

Mrs. Dart's Triplets.

President Cleveland's Prize for the three best babies at the Aurora County Fair, in 1887, was given to these triplets, Mollie, Ida, and Bay, children of Mrs. A. K. Dart, Hamburg, N. Y. She writes: "Last August the little ones became very sick, and as I could get no other food they would nurse with them. I commenced the use of Lactated Food. It helped them immediately, and they were soon as well as ever, and I consider it very largely due to the Food that they are now so well. Lactated Food is the best Food for bottle-fed babies. It keeps them well, and is better than medicine when they are sick. Three sizes: 25c, 50c, \$1.00. At druggists. Cabinet photo. of these triplets sent free to the mother of any baby born this year. Pretty Women.

All women look attractive when their color and complexion is clear. If your skin is sallow eyes dull, you are bilious, secure a box of Williams' Australian Herb Pills, take as directed, and the feeling of languor will leave you, your eyes brighten, and you are another woman. C. W. Price Agent.

Senator Quay, who wrote "Dear Beaver, don't talk," declares that General Harrison's speeches have been excellent and have helped the campaign committee. Quay is a good judge of "campaign talk."

Ex-President Hayes keeps his youth remarkably. With the exception of a few streaks of gray in his sandy beard he shows scarcely any change in appearance since leaving the White house.

Among its political notes the New York World has the following: "A remarkable eccentricity of the campaign is the formation of a 'Harrison, Morton and Hill Club' in Rochester."

Chamberlain's Colic, Cholera and Diarrhoea Remedy is the most successful preparation ever produced for summer complaint. Cholera Morbus, Dysentery, Diarrhoea, Bloody Flux and Chronic Diarrhoea and thousands of persons will testify that they believe their lives have been saved by this great remedy. A Massachusetts man offers to prove by statistics that seven-tenths of the marriage engagements that are broken are broken by women; that three widowers remarry to one widow, and two wives elope to one husband.

A merchant, after selling and using an article for years, knows something of its merits. Mr. W. D. Haller, druggist, Blair, Neb., says: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy, and do not hesitate to say, that I think it the best of all medicines for diarrhoea and bowel complaints generally." Sold by F. H. Longley.

Braze Up.

You are feeling depressed, your appetite is poor, you are bothered with headache, you are slightly nervous, and generally out of sorts, and want to brace up. Hence up, but not with stimulants, spring medicines or bitters, which have for their basis very cheap, bad whiskey, and which stimulate you for an hour, and then leave you in worse condition than before. What you want is an alternative that will purify your blood, start healthy action of Liver and Kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters and only 50 cents a bottle at A. F. Streitz's Drug Store.

The "poverty-stricken" laboring of the west, who are being "robbed of the tariff" and are "as poor as poverty," says the St. Joseph Herald will be highly edified when they see Chairman Brice in his "private car" of the most luxurious description thundering over the railroads to the west, while the owner and occupant works up the campaign for Cleveland. That "private car" will be an immense argument for the "anti-monopoly" party.

He knows what he is writing about. Mr. H. McLeod, druggist, Hemingford, Neb., says: "I keep in stock a great variety of so called cures for diarrhoea and cholera morbus, but from a personal trial of Chamberlain's Colic, Cholera and Diarrhoea Remedy, I regard it as the best of any medicine in the market, for diarrhoea and all bowel complaints. It saved the life of our banker here." Sold by F. H. Longley.

The Democratic party is making a great effort to make it appear that Mr. Blaine in his recent speech at Portland, Me., favored "trusts." Mr. Blaine did nothing of the sort. He alluded to the trust system merely to show that it flourished grandly in free trade England and consequently the existence of the system in this country could not be charged to the protective tariff. But if Mr. Blaine or any other Republican should favor the trust system, democrats have no license to object. Haven't they endorsed the Mills bill?—Journal.

"Tom Murphy, whom Grant made Collector of the port of New York, relates that he asked Grant once at Long Branch whom he would put in command of a great army, say five hundred thousand men, should it be necessary, and Grant answered without hesitation, "Sheridan." Murphy in 1883 said to Grant: "General is there a better soldier in Europe to-day than our Sheridan?" Grant thought for a minute or two, puffing away at his Havana, and then said: "No, there isn't a better soldier in the world than Phil Sheridan!"

Kaiser William restored it to the heirs, whoever they might be, in 1860.

San Jose Mercury: If Blaine should find it possible to visit the Pacific coast at this time, his advent would be welcomed with a blaze of glory which would cast its glow even to the farthest shores of the Atlantic, and give a new impetus to the national campaign in every part of the nation.

New York Herald: What deary folderol and nonsense all this stuff about Harrison's Chinese record! It is the insane droll of political idiocy, and has no more to do with the plain issue of the hour than whether the man in the moon is bald headed in consequence of domestic infelicity.

AN EXPLANATION.

What is this "nervous trouble" with which so many now seem to be afflicted? If you will remember a few years ago the word "Malaria" was comparatively unknown—to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, they and malaria are in fact one and the same thing, and have been so since the world was created. Our grandfathers called biliousness, and all are caused by troubles that arise from a diseased condition of the liver which in performing its functions finding that it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, malaria, bilious fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

San Francisco Call: There can be no doubt as to the views of General Harrison and President Cleveland on the Chinese question. General Harrison is unequivocally in favor of their exclusion, while every act of President Cleveland's administration has shown that he has trifled with the question.

There are one million laboring men idle in free trade England. The supply of labor is far greater than the demand, and consequently wages are low. No wonder England can manufacture some lines of goods cheaper than they can be manufactured in the United States! And the free trade party of the workingmen shall work for the same wages that English workingmen get.

"Nearly Everybody Reads It."

The Merchant reads the Chicago Daily News because he must know what's going on in the great business centers of the world, and he can't waste time hunting for it in a "blanket sheet."

The Farmer reads the Chicago Daily News because he makes more than \$3.00 a year—one cent a day—by keeping promptly posted on the variations of the market—he doesn't wait for the slow weeklies any more.

The Mechanic reads the Chicago Daily News because he knows that even in matters of handicraft the more general intelligence a man has the more he'll earn. The workman can well afford his daily paper at "one cent a day."

Grandfather reads the Chicago Daily News because it gives all the news, and yet so condensed that it doesn't tire him out to read it. And then, the price is so clear.

Mother reads the Chicago Daily News because she wants to keep up with her husband in general information, and then she particularly enjoys the household hints and things of special interest to women which are in it every day.

Grandmother reads the Chicago Daily News because she still wants to know what's going on. And it's a comfort to see a daily paper in the family that's clean and pure,—one she's not afraid to leave "the children see."

The Boys all want the Chicago Daily News because it gives the best news daily,—they say nothing of all the other things boys enjoy. And this year even the boys don't skip the political news.

The Politician always reads the Chicago Daily News because it's an impartial paper, and whether he likes its independent views or not, he wants to know the truth. He "supports" his particular party "organ," but when he wants cold facts he reads the Chicago Daily News.

The Girls all read the Chicago Daily News because they're specially interested in its chatty gossip about fashions and home matters, to say nothing about the excellent serial story always running.

The Post Office Review, says: "Nearly everybody who reads the English language in, around and about Chicago, reads the Chicago Daily News." Do you? It's a "short and to the point paper,"—made particularly for busy people, and it costs one cent a day. All newsdealers sell it, and all post-masters forward subscriptions for it at \$3.00 a year, or \$1.00 for four months. Address VICTOR F. LAWSON, Publisher The Chicago Daily News, Chicago.
