Revolver shooting is said to be all the rage among New York club men and men-about-town. In this dissipation the cowboy of the wild west can out-do the Gothamite swell left handed.

Whooping cough may be kept under complete control and all danger avoided by frequent doses of Chamberlain's cough remedy. No better treatment can be prescribed for it. Sold by C. W. Price and F. H. Longley.

The New York Herald says: "Long before the boy of ten years cases his first presidential vote the commerce of Europe and America bound to the Pacific will go through the Nicaragua Canal."

No dity should be left undone. If you have a smarting skin disease it is not your duty to scratch and irritate it but to apply Chamberlain's Ointment and cure it. Guaranteed and sold by C. W. Price and F. H. Longley.

W. H. Handy, son of Moses P. Handy last year spent forty-five days abroad in England, Scotland, Ireland and France, his entire expenses being \$44.24, of which he paid \$20 for railroad and the remainder for living expenses.

How Men Die.
If we know all the methods of approach adopted by an enemy we are the better enabled to ward off the danger and postpone the moment when surrender becomes inevitable. In many instances the inherent strength of the body suffices to enable it to oppose this tendency toward death. Many, however, lose these forces to such an extent that there is little or no help in other cases a little help to the weak mind will make all the difference between sudden death and many years of useful life. Upon the first symptoms of a cough, cold or any trouble of the throat or lungs, give that old and well-known remedy—Bosch's German Syrup, a careful trial. It will prove what thousands say of it to be, the "benefactor of any home."

In order to guard against grave robbers a man in Indiana buried his daughter in a casket which contained two pounds of dynamite. The other day his wife died and great difficulty was experienced in employing men to dig the new grave beside that of the daughter for fear of an accidental explosion, and many people refrained from attending the services in the churchyard for the same reason.

Mr. C. W. Battell, a traveling man representing Messrs. S. Collins' Son & Co., printing ink, New York, after suffering intensely two or three days with lameness of the shoulders and back, completely cured it with two applications of Chamberlain's Pain Balm. It cures lameness and rheumatism when all other treatment fails. Guaranteed and sold by C. W. Price and F. H. Longley.

Watch dials are now made by photography at a mere fraction of their former cost. They all used to be painted by hand. Now 100 are made in the time formerly required to produce one, and each of the 100 is better than the one would have been. The Waltham Watch Company paid \$2,000 for the process. By it they can turn out, for ten cents each, dials that in the old way of making would cost \$1 apiece.

Ballard's Horehound Syrup.
A single bottle of Ballard's Horehound Syrup kept about your house for immediate use will prevent serious sickness, a large doctor bill, and perhaps death, by the use of three or four doses. For curing consumption its success has been simply wonderful, and for ordinary coughs, colds, sore throat, croup, whooping cough, etc., its hemorrhagic effects are surprising and wonderful. Every bottle guaranteed. C. W. Price, agent.

There is a Chinaman in Philadelphia who proposes to organize a class composed of his friends, the Sunday school teachers, to learn the Chinese language. He professes to be able to teach it so that one can speak good Chinese with seven months' study. He says that the pleasure of being able to read a Chinese book in the original will fully compensate his pupils for the task in learning the language.

A TRIP SOUTH.—Mr. L. M. Martin a prominent Iowa railroad man and Superintendent of the St. Louis, Des Moines & Northern R. R. says: "On my return from a recent trip south, where the water was very impure, I was attacked with violent case of cholera morbus. Having heard a great deal of Chamberlain's Colic, Cholera and Diarrhoea Remedy, I concluded to try it and with the most beneficial result; within six hours I was completely cured. No well regulated household should ever be without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Sold by C. W. Price and F. H. Longley."

Mr. Chamberlain, the wealthy cattle baron of Texas, who was bitten by a rabid wolf and went to Paris for treatment, has been dismissed as cured by M. Pasteur. His case was considered very serious—one of the worst, in fact, that was ever presented at the institute. It is stated that Mrs. King, Mr. Chamberlain's sister, is so highly gratified over the result of the treatment employed that she will found a Pasteur institute in America.

Pretty Women.
All women look attractive when their color and complexion is clear. If your skin is sallow eyes dull, you are bilious, secure a box of Williams' Australian Herb Pills, take as directed, and the feeling of languor will leave you, your eyes brighten, and you are another woman. C. W. Price, Agent.

Secretary Vilas refuses to pay any attention to the efforts of Senators Manderson and Paddock to improve mail facilities for the west, and has capped the climax by wilfully lying to them concerning the removal of the Niobrara land office to O'Neill. We presume the Secretary soothes his conscience with the argument that the ends will justify any means he may adopt to accomplish them. And the ends, are the endorsement of anything democratic.—E.

At Night always have
Soother at hand. It is the only safe medicine yet made that will remove all infantile disorders. It contains no Opium or Morphine, but gives the child natural ease from pain. Price 25 cents. Sold by A. F. Streitz.

