Queen Victoria is said to be getting
increasingly feeble in her powers of
locomotion and has to be carried up
steps or the smallest rise of ground. But
whatever may be her physical condition,
her mental powers are absolutely unim-
paired, and her capacity for work is un-
diminished. She takes increased in-
terest, too, in matchmaking, and has of
late repeatedly expressed her opinion
that the poorer princes of the younger
branches of the royal house of England
ought to marry into the wealthy aris-
tocracy of Great Britain, as Prince
Adolphus of Teck is about to do.

The courage of the pop and demo-pop
newspapers in Nebraska isn't equal to
their alleged convictions. Every last
man jack of a pop editor proclaims his
belief that a contest of Holcomb's elec-
tion would develop the fact that his
plurality was 15,000 instead of 3,202,
but at the same time covers with stereo-
typed abuse and well worn epithets a
foot and a half deep, any republican who
suggests that he would like to have the
count investigated a little. Why this
arrant cowardice if Mr. Holcomb can
show up 12,000 more votes? What are
you afraid of, if it isn't the shadow of
the frauds that you suspect your fine
workers perpetrated on election day? No
honest man can object to an investi-
gation.—Journal.

A leading republican state senator of
Kansas says that it was Mr. Ingalls'
heart's desire to be returned to the
United States senate and that all his
talk about being "a candidate—not now,"
and that he would wait for his "old seat"
—Peffer's seat, "was only for effect. He
said the ex-senator wanted to be re-
turned to public life at the earliest
opportunity and that he would not take
any chances in waiting for Peffer's term
to expire if he should see an opportunity
of succeeding Martin this winter. An
argument in favor of Ingalls, the state
senator said, was the fact that the re-
publican party had had bad luck in
Kansas ever since he was retired, in 1891.
This he said would cause many mem-
bers, and especially such as might be a
little superstitious in politics, to rally to
Ingalls' support should he go into the
race this winter.

Political Paragraphs.
What a pity it is that Bayard doesn't
resign, so that Wilson could be sent to
London as Ambassador. The English
love him so.

Our democratic friends say it was the
stay-at-home vote. If that be true
whence came the increase of 2,000,000
republican votes over the vote of '92?
An eminent mathematician has figured
it out that the amount lost to American
workmen during the two years of
democratic misrule is a round \$1,000,
000,000.

Governor Morton has filed a statement
showing that his campaign expenses
amounted to \$10,700. The salary
amounts to \$10,000 a year, so that at the
end of the two-year term Mr. Morton
will be long on glory and short on cash.

Kolb, the pop candidate for governor
in Alabama, has issued a manifesto de-
claring that he was elected governor and
will have the seat at all hazards. He
claims that he was counted out, and
don't propose to stand it.

Where now are the prophets that two
years ago pronounced "the republican
party dead and buried by democrats?"
The saviors of the republic and the
union are not the kind of people to stay
dead, as the facts show.

Even Texas polled 70,000 republican
votes. If the growth of intelligence has
the same ratio during the next two
years that it had in the last two the
election of a republican president may
be made unanimous.

Since the advent of the democratic
party into power a little over two years
ago, it has succeeded in adding \$100,
000,000 to the interest bearing debt
against the government. And this is
the kind of "reform" we hear so much
about.

Three citizens of Chicago nominate
W. J. Bryan as the democratic candi-
date for president in 1896 and suggest
Senator Bacon of Georgia as his running
mate. The latter predisposes the ticket
to fat frying propensities, which mil-
lions against genuine reform.

Had the chosen presidential
electors this year the republicans would
have secured 324 votes in the electoral
college to 120 for the democrats. The
lead may not be so formidable in 1896,
but it will still be large enough to keep
the election out of the house of repre-
sentatives by a comfortable majority.

By Sulloway, congressman-elect from
the First New Hampshire district, is a
character in his way. Primarily a
criminal lawyer, in politics a democrat,
then a green backer and now a republi-
can, he has latterly been a devotee in the
ranks of the Salvation army captain. He
is six feet six in his stockings, can
kick like a Kilgore and talk from his
boots up.

The democratic mills are not like the
mills of the gods that "grind slow." They
have only been grinding a year and
nine months—but long enough to grind
adversity into millions of homes; to add
\$100,000,000 to the national debt and to
produce and cultivate animosities among
the nations of the world that will be a
bar to commerce for years to come.

The new czar of Russia continues to
give evidence of liberality. He favors
a great freedom of the press, and has de-
clared his intentions to abolish the
secret court police, whose business it is
to protect the czar and his court, and to
terminate the state of siege, which puts
everything under military rule. It
seems that a new political life is to be
begun in Russia, but the great difficulty is,
that the mass of Russian people is
uneducated and ignorant.

