Random Shots

Lemonade is generally considered to be a safe and sane drink, but it is possible to accumulate too many of them.

After having gazed upon some of those Mormon women, we can't understand how any man in his right mind should want more than one of them in his family.

There are all sorts of ways of acquiring information.

Until Juliet took a tumble on the ballroom floor, no Alliance man ever dreamed that the Parisian halfpence had penetrated this far into the wilds.

One by one they're taking away the prerogatives of our sex.

Some of these days no man's neckties will be sacred.

Another Juliet got into an automobile near a local restaurant last Sunday—and she was wearing 'em.

Since then, Chief Reed can't understand why such a crowd is hanging around the place.

Romeo, it develops, is an extremely modest young man. A friend discovered that he always turns the picture of his sweetheart toward the wall before he dons his pajamas.

If we are to believe these colored defendants, they are driven to breaking laws because nobody has provided a loafing place for them.

Don't they have jobs?

We have discovered that it takes a brave woman to eat an onion.

While we are thinking of it, we make the suggestion that someone in authority put a stop to this painting all over the sidewalks. Everything from revival managers to those who stage dances proceed to daub up the sidewalks on the main business

streets with letters a foot high.

This is the mark of a jay town.

Not one city in a dozen in Nebraska will stand for it.

If there isn't any ordinance to prohibit it, why can't one be passed?

The Culver (Ind.) Citizen prints a list of new babies under the headline, "Summer Squalls." Presumably some are not.

There was another editor (peace to his ashes) who carried births, marriages and funerals in one column under the title: "Hatched, Matched and Snatched."

TODAY'S BEST STORY

Shoeless he climbed the stairs, opened the door of the room, entered, and without being detected, closed it after him. Just as he was about to get into bed, his wife, half-aroused from slumber, turned and sleepily said:

"Is that you, Fido?"

The husband, telling the rest of the story, said:

"For once in my life I had real presence of mind. I licked her hand."

HORSE BADLY

CUT BY FALL

Specialist's Prescription Prevents Complication.

In telling of the accident to his horse, Mr. Luther Carmen of Valley Park, Mo., stated: "My horse fell down and cut his knees all up. I dressed them with Dr. LeGear's Antiseptic Healing Powder and they are healing fine. It is a wonderful remedy for healing sores on horses."

Mr. Carmen is simply voicing the sentiments of hundreds of others who feel that having Dr. LeGear's personal prescriptions on hand at all times is nearly as good as having Dr. LeGear where they could reach him in a few minutes.

Wounds and sores must be taken care of immediately. Get a can of Dr. LeGear's Antiseptic Healing Powder from your dealer. Dust on enough of it to cover the wound or sore. It forms a protection against insects and infection and promotes healthy healing.—Dr. L. D. LeGear Med. Co., St. Louis, Mo.

ORDINANCE NO. 285

An Ordinance providing for an inspection of sewer connections within the City of Alliance, Nebraska; providing for a certificate of inspection thereof; providing a fee for such inspection; prohibiting the use of such sewer connections prior to the issuance of such certificate, and repealing Sections 31 and 32 of Ordinance No. 140 of the City of Alliance, Nebraska, and all other ordinances or parts of ordinances in conflict with the terms hereof, and providing a penalty for its violation.

Be it Ordained by the Mayor and Council of the City of Alliance, Nebraska:

Section 1. That after any sewer connection is made from any sewer main in the City of Alliance, Nebraska, there shall be three inspections as follows:

1. The sewer when it is laid and jointed and connected up, and before it is covered over.

2. The soil waste and vent pipes in accordance with Section 23 of Ordinance No. 140 of the City of Alliance, Nebraska.

3. The whole system of plumbing when completed.

Section 2. That before such inspections or any of them are made, the owner of such premises shall pay to the City Clerk of the City of Alliance, Nebraska, an inspection fee therefor in the sum of \$2.00, and that upon the completion of such inspection of such sewer connection be found to be in accordance with the ordinances of such city, the Sewer Commissioner shall issue to the owner of such premises a certificate to such effect.

Section 3. That no owner, agent, tenant, lessee, or person in possession of any premises to which a sewer connection has been made from a sewer main shall make any use whatsoever of such connections, until such certificate has been issued in accordance with the provisions of this ordinance.

Section 4. That sections 31 and 32 of Ordinance No. 140 of the City of Alliance, Nebraska, entitled: "An Ordinance to regulate the construction, alteration, and repairs of sewers and plumbing; providing for the licensing of plumbers and drain layers; prescribing qualities of materials, and workmanship; defining duties of Sewer Commissioner in connection therewith; providing pen-

alties for violation, and repealing all ordinances or parts of ordinances in conflict therewith," and all other ordinances or parts of ordinances in conflict with the terms herewith, he, and the same hereby are repealed.

Section 5. That any person violating any of the provisions of this ordinance shall, upon conviction thereof, be fined in any sum not less than \$10.00 and not more than \$100.00, and shall stand committed to the city jail until such fine and costs are paid in accordance with law.

This ordinance shall be in full force and effect from and after its passage, approval and publication in accordance with law.

Passed and approved this 13th day

of July, 1920.

A. D. RODGERS,
Mayor.

ATTEST:
GRACE H. KENNEDY,
City Clerk.

WE'LL TELL YOU THE MANY OTHER SPECIAL FEATURES NEXT WEEK.

Rhein Hardware Co.

PROMPT AND COURTEOUS SERVICE

A Valuable Service

To lengthen the life of your automobile.
Any Motorist can have it—FREE.

Each year opens up bigger in the automobile world than any preceding year. Millions of cars are being operated all over the country, yet not one motorist in four has the actual mechanical skill he ought to have. The one thing that counts in "running" a car successfully is the CARE IT RECEIVES, therefore the average motorist needs the advice of someone who KNOWS.

We have never, in our career in the tire business, been satisfied to merely furnish you the tires and supplies you needed, or to make repairs when the damage was done, but have always been ready and eager to give SERVICE—service in the little things of upkeep—service that means studying the special problems of each one of our customers and solving these problems for them.

We have gone into the storage battery business also, and want to render this same valuable service along that line, and we know that our work in this branch of the business will measure up to the high standard of excellence we have maintained in the past. Keep in close touch with us, tell us when anything goes wrong with your car along these lines, and you'll find that we will take a personal interest in YOU as we have with all our customers in the past.

TIMES BLDG.

Dependable Through Thick and Thin

Above everything else you want dependability built into the grain binder you buy. You want your binder to go into your grain fields, no matter what the conditions may be, and cut the grain with the least possible loss of time and grain.

We are selling the John Deere Grain Binder because we know it will give you that dependable binder service which makes it a profitable investment.

From the bottom up it's a better-built grain binder. Bigger and stronger roller-bearing wheels; heavier one-piece main frame widely lapped and hot-riveted together; strong rigid platform; three packers instead of two, assuring better bundles in all kinds of grain—these are just a few of the features that make it the better binder.

Another feature you will appreciate on this binder is the easily-operated bundle carrier. No effort to hold it in receiving position or to dump it. Because the teeth rise out of the stubble the instant you start to return the carrier, it's exceptionally easy to bring it back to receiving position. And it's no trick to keep this carrier always in easy-working order—simple adjustments are provided to accomplish this.

The Quick Turn Tongue Truck adds much to the effective work of the John Deere. The wheels turn faster than the pole, making clean, square corners possible. Because the truck axle is flexibly mounted, both wheels hold to the ground no matter how rough the field may be. This keeps the binder running straight, and takes off the side draft from the horses.

Come and see this binder. You can't make a better binder investment.
