ENTITLED TO GO

One day Mrs. James rushed into her husband's presence in a state of wild excitement and exclaimed: "Oh, John, Nora made a mistake and tried to start the fire with gasoline!" "Did she get it started?" calmly replied John.

"Did she get it started?" echoed the agonized Mrs. James. "It blew her right out of the kitchen window." "Oh, well, that's all right," replied the philosophic Mr. James. "It was her afternoon out, anyway."

Even if we saw a monster like the Plesiosaurs, we'd be afraid to say so for fear of arousing suspicion.—Brooklyn Eagle.

MARKETS

LIVESTOCK. LINCOLN, Neb., June 19.—CATTLE—The cattle market ruled steady to strong for the better quality of beef steers, but was weak for poorer grades. The market on beef steers reached the highest point of the year which fact seemed to have a tendency to dull the demand. Top of better grades ruled around \$9.00@9.25. Steers of choice beef cows selling up to \$7.25 and prime yearling heifers up to \$6.65. Beef bulls ranged steady to lower, selling from \$3.75@6.00. Veal calves declined 5c to \$2.60 from last week. Stocker and feeder supply continues scarce.

HOGS—Receipts of hogs on the seven principal markets were heavier than for same period last week. A weakness in the market developed on Monday with a decline of 10¢@15c, but began a recovery on Tuesday. Thursday, prices ruled about steady with some day last week. The demand for good and choice medium and lighter weight butchers was good throughout the week. Packing grades were steady with a week ago.

SHEEP—Narrow outlet for dressed lamb on eastern markets and a sharp decline in prices caused a weakened demand on the sheep market at a mid of the week. Prices declined \$2.00 on lambs. Spring lambs and clipped ted lambs ruled about \$1.50 lower than previous week. The demand for choice native lambs was good, selling from \$12.00@13.00. Red-top lambs declined during the week from 75c to \$1.50.

GRAIN. WHEAT—All wheats on Chicago board began a recovery on Tuesday on the 46c decline of Monday. Liquidation on Saturday seemed to be the prevailing factor causing the decline. The government estimate of 97,000 bushels given out on the 5th is not expected to be enlarged in future reports because of the advanced condition of the crop. Chicago July closed Monday at \$1.09 1/2 but reached \$1.12 1/2 on Wednesday but declined again on Thursday to \$1.09 3/8 with a reaction on Saturday to \$1.11. Visible supply, 25,800,000 bushels.

CORN—Chicago cash corn declined from 5 1/2 to 1 1/2c on Tuesday but reacted on Wednesday gaining 3c. September corn closed Saturday at 65 1/2c. Visible supply of corn was 30,319,000 bushels.

POTATOES. Shipments of early potatoes were 3,140 cars, an increase of nearly 1,000 cars over last week, and 1,450 cars of late potatoes. Early stock advanced around \$1.00 per bbl. on the northern markets. Irish cobbler sold at \$6.00 @7.50 per bbl. and Bliss Triumphs at \$2.75@3.75 per cwt. in middle western markets. Round whites advanced 35c on the Chicago market.

DAIRY. In the face of heavy receipts, the butter market has remained firm probably due to the low storage supplies. Reports from four principal markets show an increase in receipts since January 1 of 37,357 lbs. over same period last year and the storage stocks on the same markets show a decrease of 6,103,577 lbs. over that of same date last year. 93 score sold on the Chicago market at 35¢@36¢.

POULTRY. EGGS—Egg receipts on the four principal markets since January 1 have been over three-quarters of a million cases more than for same period last year. Prices have remained steady this week. Fresh gathered firsts sold on the Chicago market at 22¢@22 1/2c. Local price, 18c. Receipts of dressed poultry on four markets since January 1 this year were 8,516,000 lbs. heavier than for same period last year. Local prices: Hens, (light) 16c; heavy, 15c. Broilers, 25c; Old roosters, 8c.

CATTLE HERDS TESTED. Under the co-operative plans, thirteen state and fourteen federal inspectors tested 1,300 herds, a total of 19,292 head of cattle during the month of May. Five hundred eight-three reactors were found and \$6,003.02 indemnity was paid. Twenty herds were added to the accredited list, making a total of 290 accredited herds. Work is now carried on in twenty-one counties, Douglas and Hall counties having been added during the month. The work in Clay and Washington counties has been practically completed. Some retests will be made of reacting herds. Agreements were signed up during the month to the number of 1,537.

POTATO INSPECTION. The Nebraska potato shipping season of 1921-22 closes showing 5,163 carlot inspections made by the bureau of markets. This is an increase of 2,232 over the number of inspections made last season. Judging from the present outlook, there will be a much larger crop this coming year. Reports indicate a 30 per cent increase in acreage over last year and to date the weather conditions have been ideal for potato production. The Kearney district will begin shipping about July 10.

Some changes have been made in the state potato grades to make them conform to the Federal grades. A new grade called "U. S. No. 1 Small" has been added. This grade shall consist of potatoes ranging in size from 1 1/2 to 1 3/4 inches in diameter but meeting all other requirements of "U. S. No. 1". An allowance of 25 per cent out side of the prescribed size but not over 5 per cent under-size is permitted. The grade "Early Nebraska" may be used for carlot shipments only during July and August. Hollow heart and badly misshapen tubers have been classed as defects in all grades except "U. S. No. 2" and "Early Nebraska."

ELLSWORTH.

John Schomard of the north county was in Thursday and Friday hauling out supplies, also making repairs upon a car owned by Martin Rochford. The car is being overhauled preparatory to the trip to Canada, Mr. Rochford and son, William, planning to drive through leaving the latter part of this month.

