**MINOR MENTION.**

The Schrambling restaurant on Front street has been closed on account of lack of trade.  
 B. L. Robinson is improving his residence in the west end by the erection of a picket fence.  
 Mr. and Mrs. John Minor were host and hostess at a pleasant card party given a few evenings ago.  
 Major Lester Walker, who was critically ill with pneumonia for a week or more, is now convalescing.  
 Several land buyers were in town yesterday, but whether they invested in irrigated tracts, we did not learn.  
 Water has been turned into the Cody & Dillon ditch and the flow is found amply sufficient to water all land under the ditch.  
 Dr. Butt does crown and bridge work, also metal and vulcanite plates.  
 Alex Adams went to Lexington Wednesday to have an examination made by the board of pension examiners with a view of getting a pension. He was accompanied by W. C. Elder.  
 Tickets for the Engineers' May Party are selling rapidly and there is no doubt but that this event will be largely patronized. The concert by Bartling's orchestra, which precedes the grand march, will be worth more than the price of admission.  
 Watchman Sawyer claims to have driven thirty-nine tramps out of town night before last. This accounts for the present scarcity of tourists around town. If "Buck" keeps up the good work during the summer season he will deserve the thanks of our people.  
 Last Saturday evening one of M. C. Harrington's children ran against and knocked over a piano lamp which resulted in igniting the window curtains. Prof. Garlicks, who was present at the time, extinguished the flames, but in doing so had his hands somewhat burned.  
 Dr. Butt, dentist, will locate in North Platte about April 15th Office in McDonald's block.  
 A telegram was received from deputy secretary state Evans Wednesday stating that he had sold the \$8,000 warrant, drawn in favor of Lincoln county by the state, at par. The brokers have raised a question as to the validity of the relief bill else the warrants would sell at a premium.  
 At a meeting of the fire department Wednesday evening S. L. Bristol was elected chief and W. H. C. Woodhurst assistant chief. It was naturally supposed that H. O. Evans would be re-elected, but he failed to secure the necessary number of votes. The new officers are thoroughly competent and the department will in no way suffer by their election.  
 Every man and woman in North Platte should attend one of the several churches next Sunday. This journal can assure them that such action will result not only profitably but pleasantly. Sermons appropriate to the day will be delivered by the pastors, and as is always the case, specially prepared music will be rendered by the choirs. Another attraction will be the new gowns and hats worn by the ladies.  
 THE TRIBUNE of May 3d will be issued solely by the members of the ladies' auxiliary of the Y. M. C. A. Not only will the ladies have charge of the local and news columns, but of the advertising columns as well, and all revenues from the latter source will go into the treasury of that organization. There will be local, telegraph and society reporters, advertising solicitors and proof readers, and the issue of May 3d will undoubtedly eclipse any paper ever issued in North Platte. We trust our business men will respond liberally to the requests for special advertisements.

Have you seen that \$50 Ladies Bicycle at C. M. Newton's.  
 The bright sunny days that have caused the merchants to resurrect their canvas awnings.  
 Wm. Hayes, head push of the North Platte broom factory is visiting friends in Pueblo this week.  
 Ben Dikeman a few days ago purchased 320 acres of railroad land in town 15, range 32—northwest of town.  
 The Cody Guards are having a little tempest in a teapot with one of their officers, which will probably not end very seriously.  
 Prof. Garlicks has organized a five-piece orchestra and will soon be in position to furnish music for dances and entertainments.  
 C. P. Ross and Frank McClesney are in Keith County this week surveying an irrigation ditch on the ranch of M. A. Daugherty.  
 The bicycle dealers of the city seem to be having a good trade, and the fellow who does not have a wheel is not in the swim to any extent.  
 W. N. Gooden, of Eaton, Colo., passed several days in town this week and while here sold the county relief commission five carloads of seed potatoes.  
 It is semi-officially announced that one of our most pleasant young ladies will be wedded on Monday evening next to a young man living in Cheyenne.  
 Walter Ross, formerly connected with the Sidney Telegraph, passed a few days in town this week. Mr. Ross will start for New York next week on a bicycle.  
 A director of the agricultural society informs us that it is a question whether a county fair will be held this fall. If the season proves a favorable one for crops a fair will be held, otherwise not.  
 Miss Mazie Cunningham and Asa Fairchild completed their course at the business college yesterday and were given diplomas. The latter will go to Denver some time next week to look up a position.  
 Dr. Vorhees Lucas, who graduated last week from the Omaha medical college, arrived in town a few days ago and will locate here permanently. The Doctor, it will be remembered, formerly clerked in Longley's drug store.  
 Easter at the Methodist Episcopal church will be an interesting occasion. Besides the morning service with the usual offering to missions, there will be a special service in the evening conducted by the Sunday school. Everybody is welcome.  
 Don't forget that a new dentist will open an office in McDonald's block about April 15th. Give him a call.  
 The annual parish meeting of the Church of Our Saviour will be held on Easter Monday evening at seven o'clock. The usual reports will be made, and a new vestry elected. A full attendance, not only of communicants, but of all members of the congregation, is earnestly requested.  
 On the evening of the 19th inst. a public ball will be given at the opera house in connection with a gift presentation now being prepared by several young men. Prof. Stuff will have charge of the dance, which insures an excellent time for all participants. Prof. Garlicks' new orchestra will furnish the music.  
 It is hoped that the attendance at the concert to be given by the Y. M. C. A. next Monday evening will be largely attended. Not only because the programme is an excellent one, but for the reason that the funds thus received are badly needed by the association in order to make improvements in the rooms. The price of admission is placed at so low a figure that anybody can afford to go and hear this musical treat.  
 Dr. Butt, who will open an office in McDonald's block, does first-class dentistry in all its branches.  
 Sunday, Easter day, there will be the usual Easter services at the Church of Our Saviour. Holy communion at 7:45 a. m. Full Easter service with holy communion at 10:30 a. m. Children's service with carols and missionary offerings at 3:30 p. m. (the two Sunday schools uniting in this) and evening service and sermon at 7:30. There will be baptism of children at the afternoon service. Everyone welcome to all services.  
 Messrs. Spaulding & Jennings, of Gothenburg, have been in town for several days with a view of purchasing H. S. Keith's stock of hardware. Up to noon to-day the deal had not been made, but it is likely the transfer will occur. Mr. Keith will retain possession of the stock of furniture and continue in that business. Messrs. Spaulding & Jennings are energetic business men and as such THE TRIBUNE is glad to welcome them to North Platte.

