MY ADVICE TO YOU

YOU MUST arrange to do your shopping early this season if you expect to purchase the items you desire. If you buy early in the season you will of course miss the great Christmas crowds, but more important than that—you'll be able to secure the articles you want. This year there is a great shortage of merchandise. It cannot be bought at any price. Farsighted givers can get their gifts right now and have the satisfaction that comes from judicious buying. I have in my store goods of many kinds that cannot be replaced for money—no one can buy more of them. But what I have goes to my patrons for *Their Cost Price to Me Months Ago.*

Ladies' Winter Garments

There are unbelievable values in Ladies' Coats, Suits and Dresses. I have materials you can't buy elsewhere, and the prices I am asking would be suicidal if I intended to remain in business—but I do not. I am quitting the business and it's got to be done before February 1, 1920.

All I ask is that you come to look--- You'll buy.

Specials Ladies' Wool Skirts

With merchandise scarce and getting scarcer, it behoves you to secure your wearing apparel now—and at a reasonable cost. Shopping for Christmas must be done early this season. This is imperative to those who wish to avert disappointment.

As I have said—I am disposing of

The reason is that I am leaving the business—got to because my lease expires February 1st—and besides I want a vacation. It is coming to me. I want to make this final sale one that is remembered because of its unprecedented price offerings. You have only to come in to realize that my reductions are genuine.
