Another Day's Debate on the Sillier Question in the Senate—Hatch Hopeful of His Antislavery Measure.

WASHINGTON, Oct. 10.—The resolution offered yesterday by Mr. Dolph (Rep., Or.) calling on the state department for information as to whether the Chinese government had requested an extension of the registration of Chinese laborers under the Geary bill was laid before the senate by Mr. Dolph at 10 o'clock to-day. Mr. Dolph set out to make a speech upon it, but was cut off by a suggestion from Mr. Sherman (Rep., O.) that the resolution referred to executive business and has to be considered in private session. Mr. Dolph attempted to argue that the bill was not applicable in this case, but he was again cut off by the ruling that a matter before the senate involving executive business required the president's order to be closed. The ruling did not at all suit Mr. Dolph's plan, which was to have his speech made in open session and reported, but he had to yield. The galleries were accordingly cleared and the doors closed.

The doors were reopened at 11:50 and the silver purchase repeal bill was then taken up. Mr. McPherson (Dem., N. J.) arguing in support of the bill and declaring his belief in the policy was shared, he said, by two-thirds of the people who had any opinion on the subject. He declared that the Sherman law was the main and only cause of the business troubles.

The resolution of Mr. Dolph, calling upon the state department for information concerning the repeated requests of the Chinese government for the suspension of the enforcement of the exclusion act, was passed. It was introduced in a short speech made in urging the passing of the resolution that this request should be made. The whole matter will hereafter be discussed behind closed doors.

CARS BLOWN TO PIECES.

Ferocious Explosion of Powder on a Fast Freight Train in Ohio.

BIG RIVER DAM BROKEN.

Mississippi Inundating a Lower Illinois Region—Innocent Lives Daily Damaged by Fire—Express Car and Contents Burned.

MISSILLON, O., Oct. 10.—A carload of powder, comprising part of the first section of an east-bound freight train, exploded on the Pittsburg, Fort Wayne and Chicago road near North Lawrence, seven miles west, about 8 p. m. In this city many buildings trembled as if visited by an earthquake. Twenty box cars were blown to pieces, with the track and the bridge destroyed. No cause was assigned for the explosion.

It was named McDearmont and Eardon, and it is thought that any will die. Engineer E. R. Corvin of Crestline, Fremont MacCann of Lattin and Brake-man W. W. Rockhill of Alliance were badly burned about the body. Two men named McDearmont and Eardon, who were beating their way home from Chilton from Greenville were also badly injured. All telegraph wires near the scene are down.

Express Car Burned.

SPRINGFIELD, Mo., Oct. 10.—On the west-bound passenger train on the "Frisco" road, near Hancock, a lamp was overturned and it set the car on fire. The car was a large amount of baggage for the Kansas division, valued at \$8,500, which was destroyed. The value of the express material is not known.

Two Fatalities.

CHICAGO, Oct. 10.—Of the 213 cases treated at the Emergency hospital yesterday not one remained today. Only two of them were fatal—those of John Dryden, the shell bomber, who was mangled by the premature explosion of a shell during the display of fireworks, and James Malcomb of East Oakland, Cal., who died of apoplexy.

Mine Damaged by Fire.

CARTHAGE, Mo., Oct. 10.—A destructive fire occurred at the CanonMine mine in the northern part of the city. The mine, which had not long since been fitted out with expensive machinery, was totally destroyed.

Broke a Big Dam.

ALTON, Ill., Oct. 10.—The water in the Mississippi has broken a dam near Alton, and is rushing through a break 50 feet long with a noise and roaring that can be heard for miles.

Business Portion Burned.

TENNESSEAN, Pa., Oct. 10.—Fourteen buildings at Mestopong, embracing a business portion of the town, were destroyed by fire.

Scott's Bill Road.

O'NEILL, Neb., Oct. 10.—Judge Kimball convened court to give Barrett Scott an opportunity to furnish bonds. Although he had only \$24,000, he had about \$40,000 secured, when the judge stated that court would stand adjourned until the 14th, as he was expected to hold court there.

Antislavery Convention.

SAN FRANCISCO, Oct. 10.—The state antislavery convention resolved that President Cleveland be censured for non-compliance with the act which requires that congress be called upon to retax an extension of time for registration. All organizations in sympathy with the movement are requested to insist on the Gary act being enforced. A committee of 11 members will be formed to carry out the resolutions.

