WEDNESDAY, MAY 10, 1893.

The Mississippi floods give promise this year of being more than usually disastrous.

Of the five hundred Chinese reported as residents of Nebraska, only seventy registered last Saturday at Omaha, under the provisions of the Geary law.

An order has been issued by the world's fair managers prohibiting smoking on the grounds. This is taking away from man one of his greatest pleasures while making a tour of the grounds.

The impeachment proceedings in the supreme court are progressing rather slowly and the end is not in sight. There is a vast amount of testimony being introduced. It can not be said that anything very startling has been developed.

The world's fair management has designated June 8th as Nebraska day. Now let the railroad companies give the people of this state a rate to Chicago and return which will insure a successful celebration of the day by Nebraska people.

CONGRESSMAN BRYAN and the other free silver patriots who are endeavoring to propagate a new species of democracy in Nebraska are receiving little countenance and less comfort from the administration. If there is to be a recasting of democratic principles in the north-western states, the president is evidently determined to superintend the work in person.

WALLACE, our fair neighbor to the south, is to have a democratic paper in the near future. There are not many democrats in the neighborhood of Wallace, but there will continue to be a fine crop of land office notices, which is quite an incentive for the establishment of a democratic paper.

The following political gossip comes from the Washington correspondent of the State Journal: Committeeman McIntosh of Sidney is still in the city. He will be the next receiver of the Sidney land office, if I don't miss my guess, and will have Jack Adams associated with him as receiver.

The telegraphic news sent to Kearney that W. L. Greene was sick, but not drunk, will be read with pleasure by those who have hoped that his reformation would be permanent, says the Journal. It is possible to be very ill and yet to have tasted no liquor, but it is hardly possible to drink a great quantity of grog and feel very well while the reaction goes merrily on.

Myrtle Leases. Every one is planting corn and wishing for rain. Mr. and Mrs. Null transacted business in North Platte on Saturday. Miss Campbell spent Saturday and Sunday in North Platte. Chas. Wiberg came home on a short visit on Friday, and had a straw-berry party with a few of his friends.

Wallace Warblings. Will and Alford Prey left Sunday morning last with three cars of cattle for Omaha. How long they will be gone will probably depend somewhat on the market. The post office racket has come to a standstill. Various files for honor are filed and fled and it now remains a matter of speculation, or of who best can work or has the most influential friends.

A common every day scrap took place in Wallace last Saturday between E. E. Sawdon and Sam Sayers. No one, to our knowledge, has been able to find out the cause of the mutiny. Both parties however, still survive with but slight abrasions.

At Corral Iowa, May the third, at the home of the bride's daughter, Thomas Payor, of Panora, Iowa, and Mrs. Mary Carrier, of Wallace, Nebraska, were joined in the bonds of matrimony. On the following day they set sail for Panora, the home of the groom. Though aged and of short acquaintance both are well respected where ever known, and of good financial standing and have the well wishes of all acquaintances.

Brother Marion Carrier has succeeded in moving his building from his farm onto his city soil, although under considerable difficulty and considerable damage to the house. He will soon have the structure in good repair, and ready for use.

Prof. M. P. Woodell will have charge of the summer school and institute work of Hayes Center this summer, which will be a sufficient guarantee of its success. Teachers who wish to improve themselves would do well to attend during vacation.

Norman Jackson has secured control of the Holdrege Nugget, the pioneer newspaper of Phelps county, and will in the future be a resident of that town. Mr. Jackson has always occupied a warm place in the hearts of the people of Wallace and their best wishes go with him and his estimable wife in their new venture.

H. M. Clarey recently disposed of his half interest in the Wallace Barn to Dick Shinkle. Mr. Clarey retired from the business on account of bad health.

A number of teachers, who are interested in the cause of education, including county superintendent H. C. Pennell of Hayes Center, and Prof. M. P. Woodell, H. W. Yarn-Camp, Rhinehart Wessel, Mrs. Nona Hettinger and the Misses Grace Hettinger, Dena Kirk, Julia Fell, Mary Horner and Margaret Horner of Wallace attended the South-western Nebraska Educational association at Ogallala on the 28th and 29th ult. All say they were well repaid for their time and trouble.

