 The treasury department reports an unprecedented demand for small coins, but for the life of us we can't see what anybody can buy with them.
 The wealth possessed by Indians of the United States is said to be \$900,000,000. Poor Lo doesn't seem to be as poor as he has been painted.
 France will oppose, it is said, the union of Germany and Austria. France naturally does not want its troubles next door doubled.

 Special gift for the woman's foreign missionary society, \$7.52; special gifts for starving children of Europe, \$7.50; loose collection to be divided equally between the two, \$29.70. So the offering for the W. F. M. S. is \$22.37 and for starving children \$22.35. We are thankful for this good response.

Somehow or other we cannot conjure up much respect for the argument that going in for golf makes you so enthusiastic that you forget about everything else.
 A Washington health expert says that apple and potato peelings are conducive of longevity. Here is another jolt handed to the high cost of living.
 Perhaps the delightful appeal of ballooning is in the thrilling uncertainty as to one's destination, in which respect it greatly resembles human life.

 About the only objection to automobile price reducing is that it may increase the number of car buyers who cannot afford the upkeep on a car.
 These falling prices are irritating to the ingenious persons who had bought a lot of goods and had stored them while waiting for a further rise.
 It is truly remarkable how everybody can see declining prices except the fellow with the pocketbook.

If the profiteers and not the hens that lay the dollar eggs were to get it in the neck there would be more public satisfaction.
 The difficulty in arranging a consistent drop in prices lies in the number of selfish objections to making it unanimous.

Christmas Cheer Was Assured

in hundreds of Alliance homes this year because of

The First State Bank

Christmas Savings Club Checks

The joy and satisfaction these savings brought cannot be estimated. Parents have had the money to purchase the presents so greatly desired by their children; relatives, friends, sweethearts, all realized their desires in bringing joy and pleasure this Christmas to those they hold most dear. The savings have been stretched out over the past year and there has been no inconvenience or hardship in laying by the money. When the money was most needed, the sum was at hand to bring Christmas cheer to many a home that otherwise would have been barren and joyless. The pleasure that came to our list of savers this Christmas may be yours next season if you will join now in this thrift campaign that will give you the most money just when you feel the need of it most. Read below.

Early last week hundreds received their checks ranging from \$12.50 to \$250.00. If you were not one of this number, you may participate next year by starting now to save. You will be surprised and pleased at how easy this plan is.

This Bank takes a bit of pride in the success and popularity of this Christmas Savings Club plan. The Holidays always bring their demand for money; often in homes where there is lack of ready cash that brings heartaches to parents, and disappointment to the little folks. We believe this Savings plan has increased the joy of Christmas in Alliance, and has also cultivated the thrift habit.
 Each year the number of members grows larger, proving its appreciation and helpfulness.

ALL CAN AFFORD A MEMBERSHIP—
 There is no red tape, no initiation fees, no extra expense. Seven Classes are provided—as little as two cents the first week, or as much as \$2.50, makes you a member. Old and young find it ever so helpful. It promotes the saving habit and provides money for a definite purpose.
