

Republican State Convention.

The republican electors of the state of Nebraska are requested to send delegates from the several counties to meet in convention, at the city of Omaha, Tuesday, May 15, 1888, at 9 o'clock p. m., for the purpose of electing four delegates at-large to the national republican convention, which meets in Chicago, June 18, 1888.

THE APPOINTMENT.

The several counties are entitled to representation as follows, being based on the vote cast for Hon. Samuel Maxwell, supreme judge, in 1887, giving one delegate-at-large to each county, and one for each 150 votes, and major fraction thereof:

Table with 2 columns: County Name and Number of Delegates. Includes Lincoln, Dawson, Arthur, Blaine, Fremont, Keith, Logan, Cheyenne.

It is recommended that no proxies be admitted to the convention except such as are held by persons residing in the counties from which the proxies are given.

GEORGE D. MCKELZORN, Chairman.

WALT M. SEALEY, Secretary.

Meeting of the Republican County Committee.

There will be a meeting of the Republican Central Committee of Lincoln county, Saturday, April 14th, at the county judge's office in the court house, at two o'clock p. m. Business of importance will be transacted and a full attendance is requested. Below is the committee with vacancies filled since last meeting:

- Chairman: J. I. Nesbitt. Members: North Platte No. 1, Joseph Sobatz; North Platte No. 2, C. P. Dick; North Platte No. 3, Victor Yonckers; Walker, C. Bradshaw; Garfield, W. F. Campbell; Phillips, Wm. Anderson; Puckham, Charles Brown; Greenwood, W. B. Votaw; Sewall, John Delany; Willow, L. Kelley; O'Fallon, W. H. Dindley; Harrison, John W. Shoup; McPherson, L. Rice; Ottumwood, J. J. O'Rourke; Sandy, Wm. Beatty; Fox Creek, F. Schick; Hiller, H. Paik; Morrow, Theo. Bateman; Wells, E. L. Garrison; Nichols, I. V. Zook; Harwood, John Hiner; Woman, Ben Vanillon.

JOHN I. NESBITT, Chairman.

ADDITIONAL LOCAL.

-If the wind of the past couple days keeps up it will necessitate calling out the street sprinkler.

-We understand H. R. Ottman will soon return from the South and after stopping here a short time will go to Washington Territory.

-"She" is to be performed at the opera house Monday evening. Some candidates are under the impression that she had a performance last Tuesday.

-Owing to an engagement of the opera house the New England Fair and Supper under the auspices of the ladies society of the Presbyterian Church will be held on the 15th and 19th, instead of 19th, and 20th as advertised.

-A car load of the seed wheat ordered by Hinman, Hershey & Harrington was received and sold this week. Another is on the road and will be here for distribution early the coming week. Those desiring seed should apply early as possible, as the season is advancing.

-D. W. Baker, accompanied by C. C. Dempsey, the gentleman who will have charge of the practical work of butter making in the creamery, started on a tour of the southern routes yesterday morning. It will take them about four days to make the trip. After that they will interview the farmers on the north side.

-Expecting to have the official count before we went to press, we neglected to take down the election figures as closely as we would otherwise have done, and hence are obliged to give the returns in an imperfect shape. There was no opposition to Dr. Warner for clerk or to C. P. Ross for engineer, and they received practically the full vote. In other respects our table will be found nearly correct.

-About 100 ladies voted Tuesday, 30 in the first, 50 in the second and 20 in the third ward. There is a feature about their vote that is somewhat difficult to explain. Naturally it would be supposed they would cast their ballots for men who on previous occasions had favored their voting at school elections. This it is stated they did not do. Mr. Conklin was one of the first, after the formation of the board of education, to urge them to exercise the elective franchise, yet they voted almost solidly against him and for men who have always been opposed to women voting. Of course THE TRIBUNE finds no fault with the manner in which they voted; the right of any person to express his or her preference at the polls must be maintained; but just for curiosity we would like to have some one explain this apparent inconsistency.

The City Election.

What promised up to the eve of election day to be a quiet and uneventful affair, turned out to be a warmly contested election, in some respects, albeit good feeling prevailed throughout the day. The fight was for mayor and the school board. For a week those who are dissatisfied with the course of Mayor Hammond, principally on the dog tax question, were trying to get a candidate to make the race, but only on the eve of election were they able to secure the consent of an available man, C. F. Ormsby, Mr. Hammond's old opponent. The polls were scarcely open before it was apparent from the number of work-

ers that the boys had gone into the fight with the intention of making it hot for the mayor, and the atmosphere was more or less warm about the polling places all day. Mr. Ormsby was elected by a large majority. For other city offices there was not much contest, the voters being allowed to cast their ballots almost without solicitation.

For members of the school board there were five candidates, the contest being more for individual preference than on any issue. The friends of the respective candidates made quite a spirited canvass, many women especially taking considerable interest, about 100 ballots being cast by them. It is safe to say they carried the day, the candidates for whom they voted being generally elected.