When the associating convenes at North Platte the people of that town may expect a much larger delegation from Wallace. This vicinity was blessed with an abundant rainfall last Saturday, since which time all kinds of vegetation has made unprecedented growth. Many fields of grain that were thought to be ruined have come out in great shape, and the prospect for a bountiful crop in this section was never better than at present. TOD MOXA.

Dear Oreck. We were blessed with a little rain at last, which will do good to the growing grain and grass. Flowing for corn is nearly all done and corn planting is the next thing in order.

We notice that Walter Brown makes frequent visits up the East Curtis creek of late. It is a girl that makes "Scotia" smile nowadays. "I long to bathe my fevered limbs in Curtis creek's foaming tide, I long to take a little spout down its goggling slide, I long to air my socks and sport bare footed on the beach and so it goes, I long for something out of reach."

We notice in the Era that one of its correspondents styles himself "Scab" as his non de plume. We are a little curious to know the writer's meaning. Now a "Scab" is an incrustation over a lot of pus or rottenness, or in other words, means, paltry, vile, worthless fellows. There is to be found a great variety of "Scabs" among the laboring class of the people, such as incompetent workmen that are not skilled in their labor. There are a great many scabs among farmers. The writer may be one of these scabs. Nevertheless we are not able to say that the writer is one of these kind of beings. But we think there must be something lacking in the upper story. OLD RELIABLE.

Mr. A. L. Armstrong, an old druggist, and a prominent citizen of this enterprising town, says: "I sell some forty different kinds of cough medicines, but have never in my experience sold so much of any one article as I have of this Hirschberg's Syrup. All who use it say it is the most perfect remedy for Cough, Colds, Consumption and all diseases of the Throat and Lungs, they have never tried it, a specific for Croup and Whooping Cough. It will relieve a cough in one minute. Contains no opiates. Sold by A. F. Streit, 3-1."

A case of Georgia justice is cited in the newspapers which is interesting. A boy was arrested on a charge of stealing. He was convicted and fined \$5 and costs, with the alternative of one year in the chain gang. He could not raise the money and he has been sold into slavery to a lumberman for a year, the county getting \$8 a month or \$72, in lieu of the \$5 fine. It is, perhaps, needless to add that the boy had a black skin. On inquiry it turns out that this is the regular criminal practice in Georgia when negroes are hauled before the bar of justice.

There is nothing I have ever used for muscular rheumatism that gives me as much relief as Chamberlain's Pain Balm does. I have been using it for about two years—four bottles in all—as occasion required, and always keep a bottle of it in my home. I believe I know a good thing when I get hold of it, and Pain Balm is the best I have ever met with. W. B. Denny, Dayton, New Lexington, Ohio. 50 cent bottles for sale by A. F. Streit, Druggist.

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 17, 1889. Royal Baking Powder. Absolutely Pure.

Somerset Snap Shots. Some fine rain fell this week. Corn planting has now begun. C. Small went to Lincoln on business Monday. George Moore has sold his land near here to Judge Neville.

Edith Jolliff came up home from Curtis Tuesday. L. J. Randolph has been setting out timber on D. W. Simm's tree claim the past week.

The county commissioners were looking after business connected with their office in these parts Monday.

The auditor and claim agent of the B. & M. R. R. were in these parts Tuesday looking after a settlement of some of the losses occasioned by the recent prairie fires.

Mr. Ray, father-in-law of L. A. McDonald, died at the residence of the latter north-east of here last Sunday night, and was buried at Wellfleet, Tuesday. He was 70 years of age, and had been a resident of the state for several years.

A sad and fatal accident occurred at the residence of M. H. McDermott, on Thursday evening, when a little son of Mr. Darnell, in throwing a stick, struck the little daughter of Mr. McDermott on the head or neck. The little girl became very sick and continued so till Friday noon, then seemed to be better till noon Saturday, when she went into spasms and died that evening. The funeral will be held at the school house, Tuesday. The many friends of the parents sincerely sympathize with them in their sad bereavement. O. I. C.

Mylander Bubblings. S. Mang is on the sick list but we hope he will soon recover. H. Johnson's new house is finished. Mr. and Mrs. C. Mylander are going to New York and will stop in Chicago to take in the world's fair.

