Tennis Club Is Proposed This Summer

Tennis fans in Alliance have often spoken of the fact that Alliance has only one tennis court and this at the high school, but nothing has been done to remedy this defect. Some of the fans have finally been stirred to action, however, and a plan has been advanced for the formation of an Alliance tennis club. This could be made a success if twelve or fifteen tennis fans would get busy and form a club with courts somewhere near town. The expense of this would not exceed \$10 per member, and with \$150 two courts could be built that would be suitable for tournament play. There are several suitable sites for a tennis court at least one of which is sufficiently close in to be really desirable. Alliance should have some tennis players who should show up well and it may be possible that Alliance would carry off honors in the western Nebraska tournament. Let's see the tennis fans rally round. Drop into The Herald office and talk it over anyway.

Alliance Wallops Gordon In Second Round at Tournament

The first reports from the Chadron tournament have come in. Alliance having defeated Gordon in the second round. Alliance was not forced to play in the first round as they drew a bye. Only ten teams were entered, Chadron High defeated Rushville, Chadron Normal High defeated Antioch, and Gordon defeated Long Pine. Alliance plays Normal High in the semi-finals, and should not have much difficulty in taking them to a trimming. It would seem likely that the finalists will be the same as last year, Alliance and Chadron High, and also likely that Alliance should again cop the cup, as they have already twice defeated Chadron High. The finals will be played this evening, and while Alliance should win, the result is by no means certain as Chadron has a fast team. Alliance should place two or three men on the all-tournament team. Last year Dailey and Joder received this honor.

Antioch played a splendid game with Hyannis scoring 8 to 7 in favor of Hyannis. Since coming home the star player has rectified the mistake and has proven conclusively that he is only 20 years of age and leaves with our unvanquished heroes for Chadron Wednesday for new fields to conquer.
