"Didn't he offer an explanation?"

"Oh, yes. He said circumstances compelled him to accept employment in a movie house, but he would be dadblamed if he'd prostitute his intellect by looking at the pictures."—Birmingham Age-Herald.

Since a search warrant must describe what the officers propose to search for, this decision must almost kill prohibition, says the Houston Post. Spring Time Is Saving Time

"In the spring of Life prepare for the winter of old age."

Such is the good counsel that each father and mother, who have weathered Life's storms and sunshine alike, should give to their offspring. Admonish your son and daughter to be Thrifty, to Economize without self-denial, and to learn the real value of every dollar saved as it pertains to the future.

There is likewise a lesson for the present day young woman and young man to learn. There may come a time when they will wish that they had saved some of the money that they now light-heartedly lavish on needless things.

Now is the time to save so that when the winter of old age rolls around there will be no necessity of added burdens through the tearing worries of financial troubles.

Come in and see us today. Let us show how your Savings will grow with THE FIVE PER CENT INTEREST WE ADD TO IT.