The city council will meet in regular session next Monday evening.  
 The home of Geo. G. McKay on West Third St. was gladdened on Tuesday of this week by the arrival of a bright new girl baby.  
 The show window of the Fair store has attracted a great deal of attention this week by the splendid manner in which it has been draped by the clerks.  
 We are requested to invite all members of the Grand Army of the Republic to attend the funeral services of Wm. Emerson to be held to-morrow afternoon.  
 As some of the members of the cornet band will be out of town, and other wise engaged the probabilities are that a concert will not be given to-morrow night, as was expected.  
 H. S. Stuff will resume his instructions in dancing next week. Quite a number are desirous of learning the new dances which will be introduced at the May Party and have secured Mr. Stuff's services.  
 From the manner in which nursery stock is being received this week it is evident that an unusual number of trees will be planted in and around the city this spring. A large part of the stock received consists of fruit trees.  
 By one of those annoying little errors which occasionally will creep into even the most carefully edited newspaper, the types made us say in Tuesday's paper that "Fredk Barber" would sing a solo at the Y. M. C. A. concert. It should have read Fredk Baker.  
 A telegram received from Norfolk yesterday announced the death of Wm. Emerson the night before. The deceased was adjudged insane last summer and taken to the Norfolk asylum. The remains will arrive here to night and the funeral services will be held at the Methodist church to-morrow afternoon. The funeral will be in charge of the Grand Army of the Republic, of which the deceased was a member. Mr. Emerson was a resident of North Platte for many years and was well known in the city and county.  
 It is believed that a large number of farmers of Iowa and the eastern part of this state will take advantage of the excursion rates which the Union Pacific offers from Omaha to western Nebraska. These low rates are offered land seekers in order that they may investigate the irrigated lands of this section. It is therefore likely that we will have a number of the excursionists in town the early part of next week, and it is only proper that they be shown the country by our citizens, and especially by the owners of ditches.

*Easter Tide next to Christmas,*

is the most appropriate season for making your friends an elegant and appropriate present suitable to the occasion. CLINTON THE JEWELER wishes to fix the attention of the public upon the fact that he has an unusually large and handsome line of SILVER NOVELTIES adapted to those in search of something of this kind. His prices upon the same would almost lead one to believe that we are approximating the era of free silver to all, rich and poor.

CLINTON, THE JEWELER.

The members of the Gordon cornet band will be entertained next Wednesday evening at the residence of J. J. Sullivan. Some Omaha friends of the family are expected to be present.  
 Rev. A. W. Graves went to Ogalalla last week to deliver an address before a Sunday-school convention, but on account of the storm the convention was postponed until the 19th and 20th inst.  
 Appropos with the bright spring season the dental parlors of Dr. F. J. Morrill are undergoing a siege of house-cleaning and remodeling and when the decorators have finished their work the Doctor may well boast of one of the coziest little offices in the state. The rapidly increasing patronage of this popular young dentist demands more commodious quarters and increased facilities. By strict business integrity and superior workmanship he has built around him a remarkable practice in a short time, necessitating the securing of an assistant in the person of Dr. E. E. Northrup, of Chicago, an expert in mechanical dentistry. Time was when people thought it necessary to go to Lincoln or Omaha when in need of the services of a first class dentist but those days have passed. With an equipment of the most modern and "up-to-date" style and the services of a competent assistant anything in the way of dental work may be relied upon to be handled in a legitimate, responsible and satisfactory manner.
