The bicycle law of Oregon requires bicycle riders to stop 100 yards from any person going in the opposite direction with a team and remain stationary until the team shall have passed.

The Sheriff of El Paso was challenged to step into Mexico and get shot at. The Sheriff of El Paso licked the man that challenged him. The Sheriff of El Paso is a Southerner worth having.

The most painful cases of rheumatism may be relieved by a few applications of Chamberlain's Pain Balm; its continued use will cure any case no matter of how long standing. The record of this pain relieving medicine is wonderful. It is equally beneficial for lame back, pain in side, shoulder lameness, and in all painful affections requiring an external remedy. A trial will convince any person that the above statement is correct. Chamberlain's Pain Balm is sold by F. H. Longley.

Philadelphia aldermen differ from the New variety. Instead of lining their own pockets, they enrich the city coffers by charging an elevated railway company \$500,000 for a franchise, besides a tax of \$10,000 for each mile constructed and 2 per cent of the annual gross receipts.

A new political party has been organized in California. It bears the somewhat suggestive name—the American party. Among the features of the platform is a plank demanding the repeal of all laws permitting and encouraging immigration, so that shiftless criminal and other undesirable classes of foreigners may be excluded.

BEFORE YOU START on a journey, call and get a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against an attack of bowel complaint. Many prudent and careful persons never travel without it. Hundreds of traveling men are never without a bottle in their grip. Many lives and much suffering has been saved by its timely use. No one can afford to travel without a bottle of this pleasant, safe and reliable preparation. F. H. Longley, druggist.

Dan Rice, the veteran showman has reached Cincinnati with his Texan bride. Of the contest he had before winning his wife he says: "I had to fight three counties, Gonzales, Lavaca, and Fayette. People said, 'What, marry a clown?' and every species of inventions and stories were got up against me. It didn't make any difference. I captured the prize. My wife is tickled to death. She never traveled before and everything is quite new to her. But her new husband is quite old."

STARTLING BUT TRUE. WILLS POINT, TEXAS, Dec. 1, 1885. After suffering for more than three years with disease of the throat and lungs, I got so low last spring I was entirely unable to do anything, and my cough was so bad I scarcely slept any at night. My druggist, Mr. H. F. Goodnight, sent me a trial bottle of Dr. Bosanko's Cough and Lung Syrup. I found relief, and after using six \$1 bottles I was entirely cured. J. M. WELDEN. Sample bottle 5 cents at A. F. Streitz.

A correspondent of the New York Herald: "Edward McGlynn will find his sorrow that the mob, lay and clerical, on whom he has relied will desert him. That inscrutable magnet which operates so silently and imperceptibly in the Catholic heart that it not only enchains and conquers, but absolutely stupefies, will gradually draw his rampant followers from beneath his helpless arm and leave him deserted and alone."

A "kicker is a kicker." He kicks at what others do, and all they don't do; he kicks at what he fails to do. He kicks himself into heaven and then kicks because he didn't go to hades. He's got the same disposition as a scrub mule, and is worth about as much to society. Sensible people laugh as he strains himself in trying to injure others. You'll find these mental curiosities in every community. Kick the "kicker."—Schuyler Sun.

ENJOY LIFE. What a truly beautiful world we live in! Nature gives us grandeur, mountains, glens and oceans, and thousands of means of enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving up, discouraged and worn out with disease, when there is no occasion for this feeling, as every sufferer can obtain satisfactory proof that Green's August Flower will make them free from disease as when born. Dyspepsia and liver complaint are the direct causes of seventy-five per cent of such maladies as biliousness, indigestion, sick headache, constipation, nervous prostration, dizziness of the head, palpitation of the heart and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottles ten cents. Try it.

The age of kings is over. It deepened into its twilight when George Washington took the sword of Lord Cornwallis on the field of Yorktown. This twilight of the kings has been growing denser ever since. The nineteenth century will probably be their last. When the twentieth century rounds up to its close all the governments of the world will be republics in reality. The world will hate the name of king with the old Roman hatred.—Boston Globe.

A woman was found riding on a freight west of Laramie recently perched just over the coupler and hanging on to the brake-rod. She said she was going to Washington Territory, but had no money; but she had managed to beat her way more comfortably further east. When found she was nearly dead with fatigue and exposure to the fierce storm. A generous cowboy paid her way to Rawlins, and gave her money for food.

Save the Children. They are especially liable to sudden Colds, Coughs, Croup, Whooping Cough, etc. We guarantee Accker's English Remedy positive cure. It saves hours of anxious watching. Sold by A. F. Streitz.

Canada is increasing her militia and her mounted police force and now the question is whom does Canada want to fight, or against whom does it propose to protect itself? The Canadian government is so involved in debt that it would seem to be wise policy for it to restrict, and not to increase its burdens.

