\$140,000 Bridge Completed.

GERING-The new Gering-Scotts duff bridge has been opened for trafic. The bridge is 24 feet wide of rein orced concrete and the approach is 1,800 feet long in the shape of an elen gated "S". The bridge cost \$140,000 The bridge, it is said, carries more traffic than any other bridge in th state, and only one bridge that touche the state exceeds it—the Qmah r-Corn to fair grass cows, \$2.00@2.75; choice cil Bluffs bridge, to prime feeders, \$7.00@7.40; good to

First Train for Lyman.

According to the noise and the celebration at Lyman Thursday, th 'driving of the last spike" on the good stockers, \$5.00@5.75; common to Union Pacific back in the latter 60's didn't have a thing on the celebration of the Nebraska's newest railroad town when the first real honest-to-job passenger train pulled into that place establishing regular service. 100 to 125 Gering citizens boarded the train and made the trip up there. In addition there were many from all portions of the valley who came to wit ness the event, a crowd of fully 3,000 people being estimated as present. The Gering band furnished music for the occasion, there were airplane stunts and riding stunts by Phil Yoder the world's champion broncho buster. Pony races and other sports made op the day's events. From now on untiafter the land drawing a train will leave Gering for Lyman every moraing at 7:00 o'clock it leaving Lyman on its return trip at 6 o'clock in the evening, this schedule being adopted in order that ex-service men may have the entire day to look over the are closing at declines of \$1.00@1.25 | various units included in Uncle Sam's land lottery.

Excitement at Minatare.

Minatare Free Press: There were wethers around \$3.50@3.75. Good vethers around \$3.50@3.75. Good two of them—a young couple, a man feeding lambs at \$6.00@6.25 are about and a woman. They were riding in an The lower than a week ago but the deautomobile. At the intersection of mand during the past two or three Minatare's two main business streets days has shown quite a little improvethey turned their machine around the ment. Strictly choice light feeding lambs would likely sell up around

"Turn to the Right" sign posted there Maybe they turned a little too sudlenly; maybe one of them was not holding on tightly enough to what he-or she-had in hand.

But, however that may be the something fell from the car just as the car made the turn. It fell to the ground. It broke. A pungent smell filled the atmosphere thereabout. All the old-time boozeologists in that part of town licked their lips.

Twas a bottle of Yea, so be it. home hootch. The young couple saw Fred Conklin, chief of police of Minatare, headed their way. They stopped not on the order of their going. He stepped on

the accelerator and away sped the car. By the time the chief of police arrived at the corner the car and its two frightened occupants were a considerable distance on their way to some where else. The Free Press isn't sure whether

the marshal knows who was in the

The Free Press knows, though. But The Free Press ain't goin' to tell nobody!

Unemployed Causing Trouble.

SCOTTSBLUFF-Alarmed by the great numbers of men pouring into this city in answer to an advertisement printed and posted all over the state, promising 2,000 jobs in the beet fields and sugar factories in the North Platte valley, Mayor T. D. Deutch of Scottsbluff has entered a protest to sugar company officials The mayor points out that during the past two or three weeks there has been a regular "wave of clime" in the city and believes it can be traced to the undesirables attracted by the adver-tisement. According to Mr. Deutsch the county agent has applications for less than fifty laborers per day, and the unemployed are coming in much larger numbers. He declares that if home people are given the jobs, there will be very few of them left unfilled. The company officias have taken steps to stop the advertisement in question and will endeavor to have posters torn down in an effort to check the flow of unemployed into Scott bluil.

Going around and around in a whirlpool for an hour is at least better than going down for five minutes.

# Their Medicine Chest For 20 Years and does more than any laxative on the market today. The thousands of letters from users have convinced me I was right, and that the user of Nature's Remudy as a family medicine, even though he may have used it for twenty-five years, never has to increase the dose.

T is characteristic of folks after they pass the allotted "three score years and ten," to look back over the days that are gone and thoughtfully live them over.

ind myself, at seventy-one, frequently drifting back a quarter of a century, when I see myself in the little drug store I owned at Bolivar, Mo., making and selling a vegetable compound to my friends and customers—what was then known only as Dr. Lewis' Medicine for Stomach, Liver and Bowel Complaints.

and Bowel Complaints.

For many years while I was perfecting my formula I studied and investigated the laxatives and catharties on the market and became convinced that their main fault was not that they did not act on the bowels, but that their action was too violent and drastic, and upset the system of the user; which was due to the fact that they were not thorough enough in their action, some simply acting on the upper or small intestines, while others would act only on the lower or large intestines, and that they almost invariably produced a habit requiring augmented doses.

I believed that a preparation to produce

I believed that a preparation to produce the best effect must first tone the liver, then act on the stomach and entire alimen-tary system. If this was accomplished, the medicine would produce a mild, but horough elimination of the waste wit

the usual sickening sensations, and make the user feel better at once.

After experimenting with hundreds of different compounds, I at last perfected the formula that is now known as Katura's Romedy, which I truly believe goes further

A. H. LEWIS MEDICINE CO.,

My knowledge of medicine and the results of its use in my own family and among my friends, before I ever offered it for sale, caused me to have great faith in Rature's Remedy from the very Brst.

And now as I find myself nearing the age when I must how to the inevitable and go to another life, my greatest pleasure is to sit each day and read the letters that each mail brings from people as old or older than I, who tell of having used Nature's Remedy for ten, fifteen and twenty years, and how they and their children and grandchildren have been benefitted by it.

It is a consoling thought, my friends, for a man at my age to feel that aside from his own success, one has done something for his fellow man. My greatest satisfaction, my greatest happness today, is the knowledge that tonight more than one million people will take a Nature's Remedy (NR Tablet) and will be better, healthier, happier people for it. I hope you will be one of them.
