ANNOUNCEMENT.

Commissioner, Third District.

I hereby announce my candidacy for the office of county commissioner in the Third district of Box Butte county, Nebraska, subject to the approval of the democratic voters at the primaries, July 18, 1922.

I am a good roads enthusiast, and I know conditions in the county thoroughly. I believe in being guided by the will of the majority in all matters of road location. I pledge my best efforts for a business-like administration of county affairs, and have but one other plank in my platform—equality and justice for all.

J. R. LAWRENCE.

ANNOUNCEMENT.

I hereby announce my candidacy for the nomination for county treasurer, subject to the will of the republican voters at the primaries, July 18. I am at present deputy county treasurer, familiar with the work, and if elected will devote every effort toward filling the office in a competent and efficient way. Your support is respectfully solicited.

MRS. NELLIE WILSON.

ANNOUNCEMENT.

County Superintendent.

I hereby announce my candidacy for the nomination for County Superintendent of Schools of Box Butte county, Nebraska, subject to the will of the voters at the primaries, July 18.

OPAL RUSSELL.

ANNOUNCEMENT.

County Sheriff.

I hereby announce my candidacy for the democratic nomination for sheriff of Box Butte county, Nebraska, subject to the will of the democratic voters at the primaries, July 18. Your support is cordially solicited.

CAL COX.

Crop Report Shows Prospect sare Better Than the Average

Winter wheat compares favorably with the past three year average. Spring wheat and barley acreages are increased heavily and the condition is very good. The acreage of oats is decreased slightly and the condition of hay is below the average. All fruit crops are very promising. This is the summary of the monthly crop report released by A. E. Anderson, federal statistician and Leo Stang, secretary, Nebraska department of agriculture.

The condition of winter wheat is 79 per cent last month and 75 per cent a year ago this date. The present condition forecasts a crop of 54,984,000 bushels as compared to the final estimate of 57,559,000 bushels last year. The average of the past three years is 56,892,000 bushels. The present crop grew under adverse soil and conditions until the latter part of May. This resulted not only in a large abandonment, but also thin stands in considerable of the crop that was left for harvest. The basis are of average 75% and the straw has attained good length since the rains in May. Many fields appear better than they really are when one examines the stand carefully.

Spring wheat acreage shows an increase of 40 per cent due largely to seeding the crop in abandoned winter wheat fields in west central Nebraska and some in central and southwest sections. The preliminary estimate is 287,000 acres compared to 205,000 acres last year. The high condition of 84 per cent indicates a crop of 3,375,000 bushels. The forecast of all wheat is 58,359,000 bushels as compared to 56,875,000 bushels last year.

The preliminary estimate of acreage of oats is 2,507,000 acres as compared to 2,350,000 acres last year. The present condition of 84 per cent forecasts a crop of 70,547,000 bushels compared to 70,054,000 bushels last year. The crop was planted later than usual and slightly injured by dry weather and the chances for a good crop are reduced accordingly.

The acreage of barley was increased 35 per cent due to extensive planting upon abandoned winter wheat fields in central and western Nebraska. The preliminary estimate is 239,000 acres compared to 199,000 acres last year. The present high condition of 90 per cent indicates a crop of 6,410,000 bushels compared to 4,915,000 bushels last year.

Rye has improved some since the rains of the latter part of May but can not recover fully from the previous damage. The condition of 83 per cent forecasts 1,938,000 bushels. Last year's crop was 1,714,000 bushels. All hay conditions is 88 per cent compared to 89 per cent last year. The lack of moisture checked the growth of wild hay and also tame hay, particularly in north central and northern counties. Alfalfa yields vary but are about the average.

All fruit crops are very promising. The condition of apples is 90 per cent; pears, 89 per cent; blackberries and raspberries 91 per cent and peaches 98 per cent. The set of fruit of part of the trees is extra heavy.

The number of bearing fruit trees has been reduced very heavily during the past decade. In 1920 there were 1,469,998 bearing fruit trees as compared to 5,061,984 trees in 1910. Fungous diseases, insects, drought, severe winters and lack of care are responsible for heavy losses. A comparison of the present number of fruit trees with the number ten years ago is as follows: apples, 32 per cent; peaches, 50 per cent; pears, 61 per cent; plums, 24 per cent; cherries, 58 per cent; grape vines, 35 per cent; acreage of all small fruits, 81 per cent.

The condition of sugar beets is 88 per cent. High winds did some damage to the crop. The acreage is less than it was last year. The condition of minor crops are as follows: cabbage, 90 per cent; onions, 91 per cent; beans, 95 per cent; watermelons; 90 per cent; muskmelons and cantaloupes, 88 per cent.

