ANNOUNCEMENT.

Commissioner, Third District. I hereby announce my candidacy for the office of county commissioner in the Third district of Box Butte county, Nebraska, subject to the approval of the democratic voters at the primaries, July 18, 1922. I am a good roads enthusiast, and I know conditions in the county thoroughly. I believe in being guided by the will of the majority in all matters of road location. I pledge my best efforts for a business-like administration of county affairs, and have but one other plank in my platform—equality and justice for all. J. R. LAWRENCE.

ELLSWORTH.

Miss Ruth Croft has been visiting at her home near Spade since the closing of school here Friday. Miss Croft left Thursday for Antioch for teachers' examination preparing to attend normal at Chadron, June 5.

A dance was held at Strausburger's in the Spade country last Saturday night. Many from the sand hills attended and report a most enjoyable evening.

Mrs. Anna Bennett, Mrs. William Steele, Miss Mary Arms and James Hill motored to Alliance Wednesday morning returning late the same evening, having the misfortune of the "weary tourist," a blowout, just five miles from town.

C. L. Murphy, W. F. Seeborn, and Mr. and Mrs. J. L. Young were Alliance passengers Wednesday returning that evening in a car owned by J. L. Young.

Mr. and Mrs. D. W. Cahill, parents of Mrs. Walter Wightman, arrived from Omaha Thursday morning by the overland route bringing out a Ford touring car for Mr. and Mrs. Wightman. Mr. Cahill reports the roads in fair shape except that they encountered a heavy rain this side of Grand Island and were somewhat delayed making the trip in about four days. The Potash highway route was taken out of Grand Island.

P. E. Law, A. Moore, Mr. and Mrs. J. L. Young were Alliance visitors Saturday.

Mrs. Albert Arms and daughter were Whitman passengers Thursday going there to make their home upon a homestead about thirty miles north of Whitman. Mr. Arms has been in Whitman the past month getting affairs in shape at the ranch.

James Hill has been assisting with the work at the W. F. Seeborn ranch the past few days. Mr. Seeborn, L. F. Dunn and others are busily engaged in the spud planting game. A shortage of potato planters in this vicinity has slowed up the work but it is now progressing nicely. Mr. Dunn will have over ten acres of potatoes in this season.

Mrs. C. Clark and children visited friends at their former home in Broken Bow Sunday returning here Wednesday afternoon.

A Burlington extra gang laying steel worked out of here two days last week moving on to Ashby Thursday morning planning to return here in about a week remaining for the summer for the completion of track work. The force is under N. A. Drake formerly of Mullen.

Mrs. Herman Dabler who was operated upon for appendicitis at the Alliance hospital last Saturday is now nicely on the road to recovery. Mrs. Ralph Shrewsbury was also operated upon for appendicitis about two weeks previous and at latest reports she was doing nicely.

E. J. Schonard finished moving his household goods to the Charles Baird ranch fourteen miles north of here the first of the week. John Schonard and family will also live upon the place for a short time until the homestead near there is occupied. The Schonards are moving out to the Baird place this week.

The last week of excellent weather has caused an epidemic of house cleaning in this vicinity, the homes of W. Wightman, J. B. Kennedy, P. E. Law and others have been inside repainted, varnished and kalsomined.

Wilbur Merritt who was called to Chadron by the death of a brother, Fred, in an auto accident May 7, returned last Sunday. It seems that the latest developments in the case have disclosed the fact that the death of Mr. Merritt was not entirely accidental. One of two men riding with Mr. Merritt at the time of the accident was located with a diamond ring and other valuables belonging to Mr. Merritt and after a speedy trial the man was sentenced to a one to seven year term in the state prison. The case is still being investigated and it is expected that other things will develop in the future.

Miss Myrtle Arms had charge of the postoffice Wednesday in the absence of Postmaster W. F. Seeborn who made a short business trip to Alliance.

P. E. Law was a business visitor to Hyannis Wednesday evening returning Thursday morning.

Martin Rochford, a prominent rancher six miles south of here, has a public sale advertised at his place for Wednesday, June 7. The Rochford's plan on locating in Canada soon. Mr. Rochford being advised that the change in climate will benefit him with the rheumatism with which Mr. Rochford has been suffering greatly the past few years. A list of the sale articles will appear later in the columns of this paper, also see sale bills.