Our Sunday school had its yearly election Sunday April 30th, and officers elected as follows: Supt. A. H. Dieuer, assisting superintendent, Mrs. C. H. Rider; secretary and treasurer, C. H. Rider, organist, Miss Sarah Loper; teachers, Bible class, John Discoe, intermediate, John Mylander; infant, Miss Sarah Loper. Our Sunday school has been running for two years and has done well. In meantime it has purchased a new organ and other necessary furnishings.

We need some rain here pretty bad, and we think Mr. Piercy ought to send us down some of the oats and other crop will come up. Two of Pete Mylander's nephews arrived from Sweden the other day. B. Hershey has put down a new well on his Cottonwood ranch. Miss N. S. Esteb left Thursday for Omaha to take up her work. She has been spending her vacation with Mrs. Sweet and friends in Mylander precinct.

EVERYBODY'S BUSINESS. A Victory for North Platte. Properly adjusted spectacles and eye-glasses are something that the people of North Platte has long been in need of.

Prof. H. Hirschberg the well known eye expert of 629 Olive street, St. Louis, Mo. and 30 E. 14th street, New York, has appointed A. F. Streit agent for his celebrated Non-Changeable Spectacles and Eye-Glasses, where a complete assortment can always be found. Prof. H. Hirschberg will remain in North Platte May 15th to 20th and all those in need of properly adjusted spectacles and eye-glasses should avail themselves of this opportunity. Consultation free.

Undeterred by the windy warfare made by the great party of reform against trusts and combinations, the sole and best leather companies have just formed a gigantic trust, right under the nose of Attorney General Olney, down in Jersey with \$120,000,000 capital and an issue of ten millions in bonds for immediate service in cornering the market. The trusts evidently believe that they have a clear field for operations under the administration. Never before in the history of the country have they proceeded with more boldness in defiance of the anti-trust and combination laws on the federal statute book.—Journal.

Clinton, Missouri. Mr. A. L. Armstrong, an old druggist, and a prominent citizen of this enterprising town, says: "I sell some forty different kinds of cough medicines, but have never in my experience sold so much of any one article as I have of this Hirschberg's Syrup. All who use it say it is the most perfect remedy for Cough, Colds, Consumption and all diseases of the Throat and Lungs, they have never tried it, a specific for Croup and Whooping Cough. It will relieve a cough in one minute. Contains no opiates. Sold by A. F. Streit, 3-1."

The Hirschberg Optical Co., of 629 Olive street, St. Louis, Mo., and 30 E. 14th St., New York, have completed arrangements to have Prof. Hirschberg stay with their agent, A. F. Streit, and examine eyes of all who are in need of glasses. This will be a rare opportunity for all who are suffering from defective vision to have their eyes scientifically examined and corrected.

The Professor comes here wholly in the interests of the H. Hirschberg Optical Co., and will stop with his agent, A. F. Streit May 15th to 20th where may be found a full line of H. Hirschberg's Non-Changeable Spectacles and Eye-Glasses.

All oculists and physicians everywhere pronounce in their favor and all who use them are only too glad to testify to their clearness, durability, comfort and ease they give to the eyes, even at the most difficult work. Consultation invited.

Out of sight. The traveling public are now fully aware of the fact that the Chicago, Union Pacific & North-Western Line offers the very best accommodations to the public from Omaha to Chicago, Omaha and intermediate points, not only during the World's Fair, but all the year around.

J. H. Inman, the very able editor of the Broken Bow Leader, has purchased the Kearney Journal and will shortly preside in person, over the destinies of a great daily paper.

Captain Sweeney, U. S. A., San Diego, Cal. says: "Shillib's Catarrh Remedy is the first medicine I have ever found that would do me any good." Price 50 cts. Sold by North Platte Pharmacy.

A pupil of the Genoa Indian school, while stealing a ride on a freight train, slipped under a car and his leg was so badly crushed that it was necessary to amputate it above the knee.

Karl's Clover Root, the new Blood Purifier, gives freshness and clearness to the complexion and cures Constipation. 25c, 50c and \$1.00. Sold by North Platte Pharmacy.

