## County League Games Sunday Should Be Close

The county baseball league should furnish some good games this Sunday, and there may also be some important changes in the standing. The Red Sox will play at Ash Grove in what should be a good game. These teams are in a tie for third place. Berea will mix with the Fairview aggregation at Fairview. This would seem to be another victory for the Berea team, which is leading the league, but as ever in baseball there is an element of uncertainty to be counted upon.

Marple will go to Snake Creek and should furnish some real competition. Pleasant Hill will try to pull out of the cellar position in their game with Lawn at Lawn. They will have a real job on their hands, however, and may have to postpone their victory. The Pleasant Hill team has not been far below the other teams but has as yet failed to win a game. Their luck should turn soon.

The games have all been well attended, the race seeming to attract a good deal of attention and toward the latter part of the season there is little doubt that even more people will attend.

## James Fowler Wins the High School Tennis Tournament

James Fowler won the high school singles championship, by defeating Robert Bicknell in the final in straight sets, 8-6, 6-3, 9-7. In the semi-finals Bicknell defeated Threlkeld, 6-2, 6-4, while Fowler defeated Morrow 6-4, 6-4. In the first round Fowler defeated Cross 6-4, 6-0, the last set being a shut-out, not 8-6, as stated Tuesday.

Some tennis was displayed in the final round, the first and last sets going to deuce several times before they were decided. Daily, last year's champion, was eliminated by Bicknell in the first round.

## Tennis Club Meeting Sunday Afternoon at the Herald Office

There will be a meeting of all members of the tennis club at The Herald office at 3 p. m. Sunday afternoon for the purpose of discussing matters pertaining to rules and regulations for the use of the court, and also to discuss a rating system for all the members. There has been some doubt as to the rules for the use of the courts and other matters which makes it necessary for the members to get together. As this will be a very important meeting all members are requested to be present and to be on time.

## Colored Monarchs Lose to Bridgeport Sunday Afternoon

The Alliance Monarchs, a local colored baseball team, journeyed to Bridgeport last Sunday and battled with the Bridgeport baseball team, emerging from the conflict on the short end of a 17-10 score. The Monarchs are highly complimented by the Bridgeport News-Blade and from all reports must have a real team. The Monarchs carried their opponents along and held down the score well until late in the game, when the Bridgeport pastimers began slamming three-base hits and home runs, in a manner that completely upset the Monarchs plans. The Monarchs have a fast aggregation that will make most teams step.

## Harry Greb May Be Matched With Georges Carpentier

Harry Greb, the bouncing Pittsburger, won the light-heavyweight championship of America by handing a whipping to Gene Tunney in New York Tuesday night. Greb fought his usual battle, covering his opponent with a whirlwind of punches, none of which had enough steam to do any great destruction. They were stiff enough, however, to cut Tunney to ribbons, and to gain Greb a decision. Tunney has often been called the product of clever managing, but the man who directs his affairs erred sadly in matching him against a fighter of the type of Greb. Greb didn't hurt him particularly, and probably couldn't have knocked him out in 25 rounds, but he hit him often, and thus gained the decision. Ribbons learned the same thing from past experience. Greb refused to stay still long enough for Tom to land a knockout punch, and spoiled the St. Paul heavyweights' championship aspirations.

Greb may now be matched against Carpentier. Some promoter with a sense of humor also suggested matching him with Dempsey. Greb's style of battle leads one to believe that he would last but a short time with a really first class man, who would make through his storm of taps and knock him over the ropes. Carp, however, should be no desire could probably match Greb's speed, and outbox the little Pittsburger. Greb has spoiled so much sure-thing hope that it may be hard to tell just what he will do.

## Ranking System May Be Installed At Tennis Club

A ranking system may soon be installed at the Alliance tennis club. The system contemplated has been used a number of other places with the most satisfactory results. All of the members of the club will draw for numbers, in this case numbers 1 to 20 as there are twenty members in the club. The first draw will of course be only for the purpose of getting the system started. Then should the man who drew number 20 wish to raise his standing he would challenge 19, and if he should defeat him he would earn the right to challenge number 18 and so forth until he was either defeated or had reached number 1, or the highest ranking of the club. This would not only give a definite line on the ability of the players but would stir up competition and give more interest to the players than the exercise and sport of playing friendly matches alone.

## Where the Trouble Lies

More often than you would suspect the ailment that troubles you such as headaches and nerve trouble are not local but originate in the spine.

If you could realize how delicately your spine is constructed, you would understand that the slightest dislocation would affect some one of your many nerves.

It is far better for you to consult a Chiropractor now than to wait until your ailment should become chronic.
