Spacht will have charge of the singing. The different ministers will speak, taking their turns in alphabetical order, the first being Rev. S. J. Epler of the Christian church. It is always to be understood that if it rains, the service will be held in the church of the minister who is to speak on that night.

CHURCH OF CHRIST

"Blessed are they which do hunger and thirst after righteousness for they shall be filled." Those are the words of our Lord. What is the highest good? Is it eat, drink and be merry? It is desiring the best things in order to be able to do the greatest service. The minister will use the following subjects for next

Lord's day: "The Great Purpose of Life" or "Why do you Live?" and "Our Heritage." The latter subject will be used at the union services on the roof garden. We can make the summer services worthy of our greatest efforts. At the morning hour of worship the "Table of the Lord" is

always spread in blessed memory of Him who redeemed the church with his precious blood. Come to the church with a message and a welcome.

Does Your Razor Scrape

IS YOUR FACE LEFT TENDER AND IRRITATED?

Then you will welcome the coming of the Razor which represents the highest development in shaving instruments. Every little detail is the result of infinite care and study.

THE PENN

ADJUSTABLE SAFETY RAZOR

Read and study these special features; each one means SHAVING COMFORT for you:

PENN DOUBLE-BEVEL BLADES

Pen blades are made of fine-grained steel, capable of being honed and stropped to a wonderful edge. Unlike ordinary blades, they are ground with an extra bevel close to the edge. This bevel glides along the surface of the skin and keeps the blade from sinking in after it cuts through the hair.

Ordinary blades, ground with a single bevel, often disturb the surface of the skin after they have gone through the beard itself.

These and many other features make the PENN the very best shaving buy possible. So confident are we that you will be satisfied that we give you the opportunity to try it out at our expense. We will give you

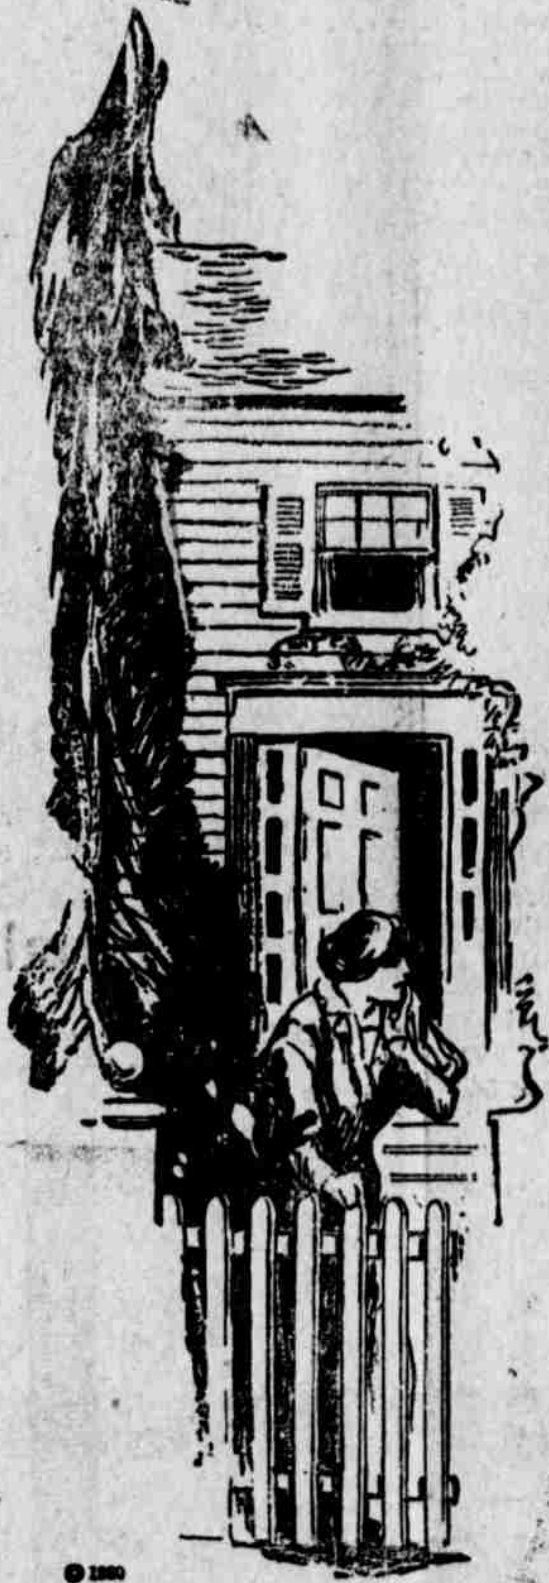

30 Days' Free Trial

If at the end, you have conscientiously tried out the PENN and are not completely satisfied, return it to us and it will not have cost you a penny.

There were some pretty long waits for the Doctor in the horse-and-buggy days

MAKE it easier to get around and you make healthier and happier communities. No one any longer questions the worth of the automobile — or begrudges any legitimate expense connected with it.

But millions of car owners are rebelling at the idea that running an automobile has got to mean waste.

Every now and then you hear a neighbor complain that "he doesn't seem to have much luck with tires."

Send him to us.

The minute a man begins to question the service his tires are giving him, he's ready to listen to reason.

Our business is built on the principle that the only way to get better tire service is to get better tires to start with.

That's why we have taken the representation for U. S. Tires.

III

U. S. Tires have a reputation for quality.

Built up through years of creating better tires. Such as the straight side automobile tire, the pneumatic truck tire

It is not by chance that U. S. Tires are made by the oldest and largest rubber concern in the world.

We are proud to represent U. S. Tires in this community.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—everywhere—U. S. Royal Cords.
