Republican Ratification Meeting at Chicago-Democrats Preparing for the National Convention at Chicago, Stewart for President.

WICHITA, Kan., June 14.-The first People's party political batt'es which will be fought out this week was Attorwill be fought out this week was Attorney General John N. Ives, who is still spoken of as the gubernatorial nominee.

The question of fusion or co-operation is paramount to all others, and while the wire-pullers of the People's party, backed up by Democratic politicians, are straining every nerve to bring about coalition between the two minority parties there is such a strong feeling against any departure from the "middle of the road" among the rank and file of the Alliance, and so many counties have instructed their delegates against any fusion, that it is hardly probable that any open arrangement can be come to. Democrats will be thickly scattered among the delegates, getting in their work in advance of open fusion, but they will be met by a somewhat autothey will be met by a somewhat auto-cratic party, who will, perhaps, offer them a sop by placing a good Democrat or two on the ticket on a People's party

platform.

The Seventh district congressional convention meets today and Jerry Simpson, of course, will be renominated, but his support by the Democrats depends largely on the course the Alliance county conventions elect to pursue in the matter of joining in with the Democracy against the "common enemy," Wednesday, the state convention will open. There are anywhere from ten to a score practically the only ones in the race, though there are some fifteen lesser lights mentioned. A generally good authority says none of these gentlemen

Elder has made himself obnoxious by his bulldozing tactics while speaker of the Alliance house of representatives, and Vincent the Alliance and Democracy, and, while the Alliance will probably not agree to any open combination, it will so far condescend as to nominate men it thinks nounced the arrival of a large party of lentil soup, a most nourishing dish, inwill draw Democratic support. Among the Alliance men the open advocates of co-operation declare that every candi-date they support must stand on an Alliance platform.

Chicago.
Chairman Brice has called a meeting
for Monday, June 20, From correspondence committeemer predict that the attendance at the convention will be very large. Many clubs from all over the country have written to the headquarters of the committee here, asking for tickets and expressing their intention of going in bodies ranging from fifty to 150. In such cases the applicant has been referred to the mem-ber of the national Democratic committee from his own state.

Stewart for Head of the Ticket. OMAHA, Neb., June 14.—The news of the death of L. L. Polk, president of the Farmers' Alliance, was received with many manifestations among the party leaders. It seemed assured that Polk would be either first or second at the Omaha convention. By some means it seems to have been generally understood that the Independent nominees should be selected with a view to concentrate the west and south, as the latter section should be accorded the second place. A new plan developed, which seems to meet with much favor among the leaders of the new party in this section. It is proposed to nominate United States Senator William B Stewart of Nevada for president and Thomas Watson, representative in congress from Georgia, for vice president. It is now said that General Weaver, who has been most prominently mentioned for the first place, is strongly inclined to favor this ticket
