-S. B. Tuttle died at the residence of Wm. Pulver in this city yesterday morning from an affection of the heart Tuttle arrived in North Platte from accompanied by his seventeen year old son, expecting this climate to benefit his rapidly declining health. The father and son rented a small house in the south part of town and lived there until a few doys ago, when Mr. Rideout learned of Tuttle's condition and securing an order from poormaster Hawley had him removed to the Pulver residence, where he died as above stated. The condition of the house in which the deceased had been living indicated that he was in bad financial condition, there being scarcely and furniture, no stove and apparently nothing to eat. The deceased leaves wife in Brooklyn, and a week or so ago the son wrote her stating the condition of the sick man, but up to yesterday no reply had been received. The remains were interred vesterday afternoon.

will raise about \$2500, and we can issue

\$10,000 in bonds making \$12500 in all

which will establish an excellent incan-

descent electric light system. I am not posted on electric lighting but I believe

we can bave three distinct kinds. The

are which is only suitable for streets and

public buildings, the incandescent which

is suitable to streets, public buildings and private residences and the arc and

expensive system. The arc system alone

is out of the question as it has been

tried once here and failed. It is too

distance off. It is too expensive to light

the whole town well, but the incandes-

cent could be carried to the remotest

parts of the city as the residents there would want lights in their houses and

the same wire could be used for lighting

the streets. Our city would look an

immense sight better and our people

would have more benefit to have a

incandescent light at every street cross-

ing to the outskirts of the town, than a

few are lights hung in the business part

I believe the desire for electric lights

is general and no time must be lost in

order to have the tax in this year's levy.

The revenue obtained from lighting

vards, shops and hotel of the U. P. rail-

way, court house, school houses, hotels,

would fully pay for the running of the

works so that we could get our streets lit for nothing or only the cost of the

works. It is reported that the U. P. is

so favorable as to give free a location for

the works on its right of way. Let us
