ANNOUNCEMENT.

Commissioner, Third District. I hereby announce my candidacy for the office of county commissioner in the Third District of Box Butte county, Nebraska, subject to the approval of the democratic voters at the primaries, July 18, 1922. I am a good roads enthusiast, and I know conditions in the county thoroughly. I believe in being guided by the will of the majority in all matters of road location. I pledge my best efforts for a business-like administration of county affairs, and have but one other plank in my platform—equality and justice for all. J. R. LAWRENCE.

ANNOUNCEMENT.

I hereby announce my candidacy for the nomination for county treasurer, subject to the will of the republican voters at the primaries, July 18. I am at present deputy county treasurer, familiar with the work, and if elected will devote every effort toward filling the office in a competent and efficient way. Your support is respectfully solicited. MRS. NELLIE WILSON.

ANNOUNCEMENT

I announce myself as republican candidate for nomination of County Treasurer of Box Butte county. Four years ago I served as Deputy Treasurer, until the law was passed, "that relatives could not work for relatives," which forced me out. I think I am entitled to the treasurer's office, and if elected, I will do the very best possible to fill it intelligently and save money for the tax payers. I will be very grateful to all voters who will support me at the primaries July 18, 1922. 551f MRS. CORA M. LEWIS

AT THE AERIAL MEET—1923

Air squadrons A and B were having a desperately contested meet, the issue depending upon the very latest event. As this concluded, the members of squadron B burst into tremendous cheer and dashed for town to celebrate the victory. One of them was halted by a curious pedestrian. "Win the meet?" he asked. "I'll say so," cried the flyer hilariously. "Very last thing on the program. Private Fishback broke the time record for the ten-thousand feet parachute drop." "That's fine. What was his time? Isn't he very much elated?" "Bout six seconds. No-o-o, you couldn't hardly say he's elated—not just now. You see, his parachute wouldn't open."

LEGAL NOTICE.

In the Matter of the Estate of Charles E. Hershman, Deceased. In the County Court of Box Butte County, Nebraska. Now on this 8th day of June, 1922, comes The Guardian Trust Company of Alliance, Box Butte County, Nebraska, administrator with the will annexed of the estate of Charles E. (Signed) IRA E. TASH, County Judge. Mitchell & Gantz, Attorneys. June 6-June 7.

ANTIOCH.

As the regular club year is over the meeting of the Antioch women's progressive club was very informal. All regular orders were dispensed with. Miss Louise Wilson gave two piano evenings. Mrs. Campbell, Mrs. Osmond, Mrs. Dentler and Mrs. Brown gave readings. All joined in singing several old songs after which followed a general social time. Mrs. Fording, Mrs. Dentler, Mrs. Lillian Wilson and Mrs. Otto Smith served lunch.

Dr. Moore took Mrs. Douglas, Miss Lola Porter and Miss Corine Moore to Chadron Saturday, where they will attend normal.

Miss Zilma Smith left for her home in Wyoming. Miss Mary Brown accompanied her. She will spend the summer there.

Russell Douglas left for Mitchell where he will visit his grandmother during vacation.

Miss Floy Porter and Louis Douglas were married in Alliance Saturday evening. The young people will make their home on a ranch south of Antioch for the present.

Miss Margaret Clingaman was a passenger Sunday noon for Chadron, where she will attend normal.

The students from all the northwest will be at Chadron this summer. Six young people from Seneca passed through on their way to the normal Monday noon.

A number of Antioch men attended the Martin Rochford sale Wednesday.

Union Liable for Property Damage During a Strike

WASHINGTON, D. C.—The United States supreme court recently decided that labor organizations are liable to be sued in their associate names in the event of injury to property during strikes originated by the unions, says the Lincoln Star.

The decision, one of the most important affecting labor organizations which has been rendered in years was handed down in the case of the United Mine Workers of America against the Coronado coal company of Arkansas.

The opinion was read by Chief Justice Taft, who sustained the decision of the circuit court of appeals in Arkansas, which held that labor unions could be sued and that the complaint of the Coronado Coal company for damages for injuries to property during a strike at the company's mines brought the union within the provisions of the Sherman anti-trust law and entitled the company to recover treble damages.

The judgement against the United Mine workers was for \$427,820.

