### SAFE, GENTLE REMEDY BRINGS SURE RELIEF

For 200 years GOLD MEDAL Haarlem Oil has enabled suffering humanity to withstand attacks of kidney, liver and bladder and stomach troubles and all diseases connected with the urinary organs due to build up and restore to health organs weakened by disease. These most important organs must be watched, because they filter and purify the blood; unless they do their work you are doomed.

Hoarseness, sleeplessness, nervousness, despondency, heart, stomach trouble, pains in the loins and lower abdomen, gravel, difficulty when urinating, rheumatism, sciatica and lumbago—all warn you of trouble with your kidneys. GOLD MEDAL Haarlem Oil Capsules are the remedy you need. Take three or four every day. The healing properties enter into the cells and lining of the kidneys and cleanse the poisons. New life and health will soon follow. When your normal vigor has been restored continue treatment for a while to keep yourself in condition and prevent return of the disease.

Don't wait until it is unbearable. Start taking GOLD MEDAL Haarlem Oil Capsules today. Your druggist will cheerfully refund your money if you are not satisfied with results. But you're sure to get the original imported GOLD MEDAL Oil. Accept no substitutes. In three sizes. Sealed packages. At all drug stores.

### FILES ITS ARTICLES

LINCOLN, Neb., Dec. 9.—Articles of incorporation for the Wyoming-Northeastern Oil company of Alliance, with a capital of \$1,000,000, were filed with the secretary of state at Lincoln Monday morning by Lloyd C. Thomas, secretary of the new corporation. The officers of the company are F. A. Bald, president, C. M. Looney, vice president and field superintendent, both of whom are from Alliance; A. M. Miller, president of the American State bank of Hemingford, treasurer. The directors include the above four men and P. J. Michael, Hemingford; Charles F. Gruenig and F. T. Morrison of Omaha; R. M. Baker, Alliance, and O. W. Gardiner of Gerling.

The company is organized to take over 13,000 acres of oil lands, leased, owned and controlled by its incorporators and located in northeastern Wyoming. These holdings include 3,400 acres in the Mule Creek field, eighteen miles west of Edgemont, S. D., in which there are now twelve producing wells and fifteen rigs drilling. The company has on its holdings in this field a drilling outfit and a camp already erected and "spudding in" their first well this week.

The holdings also include 640 acres on the Cottonwood dome, southeast of Mule Creek, where several wells are drilling; 320 acres in the Osage field, the new field eighteen miles northwest of Newcastle, Wyo., where oil was recently discovered at a depth of 318 feet. Seven producing wells have already been completed in the Osage field and there are now about twenty rigs engaged in active drilling in this field. The lease on 320 acres within a mile of the holding of this company was purchased by the Mid-West Oil company ten days ago for \$125,000. Other holdings of the company include 7,000 acres on the Cheyenne river southwest of Newcastle and north of the famous Lance Creek field. Active drilling will start on these holdings the coming summer. The company also has options on 320 acres in the Lance Creek field near Lusk and 3,000 acres in the Rock Creek field, in southern Wyoming. It also has 1,820 acres leased in the shallow oil district near Dewey, directly north of Mule Creek.

The company is financed by Nebraska capitalists and there is no stock sale at the present time. Its plans for the coming year include the testing out of its various holdings by drilling and the leasing of holdings for development. Mr. Thomas is very optimistic over the prospects for oil development in the state of Wyoming and in western Nebraska during the coming year. He stated that a large amount of prospecting will be done throughout this territory during the year. The West, Ohio, Prairie Oil and Gas, Union Oil company, Ogallala Oil company, Buck Creek, Western States, Texas, and other oil companies are now engaged in drilling not only in the proven fields but also in districts which have oil prospects. A number of test wells will be drilled in western Nebraska during the year, including test holes in Scotts Bluff, Sioux and Dawes counties. The well being drilled twelve miles north of Chadron is now down nearly 800 feet and Mr. Thomas says that the drillers report excellent showings at that depth. Dr. G. E. Condra of Lincoln recently inspected the Chadron dome and gave very encouraging reports on the prospects for oil in that locality. Excitement at Chadron is intense and some oil holdings in that locality have recently sold as high as five to one.

The Centennial well being drilled in the Goshen Hole country, just west of the Nebraska line and southwest of Scottsbluff, recently showed heavy gas pressure at a depth of 1,600 feet. The drillers expect to encounter oil at a depth of 2,100 or 2,500 feet. Scottsbluff parties are preparing to organize for the purpose of testing out and developing two sets of holdings in Scotts Bluff county.

### KEEP THEM VIGOROUS

When a child suffers from the slightest exposure and is thin, listless and easily tired, that child ought to receive plenty of

### SCOTT'S EMULSION

regularly. It is an essential factor in the health records of thousands of children. Given regularly, with or after meals, it helps keep them in normal weight, vigorous and spirited.

Try SCOTT'S for your boy or girl.

The Norwegian cod-liver oil used in Scott's Emulsion is super-refined in our own American Laboratories. Its purity and quality is unsurpassed.

Scott & Bowe, Binghamton, N.Y. 1931

For we know that you want us to help fish go into the community. For we know that you want us to help fish go into the community. The First Baptist church of this city is undertaking a complete reorganization of its various activities, and trying to get into line with the denomination as a whole. In these days every institution is endeavoring to be of the greatest service possible to the community, the state and the world. Looking at the world through

the greater part of the human race. This church proposes to keep abreast of the times in these days of progress. It is very anxious to render a real service to the community. Therefore we are invited to have a part in its enlarged program. The Sunday school meets at 10 a.m., and there is a class for everybody. The morning service will

begin at 7 p.m., the subject will be, "The Privilege of the Happy." Good music at every service by a chorus choir.

Comfortable seats and a real welcome at the "Home Like Church." Bring your friends.

J. ORRIN GOULD, Minister.

The national joy smoke

Copyright 1919  
by R. J. Reynolds  
Tobacco Co.

SAY, you'll have a streak of smokeluck that'll put pep-in-your-smokemotor, all right, if you'll ring-in with a jimmy pipe or cigarette papers and nail some Prince Albert for packing!

Just between ourselves, you never will wise-up to high-spot-smoke-joy until you can call a pipe by its first name, then, to hit the peak-of-pleasure you land square on that two-fisted-man-tobacco, Prince Albert!

Well, sir, you'll be so all-fired happy you'll want to get a photograph of yourself breezing up the pike with your smokethrottle wide open! Talk about smoke-sport!

Quality makes Prince Albert so

appealing all along the smoke line. Men who never before could smoke a pipe and men who've smoked pipes for years all testify to the delight it hands out! P. A. can't bite or parch! Both are cut out by our exclusive patented process!

Right now while the going's good you get out your old jimmy pipe or the papers and land on some P. A. for what ails your particular smokeappetite!

You buy Prince Albert everywhere tobacco is sold. Tappy red bags—tidy red tins, handsome round and half pound tin humidores—an—that classic, practical round crystal glass humidor with sponge moistener top that keeps the tobacco in such perfect condition.

R. J. Reynolds Tobacco Company, Winston-Salem, N.C.
