Drive Inside For Prest-O-Lite Service

WHATEVER make of battery you have—drive in here for testing and distilled water as often as you wish.

Ours is not a "curb-stone" service—no waiting outside. You drive inside the building—out of the weather and out of the wet. Your battery is tested right in your car. If repairs are necessary, we have a service battery for you to use while the work is being done. This gives you continuous use of your car.

Our prices for recharging and repairs are always right.

Build a Home

Why begin your married life by living in a rented Home? Real happiness comes only through possessing a place you can call your own. Think if the thrill you will feel when—for the first time—you let yourself into Your New Home. There's a satisfaction that is difficult to beat—it's worth trying for. Notice the couples among your friends—the happiest—those who get the most out of life, are the ones who have built a Home of their Own. A New Home necessarily creates more interest in home life—a fondness for one's own fire-side and family.

The first thing to decide is the kind of Home you want to build. Will it be a Bungalow, a Cottage, or of good old-fashioned Colonial style? You have at your disposal all of the many plans in our office. And any of them may be changed to embody your own ideas of comfort and utility.

Build It Now

There is no reason for waiting until later to Build. Materials and Labor costs are not coming down. And even if they should, the item of rent saved—to say nothing of the other advantages—weighs heavily enough to overbalance the difference in costs.

Stop in our office at any time and we will talk the matter over with you.
