MINOR MENTION. -Don't fail to attend the great spring opening of the Boston Store.

-Mrs. G. T. Field entertained a few of her lady friends yesterday afternoon at a luncheon.

-The Masonic brethren report a very pleasant time at the sociable last night at the residence of Dr. Eves.

-A very small Chinese baby attracted considerable attention at the depot this morning. It was quite cute.

-The issue of High school building or no High school building, should not be lost sight of at the approaching school election.

-A couple of young local bicyclists managed to have their machines collide last night with the usual results to the wheels.

-The I. O. G. T. literary and musical social last night was largely attended and an unusually interesting programme was rendered.

-The Y. M. C. A. will give a first class musical entertainment Monday evening, April 15th, in the K. P. hall. Programme will appear next week.

-Herman Steinhausen yesterday loaded his portable property into a car and left for Rockey, Neb. This is a new postoffice recently established down near Lincoln.

-The members of the North Platte Wheel Club are requested to meet at Lemaster's shop on March 24th at 8 a. m. sharp for club run.

-O. E. Elder will shortly move into the city from the Medicine and will take the management of the old VanDoran livery barn, with the determination to make things move in that quarter.

-The game of foot-ball Wednesday evening was a very exciting one from start to finish. Dr. Northrup had hard work to manage the boys. Next game Friday evening at 6:15, at which time the regular players will be chosen.

-The shot store of Clark Browning, in Beatrice, was closed by the attorneys for the mortgagees one day this week. Mr. Browning was formerly in the same business in this city, and his numerous friends here will be pained to learn of his misfortune.

-The big ad. of W. T. Banks, upon the first page, speaks for itself. Had more of North Platte merchants the nerve to issue a similar proclamation through these columns they would have less occasion to complain of the stringency of the times.

-Read the ad. of the Boston Store.

-Talk about the wallings and shriekings of a lost soul as it sinks into purgatory. Davis, the hardware man, has imported a hoodoo whistle, named "The Develine," which makes the former effort hide its head in shame.

-A telegraphic request was sent in yesterday to our representatives in the legislature urging the repeal of section 2034 of the Nebraska statutes. It is as follows: "No tract of land shall be crossed by more than one ditch, canal or lateral without the written consent of the owner thereof, if the first ditch, canal or lateral can be made to answer the purpose for which the second is constructed."

-The only ticket ticket thus far filed with the clerk is the one mentioned in these columns last week. In this connection the name of James M. Ray for police judge was unintentionally omitted therefrom. This was a most grievous error for which we are doing penance during these Lenten days, as THE TRIBUNE unhesitatingly endorses his candidacy for the above position, or for any one of a similar character.

-S. A. Douglas Circle No. 20, Ladies of the G. A. R., was instituted by Mrs. N. M. Hunter, of Loup City, past department president of Nebraska, on March 21st, 1895. The following officers were elected and installed: President, Mrs. Klein; senior vice-president, Mrs. Farrington; junior vice-president, Mrs. Schmalzried; secretary, Mrs. Clark; chaplain, Mrs. Weeks; treasurer, Mrs. Gaunt; conductress, Miss Laura Nauman; guard Mrs. India Baker. After installation Mrs. Baker and a committee of the ladies visited the High school, where, by the courtesy of Prof. Orr, the pupils gave the Balch salute to the flag. Mrs. Hunter was greatly delighted with the salute. In the evening a session was held at the residence of Mrs. India Baker, where several of the G. A. R. members were obliged honorary members of the Circle. This order is a part of the G. A. R. At the last year's encampment past dept. commander Church and dept. commander Adams and about one hundred others were obligated.

-The dirt is blowing out of the city streets to-day faster than it was put in.

-The United States fish commission's car No. 3 passed westward this morning on train No. 7.

-Lemaster's sissors sign is a novel one, but some improvements are contemplated in the near future which will make it all the more striking.

-As a "business proposition" it might be as well for the Era to second the suggestion for a new depot instead of endeavoring to sneer at the idea. Physician, apply some of your remedies.

