

L. E. LACKEY IS BOUND OVER TO DISTRICT COURT

(Continued from Page 1.)
 Dr. H. H. Belwood, Dr. Bowman and Dr. F. J. Baskin were in turn called to the stand, each stating the effect strychnine would have on the human body, both before and after death.
 R. O. Fosterman, embalmer at the Darling undertaking parlors, was next sworn. He stated that Lawrence Lackey made arrangements to have the little girl's body embalmed about 12:30 p. m., about an hour after her death. A bottle of embalming fluid "Exhibit A" was introduced to the court and was, according to the formula on the bottle, found to contain no strychnine or other material poisons. Fosterman was also present when the autopsy was performed.
 The next witness was Albert Lackey, nephew of the defendant. After giving necessary personal data to the court he was asked the following questions:
 "Did you have any conversation with Lawrence about the death of his little girl?"
 "I did."
 "State to the court when and where and in general what was this conversation."
 "The day before the funeral on the way to town, I think."
 "Just go ahead and relate that conversation."
 "Well, it didn't amount to much, only Lawrence said if Frank had kept his damn nose out of it there would have been nothing said."
 Albert Lackey also stated that this was repeated after the funeral two days before Lawrence was arrested. When asked if he found a bottle in the stove he said:
 "I did."
 "Was the bottle empty?"
 "It was."
 "Did you tell Lawrence Monday after the funeral that you found this?"
 "I did."
 "Did you tell him the seal wasn't broken?"
 "The seal wasn't broken why my grandmother put it in the trunk and she says she put it in the stove in the same condition that it was on the side board so I thought the seal wasn't broken."
 Court adjourned until 1:30 p. m.
Monday's Session
 Lawrence E. Lackey entered a formal plea of not guilty, following the reading of the document which charged him with murder in the first degree, and recited that, on or about December 11, 1919, he had, with in-

FIRST BAPTIST CHURCH

There will be an important business meeting of the church Wednesday evening at the church at 7 o'clock. Reports from every department of the work will be given. All members of the congregation are urged to be present. No group meetings will be held this week.
 The choir of the church will meet at 7 o'clock Thursday evening at the home of Mrs. C. H. Fuller, 624 Toluea street. Notice the change to 7 o'clock, as there is another meeting that evening to which some of the members desire to go.
 The week of prayer as observed by the co-operating churches of Alliance, was pronounced a success by everyone who attended. The pastors and congregations that took part in the meeting feel it was a splendid co-operative movement on the part of the christian people of the community. We need such co-operation on the part of every church in Alliance.
 The Woman's missionary society of the church has selected new officers and prepared its program for the year's work. There is great encouragement in the outlook of this department of the church activity. They held their next meeting January 21.

 —George A. Hills has been limping around for the past ten days, the result of running a sliver into the calf of his left leg, in close proximity to his shinbone. A number of his friends have commiserated with him in the belief that he was a sufferer from rheumatism, but it isn't as serious as that. He expects to be as good as ever within a week or two.
 —Mr. Townsend of Baltimore, Md., representing the Victor Talking Machine company, demonstrated the value of talking machines in educational work in a series of meetings her last Wednesday and Thursday.  Tonight's bill at the Imperial includes two clever photoplays. William A. It's an enjoyable bill all the way through.
