THE UNIVERSAL CAR

To the business man, retail or wholesale; to the manufacturer; to the commission man; to the trucking company, the Ford Model T One Ton Truck makes an irresistible appeal because it has in its chassis all the merits of the original Ford car; the wonderful Ford Model T Motor, the dependable Vanadium steel chassis, and the manganese bronze worm-drive. A strongly built truck that serves satisfactorily and lasts in service. If these statements were not true, the demand for Ford Trucks wouldn't be so constantly on the increase. We will be pleased to take your order for one or more Ford Trucks, will see that you get reasonably prompt delivery, and will give you an after service that insures the constant service of the Truck. But don't wait too long. Get your order in promptly.
