"CAN DO MY WORK WITH PLEASURE"

Feels Good All The Time Since Taking Tanlac—Gains Ten Pounds

"Before I began taking Tanlac I was in a badly run-down, weakened condition, but now I am enjoying perfect health," said Ernest Mack, 1922 K Street, Cedar Rapids, Iowa, an expert automobile mechanic.

"For a year I had been in an awful bad shape, had hardly any appetite, and everything I ate disagreed with me," said Mr. Mack. "After every meal my food began to sour almost at once, I would become nauseated, have intense pains in the pit of my stomach, and bloat up with gas until I could hardly breathe. My heart palpitated dreadfully nearly all the time, and often while at work it would pound so hard and I would become so exhausted I just had to stop to rest and get my breath. In fact, my whole system just seemed to be out of order, and I felt so tired and worn out it was all I could do to get around.

"I had heard so much about what Tanlac was doing for others I concluded there must be something to it, and decided to give it a trial myself. I am now glad I did, for my stomach is in good condition, I have a splendid appetite, eat just anything I want, and never have a sign of nausea, pain, gas or palpitation of the heart. I have regained my strength and feel so good all the time my work is actually a pleasure to me. I am ten pounds heavier since I started on Tanlac and am gaining every day. I am glad of the opportunity to give this statement,

AN ERROR OF OMISSION

A white minister had just married a colored couple and in a facetious way remarked:

"It is customary to kiss the bride, but in this instance we will omit it."

The groom was fully equal to the occasion and replied:

"It is customary for the groom to give the minister a five-dollar bill, but in this instance we will also omit that."

THE WHY AND WHEREFORE

Mother did finally succeed in getting father to go with her and little Chester to church. When they had returned home the inspired Chester chirped, "Mama, you said heathens don't wear clothes." To this mother replied: "Yes, that is right, they don't." The perplexed Chester continued: "Well then, why did Pa put a button in the contribution box?"

WHY HE WAS LATE

Teacher—Ho wis it that you're so late, Tommy?

Tommy—Cause there was a man pinched for stealin' hens and setting a house on fire, an' knockin' down five policemen, an' mither sent me room to see if it was father.—London Bilghty.

NO SALE

"I've got just the horse for you," said a liveryman to a farmer who was OURS, TOO!

Our platform: More fish in the Illinois river and let the women do the work.—Pekin (Ill.) Daily Times.

If we should all don overalls, go barefoot and live a free life in tents, doubtless we should still have with us a few kickers.

There have been days lately when it has been wished the weather man would fall down on his forehead.

Somebody presently will spoil the fun by going to work with overalls pressed.