Marvin Ellsbury of Alliance visited in this vicinity Tuesday evening, driving down in a Ford speedster which Marvin recently purchased in Alliance.

The home team was victorious in the baseball game at Bingham Sunday evening on the Binghamites to the tune of 18 to 9. Burton for Bingham twirled a very good game striking out 8 men while Schonard in the box for Ellsworth struck out 9 men and was given better support than Burton by his team mates, four errors being marked against Ellsworth while Bingham was charged with eight.

Snappy fielding on the part of both teams made the game more interesting, three double plays being made by Ellsworth in the game. John Mason and D. Landrigen umpired the game while scorekeeper C. L. Murphy was almost overworked. The fast Whitman team plays here next Sunday, May 28, and as the services of our last year's twirler, E. V. Black, of Alliance have been engaged for that game and possibly for the remainder of the season, we have strong hopes of again defeating the Whitman aggregation as that bunch still has it on us bad from last season with three games won and losing one to us, the last of the season. Black pitched that last game of the season and defeated the Whitmanites 9 to 4 and we have a hunch that he will repeat. He says so, so come on let's go, Sunday at the Ellsworth ball park, promptly at 2 p. m. Whitman's battery, Maupin and Carpenter, needs no introduction to sandhill fans, and of course we all know what Black and Seeborn can do. Some excellent batting was done by the Ellsworth club in the Bingham

BINGHAM.

Ed Beam, formerly of Bingham, now of Omaha, was visiting the R. R. Kinkaid and L. E. Ballenger families last week.

Mr. and Mrs. L. R. Shafenberg are the parents of a new girl, born May 8. Stewart Shelly did the post office work for the past two weeks in the absence of the regular postmaster.

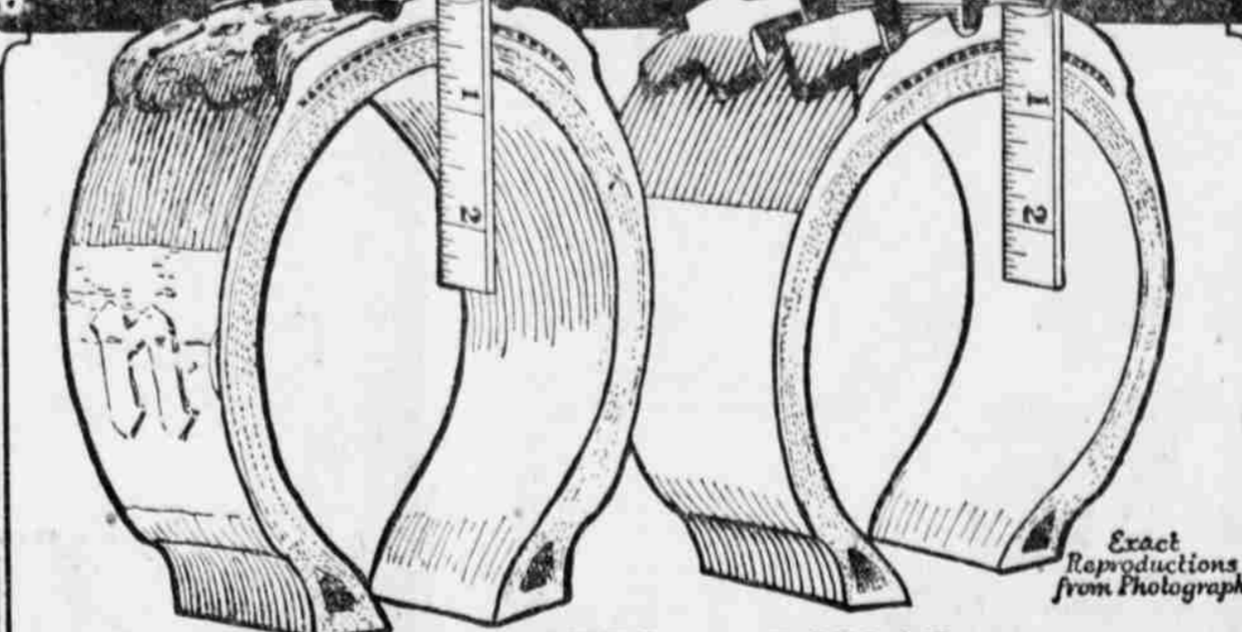

Mr. G. M. Gilbaugh went to the home of his daughter, Mrs. Roy Wiley last week. If his health permits he expects to spend the summer in the country.

