

Gene Byrnes Says:—"Here's the Music—Write Your Own Words."

One dietitian tells us to eat plenty of vegetables and scarcely any meat, and another tells us to eat plenty of beef and scarcely any vegetables at all. It looks to us as if we shall have to take to the woods, says Houston Post. When dietitians advise one to eat plenty of anything, they evidently know nothing of prices.

New words appear now and then. The oldtime real estate agent is now a "realtor," and the onetime undertaker is a "mortician." The other day a Son of Rest came in to get a dime and said he was a leisurist. And so it goes.

The biggest city in the country makes more fuss about 11 inches of snow than a farmer with no modern tools for handling does about 11 feet of it.

That economist who figures that the average farmer's wife earns \$4,004 a year would oblige the farmer's wife by seeing to it that she gets at least the \$4.

In conducting each funeral service we realize our responsibility to those who have entrusted us with its management. You will be told by other people in this town that we always give a good account of our stewardship. We are at the service of those who are planning a modern, dignified burial.
