Junior Class Play Given at Imperial Last Friday Evening

"Patty Makes Things Hum," the junior class play, which was presented at the Imperial theater last Friday evening, set a new standard for amateur productions in Alliance. The play itself was a light and breezy affair, particularly difficult for amateurs, but under the training of Mrs. Inice McCorkle Dunning, teacher in expression in the high school, the cast was well selected and were splendidly trained in the various parts. Miss Josephine Wright took the part of Patty, who, after being expelled from college appeared unexpectedly at a dinner part at which her sister, Mrs. Green, was hostess, and the guest of honor, an English captain, became interested. Patty certainly made things hum for all concerned. Miss Wright was the star of the performance, doing splendid work as the vivacious young miss who made things interesting for everybody. Lois Boyer as Hyacinth, a colored part, also is deserving of special mention. James Fowler and Clarence Ralls, as army officers, were resplendent and dignified in uniform, and Edward Morrow interpreted his part with rare skill. There was not a single character in the cast who did not show the results of careful training.

Following is the cast:
Capt. Braithwaite.....James Fowler
Capt. Little.....Clarence Ralls
Mr. Greene.....Edward Morrow
Mr. Smith.....Harold Clark
Mrs. Smith.....Ella Thompson
Mrs. Greene.....Mariellen Beagle
Patient Little (Patty).....Josephine Wright
Helen Braithwaite.....Theresa Looney
Hope Dunbar.....Belva Tipple
Hyacinth.....Lois Boyer

Prospective Members Will Have to Hurry to Get In Country Club

Now that the Alliance Country club has started work on its club house and the season is just beginning for golf and tennis, with the bathing season only a few Saturday nights away, the membership list of the club is rapidly filling. Up until the time that excavation for the basement began, ten days ago, there were seventy-five men signed up. During the past week and a half, applications have been pouring in, until this morning, Percy Cogswell, secretary, announced that there were but eight memberships still to be taken, and there are pretty good prospects for three or four of these.

The membership of the club has been limited to one hundred at one hundred and fifty smacks apiece. These memberships will furnish all the money needed to finance the project, and once the limit is reached, those who were too slow in putting in their applications will have to stay out in the cold. Those who hope to avail themselves of the facilities for entertainment this summer will do well to look up Percy Cogswell or some other member of the club without waiting to be coaxed, or else take their place on the waiting list, which will be pretty long, once the club gets into operation.

Alliance was situated in a decidedly favored section of the state last Friday, when a severe snowstorm, announced by the weather man, decided not to molest a strip of land in western Nebraska. The day was propitious for a blizzard, and the weather in the morning and afternoon at times indicated that one was hovering overhead, but somebody pulled the right strings just in the nick of time and the trouble was averted, thereby saving worry and annoyance to everyone, with the possible exception of the coal dealers. Reports from the east and the west indicate that the snowfall was sufficiently heavy to delay trains and play hob generally, but Saturday morning in Alliance you couldn't convince anyone that there was snow within three hundred miles.

Home Cook Shop will open Wednesday morning. Coffee and waffles served from 7 to 9 a. m. A general delicatessen. 118 West Fourth St. Mrs. A. H. Robbins.

Harry E. Gantz spent Saturday of last week in Hyannis, where he was called to defend a client who was charged with striking a school teacher, the charge as drawn by the teacher in question and the prosecuting attorney constituted a felony, but Mr. Gantz was able to persuade the court that his client was guilty of only assault and battery, and he got off with a fine of \$50 instead of being held over to district court on a charge of assault with intent to do great bodily injury. Mr. Gantz' client came from Whitman, and strongly resented the fact that a male school teacher had taken the liberty to beat up his small son.

J. P. Mann Plans to Organize Concert Band in City of Alliance

J. P. Mann, who last week announced that he would organize a concert band in the city of Alliance if a sufficient number of players and pupils were interested, reports a surprisingly great response. At present some twenty-two have signified their intention of lining up with a band. A few more can be accommodated, however, and these are urged to get their names to Mr. Mann without delay. Mr. Mann has had experience as a band leader covering some eighteen years. For five years he was in charge of the university military band at the South Dakota state university, and took a band of forty pieces to the St. Louis world's fair. Alliance is in need of a god band, and there should be no difficulty in finding enough people who are interested to make the prospects for success a sure one.

A box social will be held at the school house in District No. 1, Friday, April 22. Program starts at 8:30 p. m. Harriet Wagar, Teacher. 41-42

Rev. B. J. Minort left for Tilden, Neb., one of his former parishes, Monday morning on an urgent call from that place, and will be away from the city until late in the week.

KEEP AN EYE ON YOUR EYES

See Bauman and See Better

CAN YOU CONCENTRATE—EASILY?

OR DOES YOUR MIND ROVE?

Perhaps you easily get nervous—fidgety. Inability to concentrate is very often directly traceable to defective vision. Poor vision cause eye strain. Eye strain produces nervousness, headaches, "mental cloudiness." Have yours eyes examined.