W. E. Seelohm, manager of the Ellsworth Supply company store returned to work Friday morning after a two weeks' vacation. Mr. Seelohm's place in the store was taken by T. V. Guzman formerly of the Lakeside Mercantile company.

S. E. Stewart left Saturday for a short vacation planning to visit at Thermopis, Wyo., and other points. Mr. Stewart was relieved at the depot by S. Johnson who worked here a number of years ago. Mr. and Mrs. Johnson arrived Friday for a few days to the shortage of operators. Mr. Johnson consented to relieve Mr. Stewart while here. Mr. Johnson is employed by the Burlington and is stationed at Norton, Kas.

South of the depot recently vacated by John Schomard and occupied by Mr. and Mrs. J. L. Young will occupy the house, while Dick Longeneck, local truck worker will occupy the A. Moore house when vacated by Mr. and Mrs. J. L. Young.

Mrs. J. H. Wehr was a west bound passenger Friday going to visit friends and relatives near Heringford.

Among those who attended the Stockmen's convention at Hyanis were Mr. and Mrs. T. B. Shrewsbury, Mr. and Mrs. Ralph Shrewsbury, A. Moore, C. C. Jameson and C. L. Murphy. The Shrewsbury's motored down Friday evening the same evening while the others went down by train returning on train 41 Saturday morning, which made local stops between Hyanis and Alliance to return the Hyanis visitors. All present reported that a very nice celebration was made out of the affair and all had a good time.

Mrs. Jessie Schafenberg, proprietor of the Ellsworth hotel left Saturday for a short visit with relatives at her former home, Bingham.

Richard Crandall of Bingham visited here last Saturday and Sunday driving down the Potash highway route.

Miss McCarty, of Bingham, cousin of the Ellsworth hotel is visiting a few days here.

The Reverend Father O'Keefe held services at St. Bernard's church here Sunday, returning to his location at Hyanis on Sunday.

Among those who attended the ball game at Ashby Sunday were J. D. Kennedy and son, Gene, Mrs. W. Wightman, Mrs. D. W. Cahill, Mrs. Anna Bennett, Mrs. W. F. Seelohm, Mrs. J. L. Young and C. L. Murphy in addition to the ball team. The game was enjoyed by all and the resulting score of 8 to 7 in favor of Ellsworth was very pleasing this giving the home team five victories out of six games.

A double-header ball game to be played here next Sunday, June 25, will commence promptly at 1 p. m. Lakeside-Ellsworth game commencing first. Ellsworth to play Bingham after the first game or at 2:45 p. m. By starting promptly the first game at 1 p. m. assure fans who come from a long distance the privilege of getting an early start home.

Several from this section of the sand hills attended the Stockmen's convention at Hyanis last week. C. C. Jameson and C. L. Murphy went down Wednesday noon planning to attend all three days. Mr. Jameson being secretary and treasurer of the Stockmen's association. Many cars from Alliance and points in Wyoming have been passing through here lately enroute to the convention.

Mr. and Mrs. Eicholtz of Denver arrived recently for a month's visit with Mr. and Mrs. C. C. Jameson. They and Mrs. C. C. Jameson visited at the Spade ranch several days this week.

Mr. and Mrs. J. L. Young visited at the J. H. Donohoe home Tuesday evening incidentally partaking of a genuine sand hill supper.

Messames Wightman, Cahill, and Kennedy motored out to the A. Moore ranch south of Ellsworth Thursday in the Wightman car arriving for dinner and spending a most enjoyable afternoon.

Mr. and Mrs. D. E. Wilcox and son, Edson, of the Walter's lake neighborhood motored to Alliance Tuesday evening Thursday evening. Mr. Wilcox went in for medical attention.

Sheriff Robert Bruce and some state and federal officers of the law visited in this vicinity last week and again this week.

a new Chevrolet touring car. The Ford formerly owned by Mrs. Bennett was sold in Alliance.

J. L. Young and P. E. Law motored to Alliance Thursday afternoon returning late that evening. The roads, while not as in other times, sandy and impassable, are a little rough in places but a considerable amount of work has and is being done, and compared to our sand hill roads of old, we now have "boulevards."

The State Division Road Engineer A. M. Gaddis and Surveyor McKee, together with road boosters from Alliance, Antioch, Lakeside, Ellsworth and Bingham, recently made the trip over the Potash highway from Alliance to Ashby looking for the most feasible route for the road to be designated as the state or Potash highway for this section, and state surveyors are now working out of Bingham and will be working out of here next week. The highway will be laid on the south side of the track from Lakeside to Ashby following the railroad right of way as closely as possible and as soon as this road is laid out it will be declared a state highway and in this manner state funds may be obtained at once for the upkeep of the road, while later federal aid will be obtained. Although it will probably be three years before a highway as good as the Alliance-Antioch road is obtained, we are at last on the way to better roads and we now have the assurance that funds will hold out and our present road will be steadily improved and kept up until the completion of the proposed state highway.

Haying season has again slipped upon us. The Spade ranch plans to start cutting a portion of their hay, alfalfa, next week, while Dillon Donohoe and several other ranchers plan to start cutting this week.

It had been planned to hold a Fourth of July celebration here, but owing to a big celebration at Alliance and other close territories, the affair has been dropped. The local team is negotiating for a game for that day which will probably be a morning game with the Whitman team in Alliance.

There are three vital processes of human existence—the digestion of food, the extraction of nourishment from it and the elimination of waste.

Poor digestion and assimilation means failure to derive full nourishment from food and that in turn often means impoverished blood, weakness, anemia, etc. Poor elimination means an accumulation of waste matter which poisons the body, lowers vitality, decreases the power of resistance to disease and leads to the development of many serious ills.
