AT THE CHURCHES

BAPTIST CHURCH.

After the prayer meeting Wednesday the church decided to observe the silver anniversary of the church the fore part of April in a fitting manner. This event will run from one Sunday to the next, with the last Sunday as the Home coming day. The purpose of this home coming day will be to draw as many former members here from the different part of the state and adjoining states as possible. A sort of family reunion.

We will also have some of our state officers among them is our new secretary who was born and raised a few miles from Alliance.

Sunday school next Sunday will be out of the ordinary as we will seek to bring all mothers and fathers to school at which hour Brother Chas. Fuller will give us a description of his trip through England. Let all parents of Sunday school children be there. Let us exceed the two hundred of last Sunday. The pastor will preach after the school, his sermon in lecture that has made a hit every where it has been given, especially mother, "Uncrowned Queens." He is a lecturer mothers cannot afford to miss. Evening services at 7:30. "If a Man is Sincere, Does It Matter What He Believes?" Special singing at all these services. Come early to get a good seat otherwise you will be like many last Sunday. Welcome to the church, where the poor man is a special guest. B. J. MINORT.

CHURCH OF CHRIST

God's work requires haste. Many excuses are made to shield worldliness and indifference. Many may be deceived for a season, but God knows and sees all of our actions. We are being watched every day. Our children are apt to follow in the footsteps of the parents. What a different world this would be if every parents would say: "As for me and my house we will serve the Lord."

The sermon subjects for next Lord's day are: "The 'Go Ye'" and "God's Letter of Recommendation." As you enter God's house, come in a spirit of reverence and devotion. You are welcome at the Bible school and prayer meeting services as well as at the communion and preaching.

The Lord's Supper is observed on the first day of the week. This is a

privilege that is granted to all of the Lord's children. We have been very happy in preaching to large and appreciative audiences. Make next Sunday a record breaker and come to the church with a message and a welcome. STEPHEN J. EPLER, Minister.

At 2:30 in the afternoon, the Lutheran church, corner Yellowstone and Seventh streets, has German service. Sunday school will be after the service on Sunday.

with privilege of buying at special prices and having all rent paid apply on purchase price. Must be willing to rent at least six months. Give full references in first letter.

THE KNIGHT-CAMPBELL MUSIC COMPANY, Denver, Colorado. 19-28

We Win--

Our recent advertising explaining our policy—giving honest advice about probable lower prices on any article we sell—has already born fruit.

Our customers are showing by buying their requirements when needed that they believe our motto:

"Confidence Brings Prosperity"

and we are trying to do our share in dealing squarely and justify your continued confidence and patronage.

If you have not talked over your spring requirements with us, we are both losers.

CASH IS "KING" at the STALOS GROCERY

Since the money situation has tightened we have been carrying several accounts that have been costing us money. And this expense is the same old item that enters into every business that is conducted on the credit basis. Therefore we have decided that

STARTING AT ONCE We Will Go on a Strictly Cash Basis

Perhaps you have heard the arguments before for the cash basis idea, but we will repeat them here for the benefit of those who have never figured it out for themselves.

The grocer figures profits on the percentage basis. He takes into account such items as rent, heat, light, taxes, insurance, freight and express charges, clerk and delivery hire. He knows what these are and must fix his selling price in accordance with the total expenses. There is one more expense he has—if he is on a credit basis—and that is **Bad Accounts**. If a merchant knows his business he must figure so much loss each year from this source.

SOMEBODY HAS TO PAY THE GROCER FOR HIS LOSS

The grocer must receive this lost money from some one, so he is forced to charge a higher per cent of profit to care for bad accounts. It is therefore easy to see why

IT COSTS LESS TO PAY CASH

DO YOU GET THE POINT? You are not paying for someone else's groceries. You pay only for those you consume. And there is some satisfaction in knowing that your expenditures are for your family alone.

THERE ARE MANY OTHER ADVANTAGES TO CASH

Aside from the money-saving idea above explained there are other features to commend the cash basis to you. For instance, you will buy more carefully if you pay cash. It is too easy to purchase supplies if you "can charge them." You will cut down your cost of living to an extent you can notice. You will also feel better to realize you owe no one for groceries.

WE CAN SAVE YOU INCONVENIENCE AND A GREATER PERCENTAGE IF YOU BUY

OUR COUPON BOOK

They are handy to make payments at the home where ready change is not always available. Just call us on the phone and when the delivery boy brings the groceries, you can pay him with coupons. We Allow you a Saving on These Books that will Further Reduce the Cost of Living to You.

IF YOU ARE INTERESTED IN LOWERING THE COST OF GROCERIES, SEE US ABOUT THE PLAN TODAY
