She has a host of friends who regret her departure, but hope she will return some future time. Love may laugh at locksmiths, but there's the grocer to think of. It would seem that we have not heard the worst from Mexico: Her new president sings tenor. **HIGH SCHOOL NOTES.** Mr. and Mrs. F. A. Cross entertained at a three course duck supper Friday evening, in honor of the faculty. Covers were laid for Mr. and Mrs. W. R. Pate, Mr. and Mrs. F. C. Prince, Mr. and Mrs. J. D. Emerick, Miss Steckleberg, Miss Bishop, Miss White, Miss Braddock, Miss Keith Miss Sneathen, Mr. Cunningham and Mr. Chase. George Purdy who was chosen last year, for captain of the football team this, has found it impossible to attend school this year. Due to this fact, the team held a meeting Monday evening and elected Lee Strong

as captain of the A. H. S. football team, for the season. Lee reports prospects for a successful season this year. There is keen competition between the men for positions. Coaches Prince and Chase are putting lots of pep into the team. All the boys need now is school spirit. Can't we do that much for them? The first game of the season is with North Platte at North Platte, October 1. We had some more "Brunswick music" in Chapel Wednesday morning. Mr. Prince suggested that as we all liked to have music in chapel, and as it gets rather tiresome hearing the same records played over and over, that each person in school be requested to bring one cent each week to buy records. That would be two dollars and thirty cents each week. We could have at least two new records each week. At a Freshman class meeting held some time ago, they elected the following officers: Charles Cross, president; Lucille Butler, vice president; William Bucknell, secretary and treasurer; Katherine Harris, Spud editor; Miss Bishop, sponsor. Two new boys have registered in the A. H. S. the past week. They are Richard Pooley, freshman, and Harvey Shepherd, Sophomore. This brings the enrollment of the A. H. S. up to 231. They are considering putting some extra seats in the assembly room to accommodate the pupils.

**CAN'T PUNCTURE NOR BLOW OUT**

**DAYTON AIRLESS TIRES** in the past 9 years have been used by thousands of owners of light passenger and delivery cars in all parts of the civilized world, and have conclusively demonstrated:

- 1st—They can't puncture nor blow out.
- 2nd—They ride smoothly and comfortably.
- 3rd—They give much longer wear than the average pneumatic.

They have been endorsed by thousands of satisfied users, including the late George Westinghouse and Edward Grey, formerly Chief Engineer of the Ford Motor Company.

Piers of live, elastic rubber built about one inch apart inside the casing and vulcanized or welded to it take the place of an inner tube.

Nothing can happen but wear. We have standardized on 30 x 3 and 30 x 3 1/2, and the price is right. We sell direct to the user from one tire up where we have no dealer. Write for free booklet and price list.

We want an exclusive dealer in every county—tire experience not necessary. Excellent chance to build up a protected territory a very profitable business either by itself or as a side line.

**YOU** certainly want to save money, and you would like to have better bakings. Then use Calumet. It's the biggest thing you can do to improve the quality of your bakings—and lower baking costs.

Calumet is made in the largest, most sanitary Baking Powder Factories in the World. No Baking Powder is made under better conditions—none can be better in quality.

It contains only such ingredients as have been officially endorsed by the U. S. Pure Food Authorities. An absolute guarantee that it is pure.

**RAISES THE QUALITY—LOWERS THE COST OF ALL BAKINGS**

**CALUMET BAKING POWDER**

It received highest Awards, World's Pure Food Exposition, Chicago—Paris Exposition, Paris, France—positive proof of its superior merit.

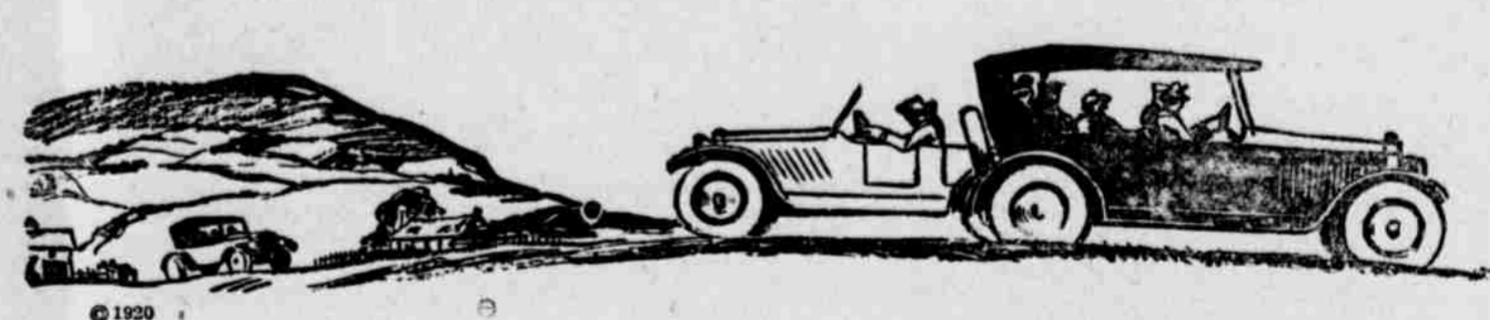

It is used by more housewives, domestic scientists and chefs than any other brand. That would not be the case, if it were possible to secure a higher quality leavener.

It is sold at a moderate price. All you have to do is to compare costs to determine how much you can save by buying Calumet.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

**Calumet Cream Cake Recipe**  
—3 cups pastry flour, 3 level teaspoons Calumet Baking Powder, 1/2 cup butter, 1/4 cup granulated sugar, Yolks of 3 eggs, 1/2 cup cold water, Whites of 3 eggs, 1 teaspoon orange extract. Then mix in the regular way.

**Look at the roads for twenty miles around on a Sunday**

**T**HERE isn't any "country" any more. The automobile has brought the most remote settlement almost as close to the center of things as the next county was in the old days.

II

To hear some tire dealers talk you might think that nobody knew anything about tires except the fellow from Broadway.

That's not the basis we go on.

We give every man credit for knowing *what he is spending his money on*, whether he drives up here in his small car from ten miles out in the country or is passing through from the capital in his limousine.

III

That's one thing we like about U. S. Tires.

They make no distinction between the *small car owner* and the owner of the *biggest car in the country*.

It's all the same to them. So long as a man owns an automobile—large or small—he's entitled to the *very best tire* they can give him.

Quality has always been the *outstanding feature* of U. S. Tires. There's *no limit* on the U. S. guarantee. All U. S. Tires are guaranteed *for the life of the tire*.

IV

We have given a lot of thought to this tire proposition. There is some advantage in being the representatives of the oldest and largest rubber concern in the world.

Drop in the next time you're down this way and let us tell you some interesting facts about tires.
