TEN TESTS OF A TOWN

Questions that people ask about your town before they decide to make it their town:

1. Attractiveness: Shall I like the town—its "atmosphere"? Does it have the beauty of shaded streets and other beautiful features? Is it a quiet, roomy, airy, well lighted town? Does it have attractive public buildings and homes? Is it well paved? Is it clean in every sense?

2. Healthfulness: Will my family and I have a reasonable chance to keep well in that town? How about its water supply? Its sanitary system? Its method of milk inspection? Its health department? Its hospitals? Is it without an congested district?

3. Education: Can I educate my family and myself in that town? How about its public schools—present and future? Its institutions of higher education or of business training? Its

libraries? Its lecture and concert courses? Its newspapers? Its postal facilities?

4. People: Shall I like the people of the town? Are they "home folks" without false exclusiveness? Are they neighborly and friendly? Is the town free from factionalism?

5. Recreation: Can I have a good time in that town—I and my family? How about the theatres, museums, gymnasiums, parks, etc? Are inviting opportunities for pleasure drives afforded by well paved streets?

6. Living: Can we live reasonably and well in that town? Are the best of modern conveniences available for its residents—electricity, gas, telephones, etc? Are the housing and shopping conditions favorable? Rents, taxes, and prices fair? Hotels good? Home and truck garden, and dairy products plentiful?

7. Accessibility: Can we go and come easily? Does the town have ade-

quate railroad connections and train service? Street car lines? Interurban lines? Well marked automobile routes and hard surface roads?

8. Business: Can I make good use of capital in that town? Are there banking facilities? Manufacturing interests? Up-to-date stores? Good shipping facilities? Favorable labor conditions? A prosperous farming territory? Active co-operation among business interests?

9. Employment: Can I get a job in that town at fair pay with good prospects for the future? Can I count on co-operation from organizations making it their business to help introduce and establish new commercial interests and to welcome new citizens?

10. Progressiveness: Shall I find that I am in a live town having a progressive city government, active civic organizations, modern fire protection, and a pull-together spirit in everything—a town with a future?—L. N.
