MAKE her a gift of TIME—two hours a day saved from kitchen work—two hours daily to read, visit, enjoy life.

The Sechrist Pressure Cooker saves two hours cooking time a day in the average home, cooking in thirty-five or forty minutes roasts or fowls ordinarily requiring hours.

Sechrist Pressure Cooker

Cooks food more thoroughly because pressure forces 250 degrees of heat thru every cell and fibre. Because steam tight, it retains all juices and flavors. Also prevents food cooking away. Pays for itself in six months by food and fuel saving. Pressure cooking and canning is urged by government bulletins.

Is made of heavy, rolled plate aluminum, smooth, bright, easy to clean. Equipped complete with inset pans. A beautiful, sensible gift. Ask for free booklet with recipes.