Pueblo Hotel Burned.

PUEBLO, Colo., Oct. 10.—The uncompleted hotel Mesa has burned. The hotel was six stories high with 3-story cupola ending. The walls were completely and the roof in place last spring, but the financial panic stopped the work. Boys playing in the cupola started the fire, which burned with tremendous speed through the fire proof construction. Loss, \$100,000; insurance, \$50,000.

Osborne Denied a New Trial.

TOPEKA, Kan., Oct. 10.—The motion for a new trial of Secretary of State Osborne came up in court and, after argument by counsel, was denied. Osborne, it is said, will appeal the case to the supreme court. The secretary of state was convicted last week on charges of criminal libel preferred by certain Republican ex-state officials whom Osborne, in interviews, had accused of malfeasance in office.

Horrible Work of a Maniac.

HELENA, Mont., Oct. 10.—John Braml, a rancher living in the eastern part of the state, in a fit of insanity almost severed his daughter's head from her body while she was sleeping. He then beat his wife to death with a hammer and slit himself through the head. Another daughter aged 17 weeks whose sister was being killed and managed to escape.

DEPREDATATIONS OF INDIANS.

Cattle Driven Off the Wyoming Ranges and Fires Started.

ROCK SPRINGS, Wyo., Oct. 10.—The country north of Rock Springs is overrun with Indians who are wantonly slaughtering game for the hides. These red devils respect neither man or woman, or the laws of the country. They not only kill the game for the hides, but annoy settlers by driving stock off the ranges. About a month ago these lazy vagabonds swooped down upon the country southeast of Rock Springs and cleaned up nearly everything in sight. A fire which was started by the thorn is now raging in the timber. They are very insolent and do not hesitate to kill the stock of settlers for their own use. They have with them 4,000 or 5,000 head of ponies, eating up every spear of grass in the country. The settlers have made complaint to the authorities, but no effort has been made to stop the depredations.

GREAT DAMAGE TO CROPS.

Millions of Bushels of Wheat Destroyed by Bad Weather in Washington.

SPOKANE, Wash., Oct. 10.—Reports coming in show that about 3,000,000 bushels of wheat have been totally destroyed in this state, and that at least 3,000,000 bushels will have to be graded down to about half price. The heavy rain for the last three days has in many places knocked down the crop that remains uncut, and before it can be harvested it will sprout and be destroyed. In the northern part of the Big Bend country a heavy snow fell, destroying all crops not yet harvested.

GRAIN BUYERS SAY.

GRAIN BUYERS SAY. The damage to crops from the rain and snow will reach \$75,000,000, but they estimate that the shipment from the state will reach nearly 10,000,000 bushels, which is about the same as last year. In northern Idaho and Washington about four inches of snow fell.

CATTLE KINGS HOLD SWAY.

How They Have Been Given Leases to Vast Indian Lands.

GETTYSBURG, Pa., Oct. 10.—In the bill introduced in congress by Delegate Flynn, providing for the ratification of the Kiowa and Comanche treaty, and providing for the early opening of settlement of their 3,000,000 acres of land, appears the following significant clause: "Leases made in pursuance of the laws of the United States of any part of said reservation which may be in force at the time of the ratification of congress of this agreement shall remain in force as if this agreement had not been made." The real meaning of this clause is, that though congress may ratify the treaty at once and pay for the lands, the settlers will be kept out of the best portions of the lands for two years by the Texas cattlemen who have them leased and are pasturing their herds there.

BARRED FROM THE TICKET.

Mitchell, Candidate for Governor of Iowa, Has Chances or Not. DENNIS, Mo., Oct. 10.—Deputy Secretary of State C. S. Britton refused to receive the nomination papers for the prohibitionist candidate for governor, Bennett Mitchell, on the ground that he had not taken the oath of office. Mitchell, however, has been endorsed by the old-time prohibition party, so his name is upon their ticket. Chairman Wright insists that the third party endorsement of Mitchell should not bar the prohibitionist candidate from a ticket upon the official ballot, and he will apply for a writ mandamus, compelling the secretary to receive the nominations.

Pueblo Hotel Burned.