Estimates of important crops for the United States are as follows: Winter wheat, 607,333,000 bushels and 587,032,000 bushels last year. Spring wheat, 18,639,000 acres and 247,175,000 bushels as compared to 19,706,000 acres and 207,861,000 bushels last year. Oats, 41,822,000 acres and 1,304,664,000 bushels as compared to 44,226,000 acres and 1,060,737,000 bush-

els last year. Barley, 7,550,000 acres and 191,246,000 bushels as compared to 7,240,000 acres and 151,181,000 bushels last year. Rye, 800,815,000 bushels and 57,918,000 bushels a year ago. All hay, 106,099,000 tons and 98,502,000 tons last year. Apples, 179,810,000 bushels and 98,097,000 bushels a year ago.

MARKETS

LIVESTOCK

LINCOLN, Neb., June 12—CATTLE—Receipts of cattle at the seven principal markets were fairly steady with good demand. Nearly all classes showed a gain of 25¢ to 50¢ on the Omaha market over a week ago, medium and heavy beef steers showing greatest gain. Beef cows and heifers were in good demand, gaining all the loss of a week ago. Veals were about steady with a week ago and canners and cutters showed a gain of 25¢.

HOGS—The Omaha market showed a steady advance early in the week but a duller market was in evidence, beginning Thursday. All classes showed a gain of 15¢ to 25¢ over the market a week ago. Packing cases showed a strong demand over last week, the better grades selling Thursday at 29.75.

SHEEP—Heavy receipts of sheep at the seven principal markets resulted in lower prices. The greatest decline was shown on yearlings and wethers. Fat ewes showed a gain of 6¢ over a week ago and feeding lambs a gain of 15¢ to 20¢.

GRAIN

WHEAT—Wheat market continued on a downward trend. Chicago July wheat declining 4½¢, closing Tuesday at \$1.12 but began a recovery on Wednesday, closing Friday at \$1.13. Liquidation in futures and selling by holders of cash wheat accepted on May contracts, together with slow export demand and lower foreign markets were the depressing influences. Visible wheat, 25,341,000 bushels, showing an increase of 599,000 bushels for the week. Wheat and flour ocean passage last week was 54,100,000 compared to 75,392,000 same period last year.

CORN—Corn market showed weakness in sympathy with wheat the forepart of the week, declining about 2¢, but began to recover later. Visible supply, 27,046,000 bushels, showing a decrease of 871,000 bushels.

POTATOES

The decrease in the carlot shipments of potatoes has caused a sudden advance in the price. South Carolina and Georgia Irish cobbler advanced \$1.50 per barrel, setting on the northern markets strong at \$6.00 @ 7.25. Bliss Triumphs firm at \$3.25 @ 4.25 cwt. Old stock also made an advance of 50¢ to 75¢ cwt. Northern round whites selling in Chicago at \$2.15 @ 2.40 cwt., and Maine white stock on Eastern markets at \$1.85 @ 2.00 cwt. Carlot shipments of new potatoes are still 3,000 cars in excess of the shipments on the same date last year. Carlot shipments of the 1921 crop has reached a total of 234,000.

DAIRY

Increase in receipts of butter had a bearish effect on the market, causing a decline the forepart of the week, but recovered later. Increase buying for storage had some effect in steadying the market, although most storage firms are holding off, feeling that the price is too high to warrant buying for storage. About 8,000,000 pounds less in storage in the four principal cities than same date last year. 92 score sold on Chicago market at 34¢ @ 35¢ cwt. Local price 20¢.

POULTRY

EGGS—The egg market has remained fairly steady under uniformly steady receipts. About 60 per cent of the receipts are held into storage. Fresh markets have gone on the Chicago market at 23¢ @ 24¢. Local price, 18¢.

DRESSED POULTRY—Receipts of dressed poultry since January 1, in all four principal markets were about 8,000,000 pounds greater than for same period last year. Local prices: Broilers, 20¢; Hens (heavy) 18¢, (light) 16¢; Old roosters, 8¢.

LEGAL NOTICE.

In the Matter of the Estate of Charles E. Herlman, Deceased.

In the County Court of Box Butte County, Nebraska.

Now on this 6th day of June, 1922, comes The Guardian Trust Company of Alliance, Box Butte County, Nebraska, administrator with the will annexed of the estate of Charles E. Herlman, deceased, and files its final account as such administrator and also files a petition for distribution and assignment of the residue of said estate now in its possession to the persons entitled by law to receive same.

