Smoking, says the London Hospital, is by no means universally indulged in on the Episcopal bench. Of the thirty-four eminent dignitaries who now occupy that exalted position more than half are non-smokers. The bishop of Bath and Wells has not used tobacco in any form for fifty years. The bishop of Worcester smokes neither pipe nor cigar, and never did. The bishop of St. Albans has never smoked in his life. The bishop of Durham is a non-smoker, but does not wish the statement to convey any sympathy with or feeling of necessity for a league against tobacco. The bishop of Gloucester and Bristol was a moderate smoker until 1880; but when he found that the benefit he thought he had derived from it ceased he gave it up. The bishop of Oxford is not and never has been a smoker. "He believes that in time, in purse, in health, and in cleanliness he has been the gainer." The bishop of Liverpool is a non-smoker, and entirely approves of the anti-narcotic league. King James' "counterblast" is not without its modern counterpart.

**A Woman's Discovery.**  
"Another wonderful discovery has been made and that too by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Lather Letz." Thus writes W. C. Hamrick & Co., Shelby, N. C. Get a free trial bottle at A. F. Streitz's drug store.

There is a great scarcity of seamers in the port of Philadelphia, and no little difficulty is had in manning vessels for sea. Thirty dollars a month is being paid in the New England trade, and a commission of \$5 each for procuring the men. It is much easier, says the Record, to find men willing to go south, owing to the milder weather and the opportunities to desert and work on shore in southern ports until spring. In New York the situation is as bad as in Philadelphia, with few men available and the wages advancing.

One of a couple of rather bold girls in Atlanta allowed that she would wink at the first man she met on the street. She winked, and the young man winked and said: "Certainly," and he pulled out a pocket pistol loaded with whiskey. He had been a clerk in a drug store in Kansas and the force of habit was on him strong.—New Orleans Picayune.

**If you would enjoy your dinner** use Acker's Dyspepsia Tablets. They are a positive cure for Dyspepsia, Indigestion, Flatulency and Constipation. We guarantee them. 25 and 50 cents. Sold by A. F. Streitz.

The expense of living has greatly increased in Washington, and the high rents are troubling many congressmen who have only their salaries to depend upon. Houses in the fashionable section rent for from \$900 to \$13,000 a year, and the \$900 houses are, as a rule, little ones of six or eight rooms. Provisions are plenty, but prices are high.

M. Louise Thomas and Elsie P. Buckingham are women of business. The first is one of the most successful bee raisers in this country, and it is said her bees produce 10,000 pounds of honey yearly. The other is the successful manager of a fruit farm in California, and advises all women who can take up this line of business.

**Old and reliable Medicines** are the best to depend upon. Acker's Blood Elixir has been prescribed for years for all ailments of the Blood. In every form of Scrofulous, Syphilitic or Mercurial diseases, it is invaluable. For Rheumatism, has no equal. For Sale by A. F. Streitz.

Captain Baudry, of New Bedford, this year killed thirty-five whales, and secured 2,900 barrels of oil and 48,000 pounds of bone. F. Marion Crawford says that Oscar Wilde came into his study one day feeling very sick, as he said, because one half the world did not believe in God and the other half did not believe in him.

Lord Brassey recently telegraphed to a friend that Lady Brassey died of a malarial fever Sept. 14, seven days after leaving Port Darwin. This effectually settles the stories of her having committed suicide.

Dr. Henry Hiller and his wife, of Wilmington, Mass., are having their coffins made while they are yet in vigorous health. The coffins will cost \$10,000 each, and are to be placed in a grand mausoleum that will rival Napoleon's tomb.

**Babies** that are fretful, peevish, cross, or troubled with Windy Colic, Teething Pains, or Stomach Disorders, can be relieved at once by using Acker's Baby Soother. It contains no Opium or Morphine, hence is safe. Price 25 cents. Sold by A. F. Streitz.

Robert Bonner has retired from the New York Ledger, which will hereafter be conducted by his three sons. Mr. Bonner began work at the printer's case in the office of the Hartford Courant, forty-eight years ago, and purchased the New York Ledger in 1851. He is 64 years old.

The people of Pittsburgh were frightened Friday by seeing the morning star, Venus, close to the sun at about 6 o'clock. To see a star in daylight was an ill omen and some of the most superstitious tried to find some connection between its appearance and the execution of the anarchists a week ago.

At the penitentiary in Trenton, N. J., Sunday last, sixty-two convicts, including three women, were confirmed. The rite was administered by Rt. Rev. Bishop Michael J. O'Farrell in the presence of Vicar General Smith, of the Trenton diocese, twenty-five or thirty spectators and 300 prisoners. The convicts thus received into the church wore white shirts, but otherwise were appared as usual. The three women were in their ordinary prison attire.

President Cleveland's galantry to the fair sex has been sacrificed to the inordinate greed of the democratic office seeker. Miss Phoebe Cousins, who was appointed to succeed her father as United States marshal for the eastern district of Missouri has been turned out and her place given to a democratic ward heeler. The gentle Phoebe made a good marshal, but business is business, you know.

**Many** of the good things of this life are sorrowfully lost alone on account of Dyspepsia. Acker's Dyspepsia Tablets will cure Dyspepsia, Indigestion and Constipation; sold on a positive guarantee at 25 and 50 cents, by A. F. Streitz.

The loud mouthed agitator who is, in nine cases out of ten, too lazy to work and by habit a bilk, says the Denver Republican, has always been a curse to labor. He will be more so in the future than he has been in the past. He works upon the theory that the working people hunger for sensationalism and he feeds it to them. The professional agitator is of as little use to the community as the tin-horn gambler. No one more fully realizes this than the intelligent working-man.

Senator Frye calls the fisheries commission a meeting of supernumeraries, and says the president had no authority in law to appoint a commission. He has never seen a fisherman who desired the intervention of a commission. By the last luxury of that sort we lost \$11,000,000—\$5,500,000 in awards and the same amount in duties. The whole proceeding, set on foot by Mr. Bayard, is in opposition to the expressed opinion of the senate.

On Saturday night a terrible disaster occurred off the coast of Dover. A Dutch steamer, having over two hundred passengers on board, was struck by another vessel and sank in twenty minutes. Fortunately a considerable number of the crew and passengers were rescued. A fog was prevailing at the time, which is explanatory of the collision. Only two boats were found to be serviceable. The latest statements are that 132 of the passengers and crew are missing.

Skilled mechanics of steady habits have no difficulty in obtaining employment at home or abroad, where there is any work in progress. This ought to be an inducement to young men who are learning trades, to make themselves masters of their business.

A grave responsibility will shortly rest upon the United States senate. It will be the duty of that body to confirm the nomination of a man to fill the vacancy in the supreme court caused by the death of Justice Woods. It will not be the duty of that body to confirm the nomination of a man who is inherently incapable of filling that vacancy.—New York Tribune.

Colonel Cody says he has made \$800,000 out of his Wild West show, and Nate Salisbury has cleared \$500,000.
