Good work clothes, too

PERHAPS the railroad men and a good many of our fellow townsmen, think we lose sight of the fact that they wear work clothes a big part of the time.

But we don't; we may not talk so much about them, but that's because buying them isn't so important a matter with you.

It's clothes for "dress up" that you're particular about; they involve more of an investment and they're the ones you rely on when you want to look right.

That's why we have Hart Schaffner & Marx clothes for you—they're stylish; worth the money.

But you'll find the same good values in the things we have here for work wear. Shirts, overalls, gloves, caps, shoes—anything you need, at surprisingly low prices.

Our satisfaction guarantee goes with work clothes as well as the rest of our goods; money's worth or money back.
