Lincoln's Advice

Start A Bank Account

The policy of the First State Bank has always been one of progress. We believe one vital principle of community progress lies in the number of bank accounts that its members have. The United States has known no more sound nor more respected ideals of good living than those expressed by Abraham Lincoln. Here is the outline of our plan.

Starting Saturday Morning, November 6

WE WILL GIVE AWAY PROBABLY

ONE THOUSAND DOLLARS

TO NEW DEPOSITORS

The First State Bank will add one dollar to the credit of every NEW DEPOSITOR who opens an account with this bank. This dollar will be included with his regular deposits and will draw interest just the same as every dollar that belongs to him.

WE PAY 5% INTEREST ON TIME DEPOSITS.

And this interest is payable semi-annually.

TO THE LITTLE FOLKS

This offers an especially fine chance to start saving. Parents should welcome this opportunity to start their little ones in the thrift habit. The first dollar is all they need of commencement.