PUEBLO, Colo., Oct. 10.—The uncompleted hotel Mesa has burned. The hotel was six stories high with 3-story cupola ending. The walls were completely and the roof in place last spring, but the financial panic stopped the work. Boys playing in the cupola started the fire, which burned with tremendous speed through the fire proof construction. Loss, \$100,000; insurance, \$50,000.

He then beat his wife to death with a hammer and slit himself through the head. Another daughter aged 17 weeks whose sister was being killed and managed to escape.

Had No Fire Department.

ACKLEY, Ia., Oct. 10.—The business portion of Parkersburg, 16 miles east of here, burned. It is a town of about 800 inhabitants with no fire department. The Waterloo fire department was called on and helped the flames after a hard fight. The entire business portion is in ruins. The loss is estimated at \$100,000, with small insurance.

Mistake of the Ohio Legislature.

COLUMBUS, O., Oct. 10.—It has been discovered that the last legislature by mistake repealed section 1,609 which provides for appeals from the common pleas to the circuit court. The law takes effect in November and much inconvenience to attorneys and litigants must ensue before the matter is corrected.

Secretary Lay Not a Defaulter.

PITTSBURGH, Oct. 10.—The executive board of the Union Mine Workers' association has investigated the charges of delinquency preferred against J. M. Lay, secretary and treasurer. The investigation showed the charges to be unfounded.

Dissolved the Injunction.

TOPEKA, Oct. 10.—J. G. Hazen of the district court dissolved the injunction against the Topeka club which grew out of the manœuvre of the Populist Republican party to carry the city in favor of the prohibition element.

Knocks Out Billy Ernest at the Coney Island Club.

IT TOOK JUST EIGHT ROUNDS

The Atlantic City Lad Had an Easy Victory and Proved Himself a Clever Fighter.

Sullivan and Kammer Will Be cleared a Draw.

CRANE ISLAND, N. Y., Oct. 10.—The crusade of Kings county's clerical agency against the Coney Island Athletic club did not deter a crowd of about 2,500 from witnessing the two contests scheduled. The first was between the two well-known middle weights, Jim Sullivan and Charlie Kammer for a purse of \$1,000 while the other bout was between Dan Gallagher, Rich Wilkies, Joe McCarthy and Joe Burke.

Ernest entered the ring immediately after the other men got out. With him were Second Dan Gallagher, Rich Wilkies, Joe McCarthy and Joe Burke. Two minutes later Leeds came in having Dominick McCallister, Frank White, Harry Lawrence and Bob Anderson of Atlantic city as seconds with him. Johnny Eckhart was referee.

Leeds won by knocking Ernest out in the eighth round. It was fully five minutes before Ernest could be taken from the ring. Leeds was greeted with loud applause and in the opinion of many had an easy victory.

LOWER PRICES FOR WHEAT.

CHICAGO, Oct. 10.—WHEAT—During the first two hours of trade was steady at a lower price than on Tuesday. The market was active. December wheat opened 3/8c lower, 54c 3/8c. Market closed at 54c 1/2c.

CORN—Corn was steady on light receipts with large shipments and a rumored bull market report from Kansas reducing the yield. May opened unchanged at 47c advanced to 48c. Market closed at 48c 1/2c.

OATS—Oats were dull, but steady with corn. The range was 3/4c to 3/4c and 3/4c to 3/4c, holding steady at 70c to 70c, 70c to 70c, 70c to 70c.

CATTLE—Cattle were steady. Live reports from the range showed lower prices in live hogs, which prevented any further advance in price. Fat hogs were 3c higher, Saturday. January 1st 5c higher, January 1st 5c higher.

INSPECTED THE RUSSIA.

Dr. Jenkins Has Not Decided Whether It Has Chances or Not. NEW YORK, Oct. 10.—Dr. Jenkins visited and inspected the steamship Russia. No further cases of illness have occurred. Mr. Ains, seriously ill, was removed to Swinburn island. Charles Smith, who has almost recovered, was also removed to Swinburn island. The woman, Ann, died. The only statement which Dr. Jenkins would make was that the circumstances were suspicious. The steamer passengers were detained on Hoffman island for at least five days. The salmon and second cabin passengers will be detained on board the vessel. The result of the bacteriological examination is not yet complete.