E. L. Powles and family, Mr. and Mrs. Edmondson and Vincent Edmondson of Lyndon, Kan., were Sunday dinner guests at the E. C. Edmondson home.

The C. H. Anderson family motored to Alliance Sunday. Mrs. Anderson is under the care of a physician, and is only slightly improved.

Friday marks the close of another school year. The Ashby school, which closes on the same date, will come to Bingham and join in the festivities here. In the afternoon a ball game between the two high school teams will be played at the ball ground east of town. In the evening the annual high school play entitled "Deacon

20,994 MILES AND TREAD ONLY 1/3 WORN

MOST MILES per DOLLAR Firestone CORD TIRES

The tire section above at the left shows the condition of a Firestone 33x4 1/2 Cord Tire after 20,994 miles on a Yellow Cab in Chicago.

The section at the right was cut from a new Cord of the same size. Careful measurements show that only 1/3 of the tread of the tire on the Yellow Cab has been worn away after this long, grueling test. The carcass is intact after more than 11,000,000 revolutions.

Firestone Cords have averaged over 10,000 miles on Chicago Yellow Cabs (1,200 cabs all Firestone equipped). In thousands of instances, they have given from 15,000 to 30,000 miles.

Look at the tread—scientifically angled against skid, massive

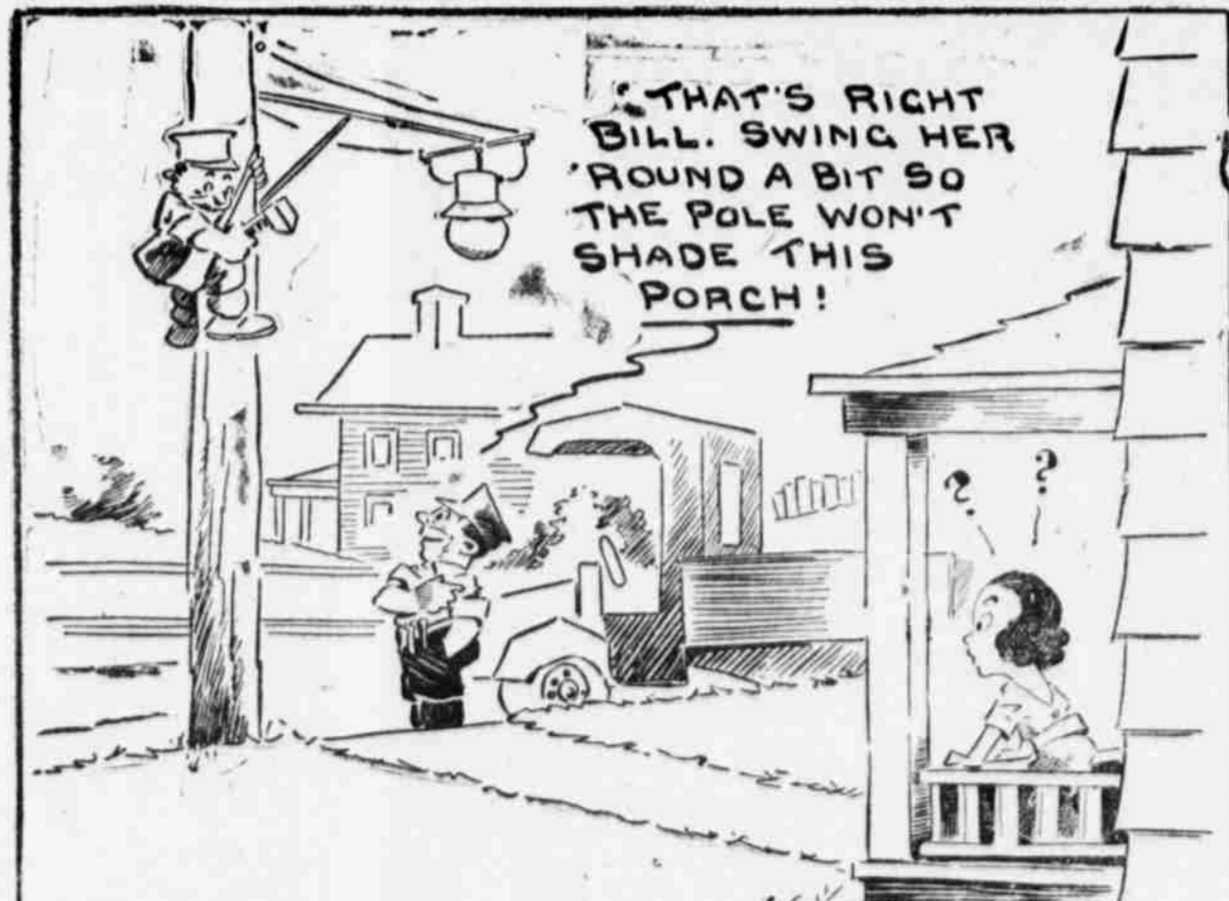

and heavy in the center where the wear comes, tapered at the edges to make steering easy and to protect the carcass against destructive hinging action of high tread edges. The carcass is air bag expanded to insure uniform tension and paralleling of every individual cord. It is double "gum dipped" to make sure that each cord is thoroughly insulated with rubber.

This is the reason why Firestone Cords unfailingly deliver extraordinary mileage. It explains the unanimous demand of thoughtful tire buyers for these values. The local Firestone dealer will continue to provide the personal service that makes Firestone tire comfort and economy complete.

THAT'S RIGHT BILL, SWING HER 'ROUND A BIT SO THE POLE WON'T SHADE THIS PORCH! THE YOUNG FOREMAN OF THE ELECTRIC LIGHT CONSTRUCTION GANG HAS BEEN ORDERED TO PLACE A LIGHT IN FRONT OF THE HOUSE OF THE GIRL WHO HAD JUST 'DITCHED' HIM FOR AN AUTO SALESMAN -

