

**TWO HEIRS CONTEST CLAIMS OF OTHERS**

In a hearing in probate court Thursday morning in the matter of the estate of James H. Skinner, deceased, two heirs were arrayed against two others and a fifth, who was not present, was represented by the attorney for the estate. Mrs. Myrtle Leishman and Mrs. May, daughters of the deceased, brought in claims for taking care of their father, for the period of two years prior to his death. They asked \$50 per month for their services. Attorney Lee Basye represented them.

Two granddaughters, Mrs. J. W. Tourcheb of Chadron and Mrs. Ethel Ross of Wheatland, Wyo., contested the claim. They were represented by Attorney L. L. Raymond of Scottsbluff. R. R. Reddish represented the estate and the other heir, James Skinner, son of the deceased.

Mr. Skinner died at the age of eighty-four. During the two years prior to his death he was a semi-invalid. His wife was not living, and his two daughters cared for him. The charge of \$50 per month covered laundering, nursing and other items.

Judge Tash dispensed with attorney's arguments. He stated that he was well qualified to act as a witness in the case, having known the circumstances of the case, and he allowed the claims without further ado.

Following the adjournment of court, Attorney Reddish held a private auction of some of the personal effects of the deceased. Among other items was a watch, which brought \$90. The five heirs inherited equally from the state and the money realized was divided among them.

It's new and original in story and action. Far from anything that has been attempted before. **MOLLYCODDLE**. Imperial. Saturday matinee and night. One Day Only. 94

G. L. Walters, resident manager of the Western Newspaper Union at Lincoln, started out for the press meeting at Gering a day ahead of time so he could put in Thursday morning with the members of the fraternity in Alliance. Walters, who is a booster for almost anything that is good, commented on the number of stores which displayed the membership card of the Community club, as well as on the difference the paying makes in the appearances of the city.

Married men who are kicking on what is required to run a house ought to take a contract and see if they could reduce the expense.

Somewhere along Laramie avenue a badger is in danger of his life, provided someone ever gets within gunshot of him. The animal was first discovered by Judge Berry in his henhouse, but managed to get away. A few days later the badger was seen in the cellar of Bob Reddish, but again he made his escape. Henry Rust has lost a number of chickens, and so has Bob Morgan, but the badger has never been caught. His life is forfeit, however, if he only appears when some irate householder in that neighborhood is near a gun.

Fred Phillips has been promoted to assistant foreman of the store-house gang on the rip track. He is assisting H. L. Alters.

**REPUBLICAN WOMEN HOLD A MEETING.**

A meeting of republican women called for Thursday evening at the court house was attended by seventy-five. Mrs. Nellie Wilson presided and Mrs. Della Mallory was selected as secretary. Several talks were made and the women voted to make a thorough canvass of the city of Alliance. The following committee was appointed for this work:

First ward—Mrs. I. E. Tash, Mrs. S. Thompson.

Second ward—Mrs. G. D. Darling, Mrs. W. R. Harper, Mrs. Bernard Holsten.

Third ward—Mrs. F. W. Irish, Mrs. L. Lowry.

Fourth ward—Mrs. W. E. Spencer, Mrs. Roy Strong.

Rumor has it that everything did not go as merry as a wedding bell at the gathering, although the reports of what transpired may be exaggerated. Outsiders attempted to take prominent part. At least one of the speakers is said to have argued for Cox, and another made a stirring appeal for Wray. Exactly what transpired is not known, for the women refuse to discuss it. As to the woman who brought up Wray's candidacy, she was told, according to the best authority The Herald can find, that "they had never heard of him before and didn't want to hear of him." Whether the interlopers were boosted over the transom or allowed to remain on condition that they would be peaceable may never be known by mere men.

Announcement was made that on Monday evening Mrs. Severn of Minneapolis, a strong republican speaker, will speak to men and women voters, of all political parties, at the Imperial theater immediately following the first show, at 9 p. m. A cordial invitation has been extended the public to attend.

TO BE GIVEN AWAY**

**Make Sure You Get Your Share of It**

Last year this bank followed the plan of giving away many dollars to the hundreds of new depositors that answered their call

**For New Accounts**

The plan was productive of such good results both from the standpoint of the depositors and this bank that we have decided to repeat the plan this year. Many new depositors were started in the habit of saving, and anyone of them will vouch for the wisdom of their action.

You never can tell when you will need a little extra money for some emergency. Sickness, accident or an opportunity for small investment may come to any one of us any time. We should have a little nest egg to help out in case of necessity.

**Here Is The Plan**

The First State Bank will add one dollar to the credit of every NEW DEPOSITOR who opens an account with this bank. This dollar will be included with his regular deposits and will draw interest just the same as every other dollar that belongs to him.

**WE PAY 5% INTEREST ON TIME DEPOSITS.**

and this interest is payable semi-annually.

**TO THE LITTLE FOLKS**

this offers an especially fine chance to start saving. Parents should welcome this opportunity to start their little ones in the thrift habit. The first dollar is all they need to commence.
