Fred H. Humphrey, writing in The Journal about the Cole-Grammer case, has this to say: "Is a man a soul, or is he a body? If it is a fact that a man is a soul and not body, is it a fit punishment for crime to strike away the body and leave the soul free? Is it wise for the state, when it has a man where it can handle him and imprison him, to release him and set him free?"

THREE CHILDREN TO RECEIVE HONORS

Nation-Wide Essay Contest Planned by Army—Pershing to Be One of the Judges

Here's the chance of a lifetime for three kids in the United States: The United States army has inaugurated a contest that will be open to the students of all schools, except colleges and universities, whether public, private, sectarian or non-sectarian, and the winners may be male or female, black or white or brown or red, American born or foreign born.

The children winning the first three prizes with essays on "What Are the Benefits of an Enlistment in the United States Army?" will receive a free trip to Washington, D. C., with all their expenses, and the expenses of their parents and guardians, paid by the government. They will receive medals and loving cups to be taken back to their schools. It will be a nation-wide contest, and the winners will have something to be proud of for the rest of their natural lives.

Here's the plan, as announced by the war department:

On April 19 next, a board of judges consisting of Secretary of War Baker, General Peyton C. March and General John J. Pershing, will announce to the awaiting juvenile world the names of three boys or girls who on February 20, 1920, wrote the best essays on the subject: "What Are the Benefits of an Enlistment in the United States Army?"

Then on May 5, 1920, these three boys and girls, accompanied by parents or guardians (railroad fares and all expenses paid to Washington and return for both winners and parents), will be presented with medals by Secretary Baker himself.

Gold medal, suitably engraved, to the winner of the first prize.

Silver medal, suitably engraved, to the winner of the second prize.

Bronze medal, suitably engraved, to the winner of the third prize.

In addition, three beautiful silver cups, suitably engraved, will be presented to be winners by Secretary Baker, to be carried back home by them as prizes for the schools they attend.

The contest is under the auspices of the war department, but the newspaper, Come Back, the official organ of the Walter Reed hospital in Washington, asked permission to purchase the prizes. This permission was granted and the school children are really competing for prizes that were provided by maimed and injured soldiers now at Walter Reed hospital.

There is no age limit in this contest and the little seven year old girl in Santa Barbara, Cal., has the same chance of winning a prize as has the nineteen year old high school boy of Baltimore.

New York state has many times the number of school pupils that Nevada has, yet the chance of producing winners in each of these states is exactly the same.

Essays will be written in the classrooms on Friday, February 20, 1920, from notes if desired.

No essay will be more than four hundred words in length.

Pencil, or pen and ink, may be used, but the essay will be written on only one side of the sheet.

Essays will be judged strictly on a basis of originality, expression and sincerity.

Each school will be the judge of its own product. The principal or teach school will appoint a board of three judges to select one of the entry from his school, then forward the entry, no later than February 27, 1920, to the recruiting station nearest his

The district recruiting officer will appoint a board of three judges to pass on the essays submitted by the schools of his district. One will be selected as the best and will be forwarded to Washington as the district's entry.

From the entries of the fifty-six districts Secretary Baker and General Pershing and March will select the three national winners. These winners may be boys or girls, or any color, of any age.

Ask your father or your brother to tell you something about our new, democratic peace time army. If they do not know write to the nearest recruiting station for literature.

It may mean a free trip to Washington for your mother and you, with a medal for yourself and a beautiful cup for your school and you'll be envied by millions of children. It's the chance of a lifetime!
