

Most Modern Shining Parlor in Alliance for Ladies and Gentlemen Ladies Shoes Dyed In connection with 164 Cleaners. 217 Box Butte

HEMINGFORD

The ladies' club took a drive into the country last Friday to the regular meeting at Mrs. G. M. Banks 22 miles northeast. The ladies are convinced that Mrs. Banks is a hostess of unusual ability. Of course they enjoyed the cats which were generous and satisfying.

The Hemingford base ball team went to Crawford Saturday and played a close but winning game, the final score being 5 to 4 in favor of the visiting team. If you want a real ball game get the home boys in on it and they make it go.

Mrs. Matilda Armstrong and son Ted, left on 42 Friday night for Omaha where they will live this winter that Ted may attend school. They will be missed from the community and here's hoping for their return as soon as school is out.

On last Friday evening about 30 friends of Mrs. Matilda Armstrong met at Mrs. Britton's to give a farewell reception to the former. All enjoyed the evening of visiting and then partook generously of the watermelon feed.

The tent meeting conducted by Rev. Lattrel and Rev. Elliott closed at that place Friday evening and moved on Saturday to the Methodist church where it will continue over Sunday, September the 12th. Large crowds were in attendance last Sunday and the interest is good.

The ladies' missionary society will meet in the basement of the Methodist church on Thursday evening at 6 o'clock for a supper and business meeting, and at 7 o'clock will give a program for everybody and free.

The public school opened last Monday at the regular hour with the following teachers in charge: Superintendent, R. L. Embree. Principal, Miss Florence Dulle.

Assistant Principal, Miss Mary Coil. Seventh and eighth grades, Miss Fawntine Johnson.

Fifth and sixth grades, Miss Anna Heath.

Third and fourth grades, Miss Gertrude Delsing.

First and second grades, Miss Mamie Acker.

Primary, Miss Leona Lemons.

With this splendid force of competent teachers there is no reason why we should not have the finest schools this year. All of the teachers that are new come with fine recommendation and with sufficient experience and those re-employed are known and tried and true. The parents should visit the schools this year.

More "mileage" from your watch

The escapement wheel of a watch makes 781,800 revolutions in a year, traveling a distance much greater than your longest auto tour.

Naturally it requires "service"—lubrication and cleaning. Expert attention every 12 to 15 months—6 to 10 months on small watches—prevents wear and repair bills.

Having us give you "service" will make your watch last many years longer and save you money on upkeep. We guarantee all work for a year and charges are fair and reasonable.

WOTTA BREAK, WOTTA BREAK

Jinks and Jenks met for the first time in years. After falling upon each others necks and chorusing the usual "Howzaboy?" Jinks undertook to be polite and conversational. "And how," he inquired with a show of interest, "is Mrs. Jenks standing the heat?"

Jenks regarded him suspiciously. "How'd you know she was dead?" he demanded.

THE STILLED VOICE

Judge Gray, down in Mississippi, was about to adjourn court when an old colored man of his acquaintance moseyed in, his countenance showing worryment.

"Judge," he mumbled, "mah conscience done trouble me. Is yo' got a charge against me?"

"Why, no, uncle. I haven't any charge."

"Jedge, mah conscience suttinly am disturbin'. Yo' aint missed a couple of yo' chickens have yo'?"

"No, uncle, I haven't, but even if there were a couple gone I wouldn't know it. I never count them."

"Don' nebber count 'em? Mah-h-h goodness. Mah conscience am appeased. Good day, suh, good day."

GLAD TO MEETCHA

One look the prize-ring beginner cast at the husky pug who was slated to oppose him. Then he advanced to the center of the roped arena, his hand outstretched.

"Well," he said cordially, "if I don't see you again, hello."

THE INEVITABLE RESULT

Teacher: "Suppose your father gave your mother twenty dollars, and then took five dollars back. What would that make?"

The Kid: "My gosh. All kinds of trouble."

Your Harvest Money

You can make your Harvest Money earn another Harvest this year by depositing it with this Bank where it will draw interest. Then if an opportunity arises whereby you can make a good investment you have the money to grasp it.

THE COMMUNITY NEEDS SAVERS

With the coming of the harvest and the increase of ready money in circulation business is certain to increase. For the good of the community everyone should exercise judgment in the disposition of his money. The safest plan is to deposit it in a strong conservative bank, let it accumulate interest money for you while you decide the wisest disposition of it.

The prosperity of progressiveness of any community is measured by the total of its bank deposits. The American system of finance incorporates the idea of "placing your ready money in a bank" as a fundamental principle. It should be taught to the little folks, and followed by their parents.

THERE IS NO SAFER AND BETTER PLAN THAN
TO DEVELOP THIS AMERICAN IDEA OF BANKING