The Cutting case, which came so nearly involving the United States and Mexico in an imbroglia, two years ago, and which has doubtless been almost forgotten by most of our readers, is still in dispute. The Mexican government refuses to apologize for the arrest of Cutting or to make any money restitution. Nobody in the United States cares particularly about Mr. Cutting, whose reputation is unsavory to say the least; but, inasmuch as Secretary Bayard has demanded an apology the apology ought to be forthcoming.

Brace Up.
You are feeling depressed, your appetite is poor, you are bothered with headache, you are nervous, and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines or bitters, which have for their basis very bad whiskey, and which stimulate you for an hour, and then leave you in worse condition than before. What you want is an alternative that will purify your blood, start healthy action of Liver and Kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters and only 50 cents a bottle at A. F. Streitz's Drug Store.

Sir John Herschel's opinion that the full moon has a tendency to clear the sky of clouds is supported by recent observations. In reference to the common belief that a ring around the moon is indicative of the approach of a storm, it is stated that, out of sixty-one lunar halos observed near London, thirty-four were followed by rain within twenty-four hours, and nineteen within four days. Meteorologists generally agree that the moon exerts some influence on the weather, but as to the extent of that influence they differ greatly.

CROUP, WHOOPING OUGOH and Bronchitis immediately relieved by Shiloh's Cure. Sold by Streitz.

The figures which the prohibition vote will cut in the November election is as uncertain as it was in 1884. Much depends upon the action of the national prohibition convention which meets at Indianapolis on May 30. There promises to be a lively struggle for the presidential nomination in that party. St. John in spite of his popularity appears to have dropped out of the race. Clinton B. Fisk, of New Jersey, and Green Clay Smith, of Kentucky, however are rival candidates and are both eager to fight for the honor. But the question is can either of these men, if nominated, hold the party intact? A strong republican nominee would certainly draw hundreds of old time republicans from the prohibition ranks. Threatened also with internal dissensions, it is doubtful whether the third party can exert as much political power as it did four years ago.—E.

Dr. J. C. Ayer's widow, says the New York World, is worth \$25,000,000. It must be a present comfort to those who in days gone by forced the little bits of bitterness down their reluctant gullets to reflect that they were contributing to the happiness of somebody.

\$25.00 Reward.
The above reward will be paid for any case of rheumatism not benefited by Ballard's Snow Liniment. There is no pain it will not subside, no wound it will not heal. It is the most penetrating liniment known for all pain, for man or beast, it stands without parallel. Ladies who have backache should never be without it. Price 50 cents. C. W. Price, Agent.

PLEASANT HILL.
Paxton, Neb. Correspondence.
Hurray for the bridge north of Paxton. The bonds carried by a large majority. This will bring a flouring mill, elevator, packing house, more general stores and more people to buy goods. Eighteen months from now Paxton will have at least eight hundred inhabitants. Let them roll in, competition is what we want.
Rain, rain, rain! From the way it has been raining for the past two weeks one would think Nebraska had slipped over east into Illinois, Indiana or some other state.
John Conway, living north of the South Platte river and one of our largest stock men and farmers, was in this vicinity buying millet seed. He intends to sow fifty acres. It makes fine feed for cattle and especially milk cows.
Elie Brown has five new pink dresses. Think she is rather crowding the season.
Mrs. House has her new house completed, and there are loud hints in regard to a surprise party.
Mrs. Carrie Coulter, who has been ill for some time, is up and around again.
Mr. J. C. Houston, of Wallace, was among some of the farmers this week buying cattle for beef.
Mrs. Ab Spurgeon went to Paxton last week on a shopping expedition.
Verge Humphrey and wife were the guests of Mr. and Mrs. Kerwood.
It looks quite old fashioned to see Grandpa Spurgeon herding cattle.
D. Brown says he wants to buy one hundred hens; don't want any but setting hens. Address Dave Brown, Box 1144.
Anyone doubting the growth of forest trees let him call on W. W. Yates on section 8-13-34 and be convinced. He has over fifteen thousand trees growing on his place. They consist of box elder, ash, elm, cottonwood and Russian Mulberry. Cottonwood trees planted May 1st, 1886, from cuttings are now ten to twelve feet high and over six inches in circumference.
P. H. Brown had a valuable mare hang herself in the barn Saturday night; a great loss to him in such a busy time.

GUESS WHO.
Who is Your Best Friend.
Your stomach of course. Why? Because if it is out of order you are one of the most miserable creatures living. Give it a fair honorable chance and see if it is not the best friend you have in the end. Don't smoke in the morning. Don't drink in the morning. If you must smoke and drink wait till your stomach is through with breakfast. You can drink more and smoke more in the evening and it will tell on you less. If your food ferments and does not digest right, if you are troubled with heartburn, dizziness of the head, coming up of the food after eating, biliousness, indigestion, or any other trouble of the stomach, you had best use Green's August Flower, as no one can use it without immediate relief.
