Owned and published by the Burr Printing Company, George L. Burr, President; Edwin M. Burr, Vice President.

Subscription \$2.00 year, in advance

Entered at the post office at Alliance, Neb., for transmission through the mails as second class matter. Published Tuesday and Friday.

Friends of the Kettner bill, now before congress, which seeks to provide for an all-American canal and the establishment of a soldier settlement in the Imperial valley in California, are good press agents. The El Centro Progress recently contained an article headed, "Did You Ever Live in Nebraska," which is evidently one of a series that will include all the states of the union before it is completed. The article cleverly appeals to the "old home state" pride and then asks Nebraska Californians to write to the representative from their former district. Here's the way they have Congressman Kinkaid catalogued. It makes good reading: "Mr. Kinkaid is chairman of the Arid Lands committee, before which the Imperial valley bill is being considered. He is thoroughly familiar with the situation and has shown a friendly attitude toward the valley and its delegates, and will have as much or more influence than any other man in the house in the passage of the Kettner bill. Mr. Kinkaid makes his home at O'Neill, and is a practicing attorney. In his younger days, he served as state senator, and district judge but has served continuously in congress during nine terms. Because of his knowledge of the matter, former residents of his district should make special appeals to him to support the bill."

General Davis, president of the A. E. F. awards board, is quoted as saying, before the house sub-committee investigating the army's distribution of war decorations, that a ruling of the war department specifically excludes enlisted men from receiving distinguished service medals. If this is true, there should be changes made in the war department. Otherwise, the impression will get abroad that there may be, after all, such a thing as class distinctions in the army. What tommyrot it is for a republic to say that an officer is en-

titled to a higher award than a private where equal bravery is shown. Now that the world is made safe for democracy, it may be well to practice what we have been preaching—or else quit preaching.

About the only indication that Pershing is beginning to be looked upon as a factor in the presidential situation is seen in the revival of the old story about the soldier's promotion from captain to brigadier general and endeavor to fix the responsibility on Pershing's father-in-law. A letter from ex-President Roosevelt has been produced which shows the father-in-law to have been guiltless, but the story is being circulated nevertheless. It is doubtful whether it will have any effect on General Pershing's chances for the presidency, which were never the best, but his supporters are denying it loudly in the hopes that someone's resentment will be aroused.

REAL ESTATE TRANSFERS

Reported by J. D. Emerick, bonded abstractor, First National bank building, Alliance, Neb.:

William Lister, single, to Prude Broyles, one-half interest in S½ of SE¼, S½ of SW¼ of 19-24-48 and SW¼ and NE¼ of 20-24-48, \$3,200.00.

N. P. Dodge, Jr., and wife to Mrs. Carrie Smith, lots 220 and 221, Belmont addition to Alliance, \$300.00.

AN ALLIANCE INTERVIEW

Mrs. Weaver Tells Her Experience

The following brief account of an interview with an Alliance woman five years ago, and its sequel, will be read with keen interest by every citizen:

Mrs. Celia Weaver, 122 Yellow-

stone Ave., Alliance, says: "I was troubled by kidney complaint for some time and learning of Doan's Kidney Pills as a good kidney medicine, I began taking them, procuring them at Holsten's drug store. I can say in all earnestness that they cannot be excelled for curing back-ache and kidney ailments. It took only a short use to rid me of severe pains in the small of my back, enabling me to stoop and straighten my back without a painful effort."

Nearly six years later, Mrs. Weaver said: "I seldom need Doan's Kidney Pills now. I am never troubled the way I was before using them. I take a few now and then and they always drive off any threatened re-

turn symptoms and keep me in good health."

The True Story of ASPIRIN

ASPIRIN is a useful chemical, being prescribed constantly by skilled physicians for treatment of rheumatic affections, neuralgia, colds and certain types of fever.

ASPIRIN U. D. Co. Tablets are made by the United Drug Co., Boston, whose agents are the Rexall Stores everywhere. The chemical used is always of the very highest grade and the tablets may, therefore, be depended upon with confidence to yield the maximum of beneficial results that may be expected from the use of Aspirin.

Fraudulently made Aspirin Tablets were put on the market by a Brooklyn concern. This has been exploited by one concern for the purpose of discrediting all tablets of Aspirin made by others. The public should know that we, as reputable druggists, have never handled any but Aspirin of the highest grade.

The Aspirin patent expired in 1917 and any one can now make Aspirin and sell it under that name.

Our customers may depend upon it that Aspirin U. D. Co.—sold at Rexall Stores only—is everything that the most careful, most discriminating and skillful physician could demand.

WRIGLEY'S

The largest electric sign in the world advertises

WRIGLEY'S

on Times Square, New York City: it is 250 feet long, 70 feet high. Made up of 17,286 electric lamps.

The fountains play, the trade mark changes, reading alternately WRIGLEY'S SPEARMINT, DOUBLEMINT, and JUICY FRUIT, and the Spearmen "do a turn."

This sign is seen nightly by about 500,000 people from all over the world.

CASE SIX CYLINDERS

THE CASE SIX MODEL V TOURING CAR

EVERY WANTED FEATURE

THE compelling beauty of this new Case Touring Car pictured above is but the outward expression of its inward mechanical superiority. It's a car you will love to own and drive. All the wanted comforts and conveniences are included. It combines approved engineering principles with units of proven efficiency and economy. To drive it—to see how much it is admired—to critically examine its many mechanical superiorities—will give the reason why Case owners keep their cars. Come and see it in our showrooms.