There was no opposition to E. B. Warner for clerk or to C. P. Ross for engineer.

There were two councilmen elected in the 3d ward, one for one year and one for two years. Below we give the vote in tabular form.

Table with 5 columns: Name, 1st Ward, 2d Ward, 3d Ward, Total. Lists candidates for Mayor, City Clerk, City Engineer, Police Judge, and Board of Education.

COMMISSIONERS PROCEEDINGS.

Monday, April 2d.—The board met pursuant to adjournment, the full board being present.

The commissioners were engaged the entire day examining and discussing plans for county jail submitted by R. D. Thomson. Adjourned without taking action.

April 3d.—Board met pursuant to adjournment the full board being present.

After further discussion on plans for county jail, R. D. Thomson, architect, being present, the following resolution was ordered spread upon the commissioners record.

Whereas, R. D. Thomson refuses to erase his name off the specifications as superintendent of said jail, and wishing to bid on the erection of said jail, and he claiming the possession of said plans and specifications after the erection of said jail; therefore

Resolved, that said plans and specifications be rejected.

Commissioners Belton and Walker voting for said resolution and McAllister against the adoption. The board then adjourned until to-morrow.

April 4th.—The board convened according to adjournment, all being present.

A motion to reconsider action taken yesterday, April 3d, rejecting plans and specifications of R. D. Thomson for county jail was carried unanimously.

The following resolution was ordered spread upon the com's record.

Resolved, that the county clerk be instructed to notify R. D. Thomson that the plans and specifications submitted by him to the board for the erection of a county jail for said county are satisfactory to said board, provided the following changes are made:

First—That said R. D. Thomson guarantee that said building can be erected at a cost not exceeding \$8,000, and in case said building cannot be erected within a cost of said amount, said R. D. Thomson to modify and change said plans, subject to the approval of the board, to come within said limit. Said modifications and changes to be without extra cost to the county.

Second—that the name of R. D. Thomson as superintendent of said building be stricken out and left blank.

Third—that said plans and specifications be the property of Lincoln county, subject to the use of said county only.

That if the above changes are made and said plans are submitted to said board within five days from this date, said plans will be accepted by said board, subject only to the conditions as to cost of said building. And the board offer to pay for said plans and specifications changed as above the sum of 2 1/2 per cent of the contract price of said building upon said plans and specifications, exclusive of iron work.

Com's Belton and Walker voting in favor of said resolution and McAllister voting against article 2 and in favor of the balance of said resolution.

O'Fallon precinct bridge bonds of \$7,000 signed this day by County Clerk J. E. Evans and Chairman of Board of County Commissioners James Belton and forwarded to Lincoln.

Adjourned to April 14.

WALLACE.

The Wallace House and Meat market have each been treated to paint the last few days, which adds much to their appearance.

Several car loads of emigrant supplies were unloaded here last week. Our friend Pringle, formerly of Hamilton county, gave us a pleasant call last week. We were somewhat surprised to find him engaged in the grain business at Grant.

Ed. Nation made a business trip to Grant Saturday.

There is likely to be war between our lumber yards and the contractors here, on the prices of lumber.

Hawk Eye, a correspondent of the Herald, writing to that sheet last week, says "that they are going to dislocate the school site in District No. 50." Fan us with a tooth pick.

Flax will be the leading crop of small grain this season. N. C. Myers one of the founders of "Old Wallace" had the misfortune to get his store building at Somerset and contents burned to the ground Sunday night.

Will Commons' father and brother of Nemaha county, this state, arrived here Sunday with two car loads of household goods, farm implements, stock, etc. AGRICOLA.

GASLIN.

EDS. TRIBUNE.—We all enjoy reading THE TRIBUNE as it contains so much county news. I regret this precinct is not oftener reported, and will try and give you a few items from time to time.

We used to have parties and an occasional dance, but the Gaslin folks have stopped that now on account of a Swede preacher having meetings two or three times a month. They say he is very good and means what he says. We are also having Sunday school. Rev. Stump was down a couple of times this winter and every one here in Gaslin thinks very highly of him.

Ike Wells' little girl has been very sick for the last two weeks. Dr. Smith of Gothenburg was called to attend her. She is better now. Very near all the children in the vicinity have been sick with colds and fever.

Andrew Gustafson and Isaac Wells are busy fencing their pastures.

The farmers around here feel more cheerful since the late rain and snows. Before the snow came the ground was dry to plough, but now it works nicely.

Many of the farmers in this vicinity have run short of corn and been compelled to buy. Potatoes are also short. When we farmers have potatoes to sell we haul them to North Platte and get 25 to 30 cents per bushel for them; but when we have to buy we pay 60 and 80 cents. That makes the shoe pinch, don't it?

Mrs. Anderson is very fond of her Durham cow, and well she may be, for the cow is a fine animal.