C. W. Orr is being prosecuted at Niobrara for having sold a pair of ob-be-joyful to a redskin named Elk, whereby the noble son of the forest became unduly boisterous and made things very unpleasant for Mrs. Elk and the little Elks.

To The Public. Prof. H. Hirschberg, the well known Eye expert of 629 Olive street, St. Louis, Mo., and 30 E. 14th street, New York, wishes to inform his many friends and patrons of North Platte and vicinity that he will be at the store of his agent, A. F. Streit May 15th to 20th, and adjust his celebrated Non-Changeable Spectacles and Eye-Glasses to all in need of them. Consultation free.

A Seward county friend sent to McKelighan for a quantity of seeds for distribution. The able representative sent through about a bushel in small packages, with his frank upon each so the distribution could be mailed without expense. The thrifty applicant, however, concluded to sell them to his neighbors, and is said to have been very successful.

Ballard's Horshound Syrup. We guarantee this to be the best Cough Syrup manufactured in the whole world. It is a great deal, but it is true. For Consumption, Coughs, Colds, Sore Throat, Sore Chest, Pneumonia, Bronchitis, Asthma, Croup, Whooping Cough, and all diseases of the Throat and Lungs, we positively guarantee BALLARD'S HORSHOUND SYRUP to be without an equal on the whole face of the globe. In support of this statement we refer to every individual who has ever used it and to every druggist who has ever sold it, such evidence is indisputable. For sale by A. F. Streit.

A man who has borrowed money to build a \$5,000 house on a \$2,000 farm, ought to be willing to pay the debt in as good a money as he received. But the Jim Weaver finance theorists are calling for cheap money, that debts may be paid in fiat instead of fact. This form of partial repudiation will never be accepted by those who believe in the golden rule and a sound currency.

While Mr. T. J. Richey, of Altoua, Mo., was traveling in Kansas he was taken violently with cholera morbus. He called at a drug store to get some medicine and the druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy so highly he concluded to try it. The result was immediate relief, and a few doses cured him completely. It is made for bowel complaints, and nothing else will ever fail. For sale by A. F. Streit Druggist.

The cold late spring is considered a blessing in disguise by the doctors who have been charged with the special duty of keeping the cholera out of the country. They say that keeping the disease in check in the old world, and making chances for an invasion much less than they were a few weeks ago. Every week of delay makes the quarantine stations better prepared to care for the scourge when it does make its appearance.

The most painful cases of rheumatism may be relieved by a few applications of Chamberlain's Pain Balm to the afflicted part. It will give any case, no matter how long standing. It is equally beneficial for the lame back, pain in the side, pain in the chest, lameness, and in all painful affections requiring an external remedy. A piece of flannel saturated with Pain Balm and bound over the seat of pain is superior to any plaster. For sale by A. F. Streit Druggist.

A Treat For North Platte. The Hirschberg Optical Co., of 629 Olive street, St. Louis, Mo., and 30 E. 14th St., New York, have completed arrangements to have Prof. Hirschberg stay with their agent, A. F. Streit, and examine eyes of all who are in need of glasses. World's Fair Travelers Will Have It. The public demand thorough service when traveling. It is old-fashioned to "change cars." On the through, solid vestibuled trains of the Chicago, Union Pacific & North-Western Line from or to Chicago, Omaha and intermediate points there is no change. This is the finest and fastest service between the points named.

The Pleasures Of Toil are unknown to many thousands in the world's grand army of toilers. It is because so few of them labor with their heads as well as with their hands. Thinking pays; ideas are so much capital.

The McCormick No. 4 Steel Mower is an ideal machine. There are more good ideas about its construction than can be found in any other mower. Probably that's why its sales are so enormous. It has the best foot-lift to be found on any mower; is fitted with the McCormick cold rolled finger bar, and will stand the severest tests possible to a grass-cutter. Guaranteed to work where others fail.

It's a light draft mower, and it's durable. It's an easy winner of field trials. It's a really valuable mower in more ways than can be enumerated here—and it costs but little more than a "cheap" machine. The Hirschberg McCormick Catalogue shows the special merits of this mower. Write for it. Write to: McCORMICK HARVESTING MACHINE CO., CHICAGO, ILL. HERSHEY & CO., Agts.
