

CRAWFORD CITIZENS LAND ON GOVERNOR

Sixty-five citizens of Crawford have appended their signatures to a petition to Governor S. R. McKelvie, asking the removal of G. T. TouVelle as head of the state bureau of securities. Mr. TouVelle, a week or so ago, gave an interview to the press in which he discussed the application made by Mayor Arah L. Hungerford of Crawford and other citizens for a permit to organize an oil company and dispose of stock. Mr. TouVelle proceeded to get exceedingly "smart" in talking of oil prospects at Crawford, and the good people of that region are still hot under the collar. Following is the petition, in part, which, by the way, we have not seen printed in any of the Lincoln newspapers:

We, the undersigned citizens of Crawford, Dawes county, Nebraska, and vicinity do hereby heartily condemn the action of your employ, G. T. TouVelle, whom you have put at the head of the state bureau of securities for his conduct in giving to the press the burlesqued article covering Arah L. Hungerford of Crawford and ridiculing the oil situation here. We condemn the act as unwarranted and with malice aforethought and believe it for a purpose of personally striking at Mr. Hungerford, who has been a citizen of Crawford for the past fourteen years and of whom, to this date, we have never known other than fair and honorable business dealings. We respectfully request the immediate removal of your man TouVelle from the office which he has disgraced and shall expect immediate action from you.

The information asked for by Mr. Hungerford was asked for at the instance and behest of perhaps the majority of the citizens of Crawford, who believe that we have untold wealth in oil underneath our city and surrounding acreage. Mr. TouVelle had no business whatever and was entirely unwarranted in giving this to the press in the tone and fashion he did, or, in fact, for giving it to the press at all. Mr. Hungerford and his associates, who will number the majority of the leading business men of Crawford and vicinity, had a company in consultation within the City of Crawford at the time of wiring to the office of the bureau of securities.

The information requested in that telegram was information desired and necessary to be had before the closing of a contract for drilling. The telegram was a day letter and not a night letter as claimed by Mr. TouVelle to the reporters and we believe was received by him during the day and not at night as he gave out to the reporters in his smart and overbearing way. Mr. TouVelle is making a fool of his office and a joke of the state and we believe that you for the best interest of the State should forthwith dismiss him, putting some man in the office who will transact business in a mannerly way.

We heartily deplore the present stringency the State Department is putting upon the development of the resources of the State of Nebraska. Under the present rule of the bureau of securities people cannot join together even for the development of their own community, much to the chagrin of the people and detriment to the future prosperity and advancement of our state.

AIDS TO GRACE AND BEAUTY

(By Priscilla Dean.)

THE COMPLEXION

There is nothing more attractive about a woman than a clear, healthy complexion. The tint and glow of facial skin makes an impression, quite often before beautiful eyes have a chance to open their full batteries on the heart. Pride in the possession of a fine facial skin is more than pardonable; it is proper. That much time and attention should be spent on making it as near perfect as possible is axiomatic.

A good complexion is nature's best evidence of health. This knowledge urges woman to exert every effort to keep the complexion above criticism. Ways of doing this were not unknown to the ancients. Many women of history, indeed, have vied in perfecting arts of preservation.

Certain women became celebrities for their looks alone, and so much so that even now formulas, believed to be handed down by them, are religiously copied and kept supposedly secret by those fortunate enough to have gained an inkling of their methods and preparations.

But science has progressed so far that such secrets are of little merit now. We know that with perseverance and patience and proper attention, skin may be made beautiful and that ordinary features can be made normal and even attractive.

I am going to call your attention to the disorders of young people. One of the commonest of these disorders are pimples, or acne. This unsightly condition of skin is very frequently noticed in young girls. There are many causes that produce it of which lack of cleanliness, carelessness in looking after skin, faults of exercise and diet and blackheads are the most common.

A great many cases can be cured by simple external measures associated with the proper hygiene. Of course diet and method of living must be looked into. Foods that are heating, fresh bread, pies, confections, indulgence in candy, and meat two or three times a day must be forbidden.

Massaging the face of the patient is not advisable first. After using hot towels, the pimples should be opened with a small lancet that has been properly sterilized by boiling and dipping into peroxide of hydrogen. Then the face should be cleansed with an antiseptic lotion. Of these lotions there are many the highly antiseptic ones give the best results. The following is excellent:

Acne Cleansing Lotion
Mercury Bichloride 7gr.
Zinc Sulphate 15gr.
Tinct. Benzoin 2dr.
Water 4oz.
Dissolve the mercury in the water; then add the zinc, sulphate and lastly the benzoin. This lotion is

poisonous and should not be allowed to get into the eyes.

Priscilla Dean

While objectionable, the "steam roller" is not so much to be resented as the machine guns used in politics elsewhere.

Sir Fortesque Flannery says the next war will be downright brutal, the last one having been a ladylike affair, of course.

A girl in Texas has won a prize for designing, making and wearing a \$2.78 dress. She may be a wonder but she'll never be stylish.

THE UNIVERSAL CAR

To the business man, retail or wholesale; to the manufacturer; to the commission man; to the trucking company, the Ford Model T One Ton Truck makes an irresistible appeal because it has in its chassis all the merits of the original Ford car; the wonderful Ford Model T Motor, the dependable Vanadium steel chassis, and the manganese bronze worm-drive. A strongly built truck that serves satisfactorily and lasts in service. If these statements were not true, the demand for Ford Trucks wouldn't be so constantly on the increase. We will be pleased to take your order for one or more Ford Trucks, will see that you get reasonably prompt delivery, and will give you an after service that insures the constant service of the Truck. But don't wait too long. Get your order in promptly.

Coursey & Miller

By Special Arrangement

GLEN ELLISON

will give his favorite program, "Songs that America loves." The great baritone will appear himself in what will be the most notable musicale of the season.

**Next Friday
Sept. 24.**

Appearing with Mr. Ellison will be Mr. Thomas A. Edison's Three Million Dollar Phonograph.

FREE TICKETS

Call write or telephone us for free tickets of admission. They will be issued in order of application.

Use Dependable Oils

Good Gasoline and Motor Oils Insure Smooth Operation of Your Machinery—Attention to these Matters will Mean Many Dollars to You in a year

Patrons find a wonderful difference in motor performance when they use selected gasoline and oils. In a multitude of ways machinery "works" better. It saves you time and annoyance as well as costly repair bills.

Dealers find it much easier to sell satisfactory goods. No kicking from customers and easy collections make selling a positive pleasure.

Mutual Oil Company

OF KANSAS CITY, MO.

The oil stations formerly conducted by Vaughn & Son in Alliance, Hemingford and Antioch have been taken over by the Mutual Oil Company of Kansas City, Mo. Our agent, Mr. D. McNitt, will have charge of the business in these towns for the time being.

The Same Phone No. 5

We will confine our efforts to a strictly wholesale business and want to interest new dealers in our proposition. We will handle the following products:

SAMPSON GASOLINE

TRACTOR OILS

RADIANT KEROSENE

STEAM CYLINDER OILS

Complete Line of Lubricating Oils and Greases of All Kinds

Call Phone 5 for your next order.
