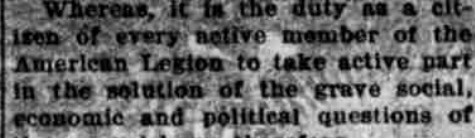

Name "Bayer" is on Genuine Aspirin—say Bayer

Just as necessary as it is to clean the skin from the sun each day, before the fire will burn bright and hot, so we must each morning clear the inside organs of the previous day's accumulation of indigestible waste and toxic matter. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, nervous days and sleepless nights have become real cranks about the morning inside-bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone, its cleansing, sweetening and freshening effect upon the system.

of the public problems which can be settled only through political channels; but that they be required to do so as individuals and not as members of the American Legion, and that any attempt to use the American Legion, or to influence any post thereof, in favor of any political party or candidate for political office, be cause for expulsion from the legion and forfeiture of office; therefore, it is resolved that the American Legion, so long as they remain in such service and be invited to enroll as active members as soon as they shall become separated therefrom.

Whereas, the patriotic services in war and in peace of the members of the Grand Army of the Republic and the United Spanish War Veterans have served and will ever serve as a fitting example to us of an unswerving devotion to our country, therefore, it is resolved that honorary membership in the American Legion be extended to all members of the Grand Army of the Republic and United Spanish War Veterans; and we hereby

Jump from Bed in Morning and Drink Hot Water

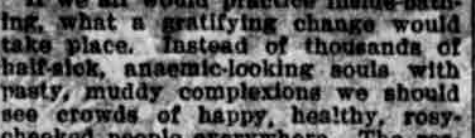

Tells why everyone should drink hot water each morning before breakfast.

Why is man and woman half the time, feeling nervous, despondent, worried, some days headachy, dull and unstrung, some days really incapacitated by illness.

If we all would practice inside-bathing, what a gratifying change would take place. Instead of thousands of half-sick, anemic-looking souls with rusty, mucky complexions, we should see crowds of happy, healthy, rosy-checked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms ptomaine-like poisons which are absorbed into the blood.

# RED CROWN GASOLINE

## Burns Up Completely

You don't enjoy grinding the valves and scraping carbon off pistons and cylinders.

It is a dirty job that nobody likes.

You'll have less work of this kind to do if you standardize on Red Crown Gasoline.

Because Red Crown Gasoline is uniform, standard high grade gasoline wherever you buy it. It vaporizes evenly and burns up completely. Gives most power on a lean mixture—is most economical.

For all types of automobile engines, under all service conditions, there's no better oil than **Polarine**.

Sold at Red Crown Service Stations, garages and dealers everywhere.
