Twenty-eight food profiteers were convicted in the United States in 1919. To find out how many got away with it, you subtract.

The only secret ever kept by a woman—well, it's still a secret. Self-reform, like self-admiration is faint.

Paradoxical though it may seem, it's the idle tongue that works overtime.

—For Sale—Nine room house. Best part of town. Modern. Priced right and good terms. See Nebraska Land Company. if

Death and taxes continue to be equally inevitable, but there are no official boards to increase the death rate.

Now is a good time to get out last spring's suit and see if it will run another season without a new set of tires or something.

And still geography remains in the position of a speculative science.

Today's Best Story.

When two motor cars crashed together and a young girl, a passenger in one, was pinned under the wreckage. Mitchell Lewis, film star, lifted the vehicle under which the young woman was held fast, so that she might be extricated.

A friend of the star's, asking a question about the incident, remarked:

"I hear you rescued a damsel in distress from beneath a flivver, Mitchell."

Lewis smiled his big smile. "There wasn't that much to it," he replied, "and besides, it wasn't a flivver. I had to use both hands to lift the darn thing."