The confession of Henri Watterson
that the democratic party has lost its
honor without saving its bacon ex-
presses the situation perhaps better than
any other formula that has been pro-
posed. The loss of the bacon will be
considered by most of the great army of
office-seekers in the party as the most
serious, but the rank and file of the
democracy, the common people to whom
the party was dear from inheritance and
tradition, will mostly grieve over the
loss of its honor.

In Alabama trouble is to be expected,
as Kolb, who pretends to have been
cheated out of the governorship by
democratic election frauds, states that
he is going to be seated as governor
while the present Governor Jones de-
clares that the democratic Governor
Oates is elected and "by the grace of
God" (which probably means by the
bullet of the militia) will be installed.
Kolb may be arrested for treason.

The success of Mrs. Annie M. Beam,
of McKeesport, Penna., in the treatment
of diarrhea in her children will un-
doubtedly be of interest to many mothers.
She says: "I spent several weeks in
Johnstown, Pa., after the great flood, on
account of my husband being employed
there. We had several children with us,
two of whom took the diarrhea very
badly. I got some of Chamberlain's
Colic, Cholera and Diarrhea Remedy
from Rev. Mr. Chapman. It cured both
of them. I knew of several other cases
where it was equally successful. I think
it cannot be excelled and cheerfully
recommend it." Twenty-five and fifty
cent bottles for sale by A. F. Streitz and
North Platte Pharmacy.

The Grand Duke of Baden, who has
shown his anger at dismissal of Count
Caprivi by Emperor William, is, with
the possible exception of the King of
Saxony, the most popular and influen-
tial ruler in Germany. He married the
only daughter of the old Emperor Wil-
liam and has always been an outspoken
admirer of Prince Bismarck. It will be
a sorry thing for the Kaiser if he fail to
appease him, as his influence in the
maintenance of German unity has been
greater than that of almost any other
ruler. He is considered one of the hand-
somest princes in Europe.

Mr. J. C. Boswell, one of the best
known and most respected citizens of
Brownwood, Texas, suffered with
diarrhea for a long time and tried many
different remedies without benefit, until
Chamberlain's Colic, Cholera and
Diarrhea Remedy was used; that re-
medy had on once. For sale by A. F.
Streitz and North Platte Pharmacy.

The report which comes from Gary,
S. D., that an effort is to be made to
split off a large section of the republican
party immediately after the next na-
tional convention in case the platform
is not strongly in favor of free silver has
thus far failed to shake the firmament.
It is possible that a new party will be
formed for a campaign in 1896, with a
platform demanding protection and free
coinage, but it will be made up largely
of the leavings of the late democratic
explosion. The republicans have neither
the time nor the inclination to go into
that sort of business.—Journal.

Mohammedanism seems bent upon the
destruction of christianity in Armenia.
The recent massacre of 10,000 people is
only one of ten in a series. Six occurred
prior to 1855, one in 1860, and the others
in 1876, 1878 and 1894. Armenia now
has a population of about 5,000,000. Will
the christian nations of the world quietly
look on while the Turk wreaks his ven-
geance? Is there no redress for these
poor sufferers? Their condition to-day
is most deplorable, and appeals to the
humanity of the world. Turks should
be told to let the christians of Armenia
alone, and if they fail to comply the un-
speakable Turk should be blotted out of
the list of nations by the most direct
route.—Ex.

WHAT'S THE USE OF TALKING
About coughs and colds in the sum-
mer time. You may have a tickling

to know that Park's Cough Syrup is the
best cure for it. Sold by North Platte

It seems indeed that the new czar of
Russia is to inaugurate a new policy all
around. DeGiers, the minister of for-
eign affairs, who has ruled Russia's
destinies for a long time, has resigned,
Gen. Vannski, the minister of war, has
resigned and Krivosheine, the minister
of railways has resigned; the latter, as it
is stated, in consequence of defective ar-
rangements in connection with the
federal trains, conveying the imperial
family and the remains of the dead czar
from Sebastopol to Petersburg.

Mr. Thomas Batte, editor of the
Graphic, Texarkana, Arkansas, has
found what he believes to be the best
remedy in existence for the flux. His
experience is well worth remembering.
He says: "Last summer I had a very
severe attack of flux. I tried almost
every known remedy, none giving re-
lief. Chamberlain's Colic, Cholera and
Diarrhea Remedy was recommended to
me. I purchased a bottle and found al-
most immediate relief. I continued to
use the medicine and was entirely cured
I take pleasure in recommending this
medicine to any person suffering with
such a disease, as in my opinion it is the
best medicine in existence. 25 and 50
cent bottles for sale by A. F. Streitz and
North Platte Pharmacy.