Dubbs" will be given by the local high school. This promises to be the best play ever given by the school. Each character is well adapted to their part and a great deal of work has been done to prepare the play. Everyone welcome.

Hugh Beal of Alliance shipped in a car of seed potatoes Monday. It is expected that there will be an acreage of between two and three hundred this year. These potatoes are being dipped and will be shipped to the southern market for seed potatoes. Mr. Beal will put in a warehouse here of forty car capacity and will ship only certified potatoes. Quite a number will raise cabbage for shipping this season. This is practically a new industry for the hills country, and has proved profitable in other places, and will surely make a winner here.

Look out for wedding bells in June. It looks as if they might ring more than once. The fixing of our streets with alkali mud is the biggest improvement in the way of road work ever made here. It will now be possible to get through in any kind of weather.

H. J. Marr has sold out his ranch, including all stock and machinery to A. J. Abbot of Hyannis. Mr. Marr has no definite plans for the future. It is expected they will leave the hills for a time at least.

Grover Cameron, Mrs. John Redig and her daughter, Margaret, spent last week with Mr. Cameron's parents in Torrington, Wyo.

Mr. and Mrs. Charles Gilbaugh are guests in the homes of their brothers, Walter and Frank Gilbaugh.

Mrs. I. L. Acheson and children are expected home from University Place next Saturday. They left here at the beginning of the school year last fall, and have been greatly missed. Mr. Acheson is about the happiest man we have seen in a long time.

A new cement walk is being put in in front of the bank. This is the first of its kind.

The ball game here Sunday between Ellsworth and Bingham proved a real frost for the Bingham team. Ellsworth appears to be too much for us this season.

The church presents a neat appearance in its new coat of paint. The interior has been painted and all the woodwork and furniture varnished, the floor has been oiled. Last Sunday was the first time the church was used since the work started. Everyone is well pleased with the effect.