Companies of state rangers have been instituted in Texas to look after train robbers. The "Lone Star State" intends to have no foolishness with these desperate robbers and murderers. Severe and summary treatment will be the surest and quickest way of getting rid of the rascals.

CURE FOR SICK HEADACHE. For proof that Dr. Gunn's Improved Liver Pills cures sick headache, ask your druggist for a free trial package. Only one for a dose. Regular size boxes 25 cents. Sold by A. F. Streitz.

Every liar in America must doff his hat to the Douglassville, Ga., Star. Its liar is an artist. He has an imagination warm and fervid as the beams of his own Southern sun. He is a genius, a star, a dandy. He saw a snake swallow some partridge eggs. Several days later he saw a covey of young partridges fly from the snake's mouth, and observed the snakes gathering oats to feed the youngsters. He saw all this. And yet in all the land no one has rose up and slain him.

The reason why Accker's Blood Elixir is warranted, is because it is the best Blood Preparation known. It will positively cure all Blood Diseases, purifies the whole system, and thoroughly builds up the constitution. Remember, we guarantee it. For Sale by A. F. Streitz.

Southern industrial development is going on at a great rate, if the figures that are given from time to time are at all reliable. It was thought a great thing when \$63,000,000 of capital was invested in that section during the first half of 1886, but for the same period of this year the investment has been \$161,000,000, or two and a half times as much. The "new south" is taking on a staying look, and if the rapid development of it continues a few years, "the booming south" and "the booming west" will be traveling in double harness for the same destination.

Bright Eyes, the eloquent Indian woman who some years ago delivered in Chicago a series of stirring addresses in behalf of the exiled Ponca Indians, is making a sensation in Eastern cities, where she has been speaking to crowded houses. Her subject is the general Indian question, its needs and its mistakes. She claims the great demand is for a supreme court of judges who shall have jurisdiction of all Indian cases; that red men, should hold their land in severalty, and be allowed the rights of citizenship. Bright Eyes some years ago married Mr. T. H. Tibbets. She has recently received pressing invitations to visit England. She would as a civilized, cultivated Indian lady be in marked contrast to the savages now representing the Indian in Buffalo Bill's Wild West show. The friends of the Indian across the water could do well to secure the services of Bright Eyes, as she is a good illustration of what civilization and education can do for the race.—Chicago Inter Ocean.

Old and reliable Medicines are the best to depend upon. Accker's Blood Elixir has been prescribed for years for all impurities of the Blood. In every form of Scrofulous, Syphilitic or Mercurial diseases, it is invaluable. For Rheumatism, has no equal. For Sale by A. F. Streitz.

I have heard of a new and sensible use for the bustle this season. A lady living in St. Paul recently purchased a patent bustle made of rubber to be blown up any size desirable, and had the dual capacity of giving shape to the dress as well as being a cushion for sitting upon. Last Sunday the wearer of this remarkable article went to Bass Lake with a party of friends. While rowing on the lake the boat was in some manner upset. Other members of the party were safely rescued but the lady with the rubber attachment came near losing her life because of the buoyancy of the bustle, which kept her head and feet under water. Dollars to dimes she wear newspapers the next time she goes boat riding.—Pioneer Press.

W. H. Anderson of Beckton has in his possession one of the most valuable relics of the rebellion in this county and perhaps in the state. It is nothing less than the banner that was captured by Mr. A. at Columbia, S. C. in 1865. It is the banner of the Brooks Guards of Charleston, S. C., and bears date May 12, 1861. It is about 45 inches square, made of blue silk double and embroidered with solid fringe and a palmetto tree and eleven stars on the back. It has also in gold letters, "In God is our trust." Mr. A. was among the first of the Federal army that entered Columbia, S. C., and secured possession of the two banners, the other of which is in the possession of Col. S. D. Nichols, of Panora, Guthrie county, Iowa, who commanded the Fourth Iowa at that time. The flag is of the best of blue silk and is in a good state of preservation. This flag is said to have been made by the ladies of Charleston, S. C., and presented by them to the Guards, who were named in honor of the infamous Preston Brooks.—Beaver City Times.

Piles are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has some affection of the kidneys or neighboring organs. At times, symptoms of indigestion are present, flatulency, uneasiness of the stomach, etc. A moisture like perspiration, producing a very disagreeable itching, after getting warm, is a common attendant. Blind, bleeding and itching piles yield at once to the application of Dr. Bosanko's Pile Remedy, which acts directly upon the parts affected, absorbing the tumors, allaying the intense itching, and affecting a permanent cure. Price fifty cents. Address the Dr. Bosanko Medicine Co., Piqua Ohio. Sold by A. F. Streitz.