It is therefore ordered that the 20th day of June, 1922, at ten o'clock, A. M., at my office in the court house of Box Butte County, Nebraska, at Alliance, Box Butte County, Nebraska, be fixed as the time and place for hearing, examining and allowing said account and hearing and considering said petition for distribution and assignment of the residue of said estate. And the heirs of said Charles E. Herlman, deceased, and all persons interested in said estate, are required to appear at the time and place so designated and show cause, if such exists, why said account should not be allowed as the residue of said estate distributed.

It is further ordered that said The Guardian Trust Company of Alliance, Box Butte County, Nebraska, administrator with the will annexed, give notice to all persons interested in said estate by causing a copy of this order to be published in The Alliance Herald, a newspaper printed and published at Alliance, Box Butte County, Nebraska, and circulating in said county, three successive weeks prior to the day set for said hearing.

(Signed) IRA E. TASH, County Judge.

(Seal) Mitchell & Gantz, Attorneys.

ANNOUNCEMENT

I announce myself as republican candidate for nomination of County Treasurer of Box Butte county.

Four years ago I served as Deputy Treasurer, until the law was passed, "that relatives could not work for relatives," which forced me out.

I think I am entitled to the treasurer's office, and if elected, I will do the very best possible to fill it intelligently and save money for the tax payers.

I will be very grateful to all voters who will support me at the primaries July 18, 1922.

MRS. CORA M. LEWIS.

LET ME CURE YOUR PILES THAT QUICK!

I can cure your Piles (Fistula, Fissure and other Diseases of the Rectum—except cancer—a short time longer) by an original, painless, dissolvent method of my own, without chloroform, ether or knife, and without danger whatever to the patient. My treatment is so successful that I have built up the largest practice in this line between Omaha and Denver. My treatment is no experiment. It is the most successful method ever discovered for the treatment of Diseases of the Rectum. I have cured many cases where the knife had failed and many other cases that had been treated for months and years in vain. I guarantee a cure in every case I accept or make no charge for my services. My method of curing Piles and other Rectal Diseases, as well as Rupture, was laughed at twenty years ago, but today I can point with pride to all of those who have believed in me and have come to Grand Island to get cured. If you are suffering with some form of Rectal Trouble or Rupture, write to me today, telling all about your trouble, and let me tell you how easy it is to get cured. Be sure to use the free information coupon when you write to me.

No longer is it necessary for you to spend three or four weeks getting your piles cured. You can now be cured within five days, and be up and around all the time you are taking treatment.

Don't doubt this amazing truth! Send for free information today—also convincing proof that my method of curing Rectal troubles and Rupture should appeal to all those wishing to avoid a surgical operation with its attendant discomforts of dread and fear that causes so many sufferers to delay in seeking relief.

PILES CAUSE MANY DISEASES

—due to the constant drainage of even a mild case of piles on the sympathetic nervous system.

—You can pour all the medicine down your throat at that money can buy, or

—You can spend your last dollar at the world's best health resorts, or

—You can allow yourself to be all cut and slashed, yet—You will NEVER get rid of these troubles until your piles are cured.

DR. RICH, Pile and Rupture Specialist, Grand Island, Neb.

Please send me free, complete information regarding the method you use in curing Piles, Fistula, Fissure and other rectal diseases and rupture, without a severe surgical operation. (Mention which trouble you have when writing).

DR. RICH, Pile and Rupture Specialist, Grand Island, Neb.

I cure every case of Piles I treat by my mild serum treatment, or you need not pay me one cent.

Want to Feel Just Right? Take an NR Tonight

JUST TRY IT AND SEE how much better you feel in the morning. That "loggy" headachy, tired, don't-know-what's-the-matter feeling will be gone—you'll feel fine.

TROUBLE IS, your system is clogged with a lot of impurities that your overworked digestive and eliminative organs can't get rid of. Piles, oils, salts, calcium and ordinary laxatives, cathartics and purges only force the bowels and prod the liver.

Nature's Remedy (NR Tablets) acts on the stomach, liver, bowels and even kidneys, not forcing, but toning and strengthening these organs. The result is prompt relief and real, lasting benefit. Make the test.

Nature's Remedy will act promptly, thoroughly, yet so mildly, so gently, that you will think nature herself has come to the rescue and is doing the work.

And oh, what a relief! You'll be surprised to find how much better you feel—brighter, better every way.

If habitually or suddenly constipated, take one NR Tablet each night for a week. Then you'll not have to take medicine every day. Just an occasional NR Tablet, about that will be sufficient to keep your system in good condition—keep you feeling your best.
