Scottabuff merchants have offered a prize for the best song and the best yell submitted for use on their booster excursions. The idea is a fine one, but the prizes offered are so small that no union poetic muse will condescend to work for that kind of a reward.

With the retirement of Lee Richmond as editor of the Minden Courier, there disappears the last editor who regularly printed the news bulletins from the state university in their entirety. How will Kearney county manage to struggle along without them?

An Ord church held a special "automobile day" last Sunday and it was demonstrated conclusively that the reason church attendance is lessened is not particularly due to the motor car. It appears that the automobile is just as willing to travel toward a church as it is to travel in any other direction, provided the owner or driver is willing. Some of these days, instead of condemning the movies, the automobiles and the fishing ponds, someone will begin an inquiry to determine what's wrong with the service or the preaching, and when an investigation along these lines is taken up, with the intention to make needed changes, something may be accomplished. What's that case that tells critics to "first cast the beam from thine own eye"?

It's remarkable how easy the job of editing a newspaper could be made, if the editor were inclined to accept aid from all the publicity smoochers who send in suggestions, all nicely typewritten, even if some of them are "single spaced to save white paper." The receipts since the republican national convention have averaged at least a waste-basketful a day, and after the democratic conclave, we'll have to buy another.

PICNIC ON JULY 3 AT WARD MILES' RANCH

About the best place for Alliance citizens to spend the Fourth of July will be at the Ward Miles' ranch, six miles east of Angora, where there will be a regular celebration Saturday, July 3, minus nothing but a few of the unimportant frills. There will be material at hand for ninety-seven varieties of a good time, as well as a place to have it. Those who own, or can borrow automobiles, should take a good hint.

Mr. Miles has just completed a new house, and a new barn, 40x56, and this picnic is in the nature of a house-warming. He has invited all his neighbors and friends, as well as the public in general, to attend. A six-piece orchestra from Alliance will furnish music for dancing, and the new barn gives plenty of floor space. The place is lighted by electricity, and there is an abundance of good water. It's an ideal place for a picnic. Bring basket dinners if you wish, or if you don't want to go to the trouble, refreshments of various kinds will be on sale at the ranch, this, the sole concession having been turned over to parties who will take proper care of the guests. 2 2

In addition to the dancing and picnic, there will be a sports program, including a baseball game or two and a rough riding exhibition. It will be an old-fashioned Fourth of July celebration, and will be worth coming a good many miles to attend.