ELLSWORTH.

Many from this section attended the sale at the Martin Rochford place south of town Wednesday. It was reported that all articles and livestock with the exception of the horses sold at a very good price, although considering the present horse market they too, probably were turned to better advantage than if shipped to horse auctions. Mr. Rochford plans to leave in a short time for Edmonton, Alberta, Canada, looking for a location and will probably make his home in or near there if conditions are as expected there.

Mr. and Mrs. W. F. Seebohm, married in Hyannis last Monday are expected home the latter part of this week from this honeymoon trip. Mr. Seebohm will not return to work at the store for another week having some work to complete at the winter ranch which he has leased.

C. C. Jameson was an Alliance passenger Thursday.

Mrs. Anna Bennett had the misfortune of tearing the universal gears out of her Ford car last Sunday. Repairs came down from Alliance Tuesday and the car was repaired by a local mechanic Wednesday morning. Mrs. Bennett and others motoring on into Alliance Wednesday afternoon returning that evening.

Boosters for the Stockmen's convention at Hyannis next Thursday and Friday and Saturday are trying to arrange for a special train from Alliance to Hyannis for those days, the train to leave Alliance early in the morning making the return trip each night to leave Hyannis around 10 p. m. The train will make local stops and it is thought that many would be accommodated at the convention in this manner that would otherwise not attend. The railroad officials promise to give us definite information regarding this train in the near future.

The Pawlet ranch south of here recently received another small shipment of southern cattle which were unloaded from the Lakeside station.

Through an error Bingham and Ellsworth both have ball games scheduled for this Sunday, Bingham meeting the fast Whitman team at Bingham while Ellsworth has a game with Ashby here. In the future the managements of the two teams will arrange to have home games on off dates for the two towns as many fans living between the two towns may be accommodated at the games attending while if the game was to be played away from home many of the fans would not plan to attend. Joe Maupin is with the Ashby team as well as several others of the old Ashby team which cleaned up two years ago, the Ashby team suffering only one defeat that season and it is expected that they will give the locals a run for their money. The game will be called at 2 p. m. The following Sunday the Ellsworth team plays a return game at Ashby.

Division Engineer A. M. Gaddis and others were expected here the first of the week for laying out the Potash highway between Lakeside and Bingham but at this writing the party had not yet made their appearance and word was received that the trip was postponed until Friday.

Tourist travel has slightly picked up on the Potash highway through here. A party counting the cars stated that twenty-five cars of tourists passed through here one day last week.

Mr. and Mrs. J. L. Young motored to Hyannis Tuesday evening being initiated into the order of the Eastern Star there that evening returning home Wednesday afternoon. Mr. and Mrs. M. L. Kincaid of Bingham and Mr. and Mrs. Frank Thurston of Ashby also motored down in the party. The roads are now in very good shape being the best in the history of the Potash highway between Ellsworth and Hyannis although about a mile of the highway just east of Ashby is being graded but will soon be in good shape.

Harry Merritt is assisting with the repairing of several water tanks just north of town owned by the Richards & Comstock Cattle company. Two of the three tanks are being repaired while one new one will be erected.

Everyone

should spend at least one vacation in "The Land of Wonders"—Yellowstone Park—and see sights and scenes the like of which do not exist elsewhere. By the way, this is the Golden Anniversary of Yellowstone—President U. S. Grant signed the act of dedication of Yellowstone "For the Enjoyment and Benefit of the People," on March 1, 1872.

Briefly, the attractions are—an incomparable climate, wild animals of numerous species living their natural life (Yellowstone is the largest wild game preserve in the world); magnificent forests; wild flowers of brilliant hues, in great variety and profusion lakes, rivers, waterfalls (the Great Fall is almost twice as high as Niagara), innumerable rivers and creeks; geysers, mud volcanoes, hot and mineral springs, exquisitely colored pools; mountains and canyons; wonderful hotels, bungalow camps, an automobile ride that has no counterpart in all the world, and—the Cody Road. If you don't see the Cody Road through the Buffalo Bill Country you don't see Yellowstone.

Why not go this year? Take the family! Decide when, then let me make your reservations so you will be sure of accommodations. Ask me how to include Colorado without added rail cost.
