decision barring him from the prize, and she believes that if the ruling is to be reversed, it should be done by those who made it. Mr. Walker announces that he feels he should fight the matter to a finish. "I have had literally hundreds of people tell me that they believe I'm right," he said, "and I'm going ahead. If necessary, I will take the case to the courts. It has come to me that the claim is made that I would not insist on the matter if I were not going to leave the city. I have no intention of leaving Alliance. I own a home here, and expect to go into business for myself when I leave my present employment. I like the city, and its people, and there's nothing in any report that I'm putting up a scrap because I'm headed elsewhere and that I wouldn't do it if I were going to stay. For that's just what I'm going to do."

In the meantime, the Ford car is parked in state at the Coursey & Miller garage, awaiting its rightful owner, so soon as a final decision is made.

SUGGEST WILD WEST DAY FOR FOURTH (Continued from Page 1) urged to be present at that time. Mrs. S. W. Thompson and Mrs. C. L. Finch, both of whom were delegates at the Sixth district convention of the state federation of women's clubs at O'Neill, last week were present as guests. Mrs. Thompson gave a detailed account of the extending of the invitation for Alliance to the convention to hold next year's convention in this city, explaining that the telegrams sent by organizations from Alliance helped to create a very strong sentiment in favor of coming here next year and that the matter would be decided by the executive board. Seven other towns extended invitations also.

Mr. Bicknell also brought up the proposition of the buffalo at North Platte which have been offered to the city. The matter will be investigated further.

Oscar Almquist of Central City, who is to erect the new high school building, was present and was introduced, making a short and interesting talk. The secretary read a newspaper dispatch from Washington, published in the daily papers on Saturday, which stated that the Department of the Interior had recommended the continuation of the Alliance land office and the passage of the bills in congress introduced by Hitchcock and Kinkaid.