Claus Johnson has been planting quite a number of trees this week. There is some talk among young folks about surprise parties. Some starry night we will surprise W. D. Lyle (we think he has been slighted long enough) and also Ben Owens and several other bachelors who reside hereabouts too numerous to mention.

Miss Emma Ericson is going to commence teaching school in the Red School House, April 9th. April 2d, 1888. S. M.

BUCHANAN.

The grass is beginning to look up, not quite knee high, but is getting there.

Base ball is coming to the front again; the hay seeders are putting in their besticks. Some talk of sending a nine to Australia the coming summer. One of the fielders caught a ball on the fly the last training day. You never saw so jolly a set. All hands adjourned to take a drink—snow water.

The Fox Creek school house is completed. It is also insured and ready for another fire. There are some complaints about a new district coming too close to this house but I learn matters will be adjusted that all may be happy again.

Messrs. Hobbs & Sibley furnished your beef eaters with some corn fed cattle—said to be nice animals.

Jonathan Welch is suffering with an attack of rheumatism.

I learn that Mrs. Windsor Hunt is dangerously ill.

Wheat sowing in full blast, oats getting there in good shape.

Good Friday was a little early for potatoes. Ira Miltenberger is far in advance of any potato man, has had them planted for three weeks, possibly may stay planted.

It looks like old times to see Uncle Hiber riding after cattle.

There is some loud talk about organizing a board of trade in this vicinity. Some want an exchange building erected on the corner of O and 16th Sts. It takes too much time to ride from one ranch to another, as is now done. A building must be had, if only four stories high. This will indicate that trade is brisk.

The ladies are having quite social times at carpet rag tackings; gentlemen are not admitted. This means some rattling old jokes on the men. The next is said to be a quilting, don't know when or where, they keep things pretty mum, for fear your reporter gets there.

Robert Stockdale has the cosiest retreat in our precinct, none but old maids need apply.

John Carver has moved into his new home, 'tis quite an improvement. May others go and do likewise.

We want preaching in our neighborhood. If we don't soon get a preacher or Sunday School we will be compelled to accept a missionary. There will be no need to go to foreign lands to find heathens. We are raising them here reasonably fast.

KIRK.

April 1st, 1888. It is officially announced that the

Burlington company will build no more lines in Nebraska this year. There are a number of important branch lines and extensions projected but it is stated that owing to the heavy losses sustained by the company by reason of the rate war and the engineers' strike nothing will be done upon them for a year at least. This is an unfortunate fact if true. The B. & M. extensions have been an important factor in the development of the state and it is a matter of profound regret that they cannot be continued.

A TRIP SOUTH.—Mr. L. M. Martin a prominent Iowa railroad man and Superintendent of the St. Louis, Des Moines & Northern R. R. says: "On my return from a recent trip south, where the water was very impure, I was attacked with a violent case of cholera morbus. Having heard a great deal of Chamberlain's Colic, Cholera and Diarrhoea Remedy, I concluded to try it and with the most beneficial results; within six hours I was completely cured." No well regulated household should ever be without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Sold by C. W. Price and F. H. Longley.

Can't Sleep. Nights is the complaint of thousands suffering from Asthma, Consumption, Coughs, etc. Every try Acker's English Remedy? It is the best preparation known for all Lung Troubles, sold on a positive guarantee at 10c., 50c. For Sale by A. F. Streitz.

A Milwaukee editor pronounced conclusively that the business of the country in this country have been vastly improved since the advent of the amiable and pretty girl who conducts the type writing machine. When you see an old gray beard pause before entering his office to comb the fincuet out of his whiskers, rearrange his neck tie and scrape the egg off his vest, you may rest assured that a maiden fair to see is pounding a type writing machine inside the room. Her presence also causes the clerks to use profanity with discretion and think twice when the impulse to whistle comes over them.

Mr. C. W. Battell, a traveling man representing Messrs. S. Collins' Son & Co., printing inks, New York, after suffering intensely two or three days with lameness on the shoulders and back, completely cured it with two applications of Chamberlain's Pain Balm. It cures lameness and rheumatism when all other treatment fails. Guaranteed and sold by C. W. Price and F. H. Longley.

Whooping cough may be kept under complete control and all danger avoided by frequent doses of Chamberlain's cough remedy. No better treatment can be prescribed for it. Sold by C. W. Price and F. H. Longley.

No duty should be left undone. If you have a smarting skin disease it is not your duty to search and irritate it but to apply Chamberlain's Ointment and cure it. Guaranteed and sold by C. W. Price and F. H. Longley.

Save the Children. They are especially liable to sudden Colds, Coughs, Croup, Whooping Cough, etc. We guarantee Acker's English Remedy a positive cure. It saves hours of anxious watching. Sold by A. F. Streitz.

ROYAL BAKING POWDER Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds and cannot be sold in competition with the adulterated low test, short weight, alum or phosphate powders. Sold only in our tin. ROYAL BAKING POWDER CO., 105 Wall Street, New York.