The California fruit-shipping industry
may be revolutionized by the invention
of an Alameda preacher, who has de-
signed a refrigerator car in which car-
bonic acid gas will be used to preserve
the fresh fruit. A test carload has just
arrived in San Francisco after a trip to
New Orleans. Although nearly two
weeks in the car the fruit is in good con-
dition.

Mrs. T. S. Hawkins, Chattanooga,
Tenn., says, "Shiloh's Vitalizer 'SAVED
MY LIFE.' I consider it the best remedy
for a debilitated system I ever used." For
Dyspepsia, Liver or Kidney trouble it
excels. Price 75 cents. Sold by North
Platte Pharmacy.

The fight for the capital of Montana,
which result in a victory for Helena, did
not make a serious haul on the millions of
Marcus Daly, the Anaconda boomer.
His cash investment was trifling. In-
stead of ready money he issued certifi-
cates for one dollar each, promising \$50
in case Anaconda was victorious. How
many were sold is unknown, but it is not
unlikely Marcus is ahead of the game.

Captain Sweeney, U. S. A., San Diego,
Cal. says: "Shiloh's Catarrh Remedy is
the first medicine I have ever found that
would do me any good." Price 50c. Sold
by North Platte Pharmacy.

An old man near Niles, Michigan, has
had some disagreeable experience which
made him wiser though poorer. He
possessed 3,500 in gold which he buried
in his woodshed, as he did not trust the
banks. But when he after some time
wanted to inspect his treasure and opened
his woodshed safe, the money was
gone, and there was no clue to the
thief.

SHILOH'S CURE is sold on a guar-
antee. It cures Insipient Consumption.
It is the best Cough Cure. Only one
cent a dose. Twenty-five cts., 50 cts.
and \$1. Sold by North Platte Pharmacy.

The U. P. railroad and the Oregon
Railway & Navigation Co. have con-
cluded a satisfactory arrangement, by
which the said Oregon company re-
ceives 27 per cent on all passenger busi-
ness delivered at Huntington to the said
company. Some time ago an agreement
on freight business was made, so that all
controversy is removed.

Thoughtful people heed advice, and
profit by it. Our advice to you is, use
Oregon Kidney Tea. It has no equal as
a remedy for all ailments of the Kidneys
or Bladder, and 25 cents is a small
amount to invest for a trial package.
For sale by A. F. Streitz.

Whenever an old man of prominence
dies Philadelphia brings out her own old
men to point to with pride. The death
of Robert C. Winthrop furnishes the
present opportunity. There are three
Philadelphians equally admirable for age
and eminence—Rev. Dr. Furness, who is
92 and the oldest living graduate of Har-
vard; Frederick Fraley, the banker, who
is 90, and Professor John Sartain, father
of mezzotint engraving in America, who
is 86.

Armenia was the first country in the
world to officially sanction the worship
of Christ, and through the sixteen cen-
turies that have since elapsed the people
have under great stress and amidst
many revolutions maintained their faith.
Their creed differs to some extent from
the Roman and the Greek Church, but
it is at one with them on the cardinal
truths of Christianity.

SHILOH'S CURE is sold on a guar-
antee. It cures Insipient Consumption.
It is the best Cough Cure. Only one cent
a dose. 25 cts., 50 cts., and \$1.00. Sold
by North Platte Pharmacy.

John B. Goff, the Lexow attorney con-
ducted the cheapest campaign in New
York City. His expenses amounted to
75 cents. The office of record, which is
really the criminal court of the city, pays
\$12,000 a year, and in addition there-
for is entitled to compensation as
member of the city board of appropria-
tions, which swells the salary to \$16,000
a year. And Mr. Goff was elected for a
three-year term. John believes it is bet-
ter to be born lucky than handsome.

REMOVAL.
We take pleasure in announcing that
after this date Park's Sure Cure will re-
move all cases of rheumatism, kidney
trouble or liver complaint, from the
user. It is to-day the only medicine that
is guaranteed to cure these diseases or
no pay. Park's Sure Cure is sold by the
North Platte Pharmacy.

One of the oldest and best known of
the physicians of Chicago is quoted as
saying that 100,000 people in that city
receive medical attendance free through
the public hospitals, dispensaries and in-
firmaries. Three out of four of these
people would be able to pay for advice
and medicines if necessary. The phy-
sicians are asked to give their services
gratuitously to these "charities." They
do so in the best and most self-sacrific-
ing spirit possible, and as a result have
seen their paying practice diminish from
year to year until the shrinkage has be-
come positively startling.

IS YOUR TONGUE
Coated, your throat dry, your eyes
dull and inflamed and do you feel mean-
generally when you get up in the morn-
ing? Your liver and kidneys are not
doing their duty. Why don't you take
Park's Sure Cure? If it does not make
you feel better it costs you nothing. It
cures Bright's disease, diabetes and all
kidney complaints. Only guaranteed
cure. Sold by North Platte Pharmacy.