-C. L. Bowen this week moved up to the Dillon farm on the ditch, and in company with Rufus Briggs will put out a huge garden this season for the purpose of supplying the local market.

-J. C. Piercy's petition has been filed with the city clerk for the position of member of the board of education. He has four children attending the public schools, takes a great deal of interest in the same, and would make a first-rate man for the place.

-THE TRIBUNE favored the reelection of Mr. VonGoetz because he has made an exceptionally efficient mayor, and as such deserved a reelection. That gentleman, however, had no desire to make a fight for the office, and hence would not be a candidate. This being the case, THE TRIBUNE quite naturally endorses the candidacy of a Mr. Baker, against whom no fault can be entered.

-Harry Lamplugh has had a great Arctic scene painted upon his ice wagon. It represents an Eskimau leaving his canoe to escape from the wrath of a Polar bear, whose domain he has invaded. We don't know whether Monday intends to convey the idea that these arctic brutes have chased him out of the Arctic regions for robbing them of their favorite ice or not.

-J. D. Calhoun, an old newspaper man of Nebraska, who is now living in Florida, writes a friend in this state a private letter in which he states that the recent freeze in that state has set Florida back from five to ten years, more than the people of Nebraska generally suppose, by reason of the destruction of the orchards there. His belief is that diversified farming will be the quickest way for the state to recuperate.

-The following programme will be rendered by the L. L. A. at the Y. M. C. A. rooms, Monday night, to which all are cordially invited: Music, Y. M. C. A. Glee Club; address, H. E. Hollingsworth; reading, H. McMichael; solo, George Dowlin; paper (current events), Vera Langford; soliloquy, A. E. Searle; music, Glee Club; debate. Resolved that the present times predict the downfall of the nation; affirmative, Fred Elliott, Jr., and H. S. Ridgley, negative, Wm Milthrope and F. H. Edmonds.

-A Michigan exchange: A child is born; the doctor in attendance gets \$10; the editor notes it and gets \$5; it is christened and the minister gets \$5; and the editor writes it up and gets 10; it marries and the minister gets another fee; the editor gets a piece of cake or 100. In the course of time it dies; the doctor gets from \$5 to \$100, and the minister perhaps gets another \$5, the undertaker \$25 to \$50; the editor prints a notice of death and an obituary two columns long, a set of resolutions some lodge or organization to which the deceased belonged, and receives 1000, and then has the privilege of running a free card of thanks a lot of poetry besides.

-A CARD -To the "Chinaman" who conducts the "Kicker" column: Your little jokelet (?) last week was wide of the truth in its insinuations, as can be proven by reliable witnesses of my actions. SHORTY.

-Conductor Joe Mooney has a delicate little lead pencil which he uses for registering his train, and the names of extra brakemen. It is about twelve inches in length, and an inch or so in diameter, and as a splendid advertisement for the company sending it out. It is named the "Just for Fun."

COWS TO HERD. The undersigned will run a herd of cattle in Dillon's pasture this season, commencing about May 1st, and respectfully solicits cattle from North Platte owners. The town will be canvassed in the near future. GEO. E. CARTER.

Miss Nellie Donahue left this morning for her home in Cleveland, O., in response to a telegram announcing the dangerous illness of her mother, Mrs. Warren Lloyd accompanied her. Several of her pupils saw Miss Donahue off, and were visibly affected by her departure.

RAILWAY RESUME. Another California stock special train went through this city this morning. Fireman Frank Kenyon, wife and little daughter returned yesterday morning from their fortnight's visit in Colorado. H. J. Clark and fireman Smith were yesterday engaged in "breaking" in the 21 and getting her in shape for a passenger run between this city and Grand Island.

Yesterday morning a package bearing the inscription "My name is Fred Lefty, and I want to go to North Platte, Neb." arrived here. It was a handsome spaniel puppy. The 629 will be out of the "back" shop in a few days, and in consequence W. S. Dolson is supremely happy. She has had a general overhauling and will be in first class shape. W. J. Crusen shouldered his gun yesterday morning and started out upon a war of extermination of the feathered tribe. William goes after a game bird with the same eagerness that he does a repentant sinner.

Wednesday the first of a series of California fast stock trains passed through this city, en route for South Omaha for Chicago. It went from here to Omaha in nine hours, passenger train time. The run from Cheyenne to this city was made in seven hours, and from Sidney here in three hours, and twenty minutes. The train received as much attention as a first class passenger train, and the experiment is being watched with a great deal of solicitude by railroad men, as it is said there is a large amount of the same class of business to come from the same state, and Nevada, if this shipment is successful. Three of the men who accompanied the shipment were native Californians and had never seen a passenger train.

Nichol Higgins, a party of men have been moving a ditch residence from one farm to another this week. He will reside in the same when in the proper place. The Sullivan boys were at work on their irrigation reservoir again this week. "It is a Jim slicker for a fact." John Nauman, from the county metropolis was visible in this section one day this week. The old ditch company surveyed a line down through this locality on Wednesday this week for the extension of what is known as the O'Fallons lateral, so as to get water upon its land just east of this station. Several parties whose land it passes through will invest in water rights. It goes about midway between the railroad and the Farmers & Merchants' ditch. D. A. Brown pulled in from the ranch in McPherson county Tuesday. He will now remain and put in a crop on his farm at this place. N. B. Spurrier and little son Willie returned from Decatur county, Iowa, on Tuesday, where they had been visiting relatives and friends for several weeks. About a dozen ladies from this neighborhood assisted Mrs. Maggie Toillon at a quilting on Thursday. A pleasant time is reported from those in attendance. "Snowball" and another colored lassie, of the Platte, passed up the line on foot as far as Hershey on Thursday, where they are being highly entertained at the depot in that hamlet at this writing. Miss May Salisbury, of the county seat, is stopping with Mrs. L. Strickler this week. If the present fine weather continues until Monday nearly every farmer in the valley will be in the field with a full force. W. L. Park and E. F. Seeberger, of the Platte, went up the track Thursday forenoon on a tricycle car with a sail attached, which seemed to be working like a charm in the gentle eastern breeze. Mrs. J. M. Dwyer is reported as critically ill at this writing. Some one let a horse with a saddle and bridle on belonging to C. S. Trovillo loose at Hershey Wednesday evening. He found it at Dug Brown's the next morning with the saddle and bridle, but a fine blanket which was under the saddle was gone.

There are a great many grangers throughout the country, who if they have anything to sell in the shape of grain, etc., will charge a neighbor granger more than they can get for the same article in market. A person would naturally suppose to hear the Hershey attorney and his "right bower" talk that the entire village of Sutherland was more than anxious to occupy the town site building in that hamlet. Frank Crick, of the Platte, is the guest of Archie Anderson this week.

SUTHERLAND NEWS. Geo. Emerson has a force of workmen building a house on his lot west of the church. His barn is already done and is neatly painted. A warehouse for seeds will be the next thing on the programme. Alex. Neilson took a couple of cars of cattle to Omaha the first of the week. G. W. Applegate is erecting a small dwelling on his lot east of Geo. C. White's residence. "MY KINGDOM FOR A HORSE!" Exclaimed King Richard in a moment of direst need for a rapid means of locomotion. Had this gallant old Shakespearean character lived in this swift electric age, his remark would have been "MY KINGDOM FOR A COLUMBIA BICYCLE!"

This remark would have proven that he was in touch with the wide-awake spirit of to-day. The gallant war horse so glowingly described by Job, while a thing of beauty, and no doubt well filling his position in the economy of nature, in these fin de siecle times, is no longer considered "in it" with the tireless steed of steel. That good old English poet Pope declared that "man wants but little here below, but wants that little long." His descendants who are members of the POPE MANUFACTURING CO. (builders of the Columbia Bicycles) have acted upon this advice, and are today constructing a wheel, the users of which declare there is none better made. Being the pioneers in this artificial aid to human locomotion, they have kept steadily in the lead with all the modern improvements which go to make up the perfect wheel.
