TWO FIREMEN MEET DEATH.

And Eight Others Were Injured In a Fire In a Worcester Ragshop.

WORCESTER, Mass., July 1.—A fire in the ragshop of the Hubely Manufacturing company in Brackets court caused the death of two firemen and injured eight others and caused a financial loss of but $4,000. The dead are: W. F. Brigham, aged 34, married; Lieutenant J. J. Boyle, aged 36, single, both of hose No. 4. The injured are: Deputy Chief Engineer George S. Coleman, Captain W. N. Avery, John B. Casey, F. H. Bassford, R. D. Robinson, E. C. Atwood, all members of hose No. 4 and Henry Hall and E. C. Chamberlain of hose No. 9. Hose No. 4 was one of the first apparatus to reach the fire and attacked it in the top story. Without any warning the floor collapsed and fell, carrying the two floors underneath into the cellar. The men went down with it. Lieutenant Boyle's back was broken and Brigham was smothered under the piles of rags.

Drunken Fight Among Italians.

SCRANTON, Pa., July 1.—A drunken fight among Italians at Pecksville, this county, caused the death of one man and the fatal wounding of two others. All parties had been drinking, but the origin of the trouble is not known. Knives and pistols were freely used. Mike Domarco was stabbed through the heart by Paskola Parret, who is himself dying from a stab wound in the head. Nicolo Domarco was also fatally stabbed and John Corele was shot in the right shoulder, though it is thought he will recover. The men escaped injury fled and are hiding in the mountains.

Texas Authorizes the Fight.

AUSTIN, Tex., July 1.—The Corbett-Fitzsimmons fight, which is announced to come off in Dallas in October, is now an assured fact, insomuch as the state controller has issued a receipt of $500 occupation tax for the fight, which is required by law. The matter came about in this way: The tax collector at Dallas was tendered the $500 by the management of the Dallas Athletic club as necessary occupation tax for the fight. He referred the matter to the controller, who issued the receipt, and the fight will now come off under the very seal of the state of Texas itself.

TIN SITUATION REVIEWED.

Interesting Paper by Special Agent Rolker of the Geological Survey.

WASHINGTON, July 1.—In an extended account of the occurrence and production of tin throughout the world, C. M. Rolker, a special agent of the geological survey, discusses the tin situation in the United States. He says: "No tin is produced in the United States and the occurrences of this country are so far only of geological or mineralogical interest, with indications of prospective value in a few instances.

Tin was discovered in 1886 near Kings mountain, North Carolina. It occurs in the decomposed greisen and pyrite in slates, and in Mr. Rolker's opinion offers as legitimate a field for tin prospecting as do the Black Hills in Dakota.

In Alabama the tin occurs in grains through disseminated gneiss ledges. Mines have been worked in Clay county but have not paid so far. A few crystals of cassiterite have been found in Texas, but the country is practically unexplored. A tin discovery is reported from Colorado, but little is thought of it. Float or stream tin has been found in small quantities in Idaho and Montana. Efforts at mining tin have been made in Wyoming, but have resulted unfavorably. The value of the Harney Peak and other Black Hills mines in South Dakota have not yet been demonstrated. They have not been accurately tested as yet, and their management has met with many checks. They are now in the hands of a receiver. A little tin has been found in northern California, but the mines in San Francisco county, in the south, are the only ones of value. Prior to 1892 291,184 pounds of metallic tin were extracted from these. No work is now being done.

APPROPRIATION BILLS.

Newer Senators Not Greatly Infatuated With the One Committee Plan.

WASHINGTON, July 1.—A question which is engaging no small amount of attention among the senators who are looking forward to the business of the next session of congress is that concerning the effort which, it is well understood, will be made to have the appropriation bills distributed among a number of committees in the senate, as in the house. There has not been a congress since the house made the change from the system of having one committee handle all the appropriation bills when a similar change has not been agitated in the senate, but the more conservative senators have so far succeeded in preventing the movement from gaining formidable headway. The agitation has begun much earlier than usual for the next congress and was in working shape when the last session adjourned. It is coupled with a general desire among the newer members to secure a more satisfactory representation on the committees generally, and includes among its promoters a sufficient number of senators to cause the conservatives to feel no slight degree of apprehension over the possibilities.

The old senators will as a class fight the innovation and they have been getting their forces into line. The opposition will be based largely on the ground that the change, if made, will have a tendency to promote extravagance in expenditures, and the experience of the house will be pointed to in support of this contention.

Cincinnati Packers Fail.

CINCINNATI, July 1.—Sigmund, Frietch & Co., pork packers, assigned to Moses Ruskin, who estimates the assets at $110,000 and the liabilities at $58,000. Mr. Frietch says the assignment is only a suspension caused by the high price of hogs and the low price of lard. The firm has always had a favorable standing.

WILL SELL THE ROAD.

Trust Company to Begin Foreclosure Proceedings Against the Short Line.

EGAN GIVES UP IN DISGUST.

Would Not Take the Road With a Union Pacific String Attached—Will Abandon All Efforts For a Separate Receivership—Ex-Senator Dolph Talks.

PORTLAND, July 1.—The American Trust company will not accept the terms imposed by the decision of Judge Merritt in the Oregon Short Line and Utah Northern railroad receivership case, but will begin foreclosure proceedings.

Ex-Senator Dolph, counsel for the junior mortgage bondholders of the Oregon Short Line and Utah Northern, was seen today and when asked if it were true that efforts for a separate receivership for the Oregon Short Line and Utah Northern had been abandoned, he said: "The effect of Judge Merritt's decision was such as to stop all further proceedings by the American Loan and Trust company along the line they have been pursuing. The Utah court has simply imposed conditions which the second mortgage holders cannot afford to comply with, and have decided upon the better policy of foreclosing. The American Loan and Trust company would not raise the interest due on the prior mortgage and take the road if it was to be controlled in any degree by the Union Pacific.

"The American Loan and Trust company will proceed to foreclose this mortgage immediately. The Oregon case in the United States circuit court in Oregon has been set for the bill answer, and we have given notice of an application to the court next Wednesday to fix a day for the hearing. The American Loan and Trust company will sell the road, and the foreclosure proceedings will undoubtedly be brought by the bondholders under the junior mortgage. This will mean that the prior mortgage would be paid off and a general reorganization of the property be undertaken."

INTERSTATE DRILL AT ST. LOUIS.

Crack Military Companies of the Country Present at the Opening.

ST. LOUIS, July 1.—The interstate drill and encampment opened today with crack military companies present from different parts of the country. By noon the mud left by the heavy rains of the past two days had dried up and the ground was in splendid condition for the week's drilling.

Major A. S. B. Keyes, Third cavalry, stationed at Jefferson barracks, assumed command of Camp Hancock this morning, arriving with two troops of United States cavalry. He at once put the camp under strict military regulations and commenced the work of preparing for the ceremonies of the week.

The greater part of the day was spent by the assembled troops in getting settled and preparing for the work that begins tomorrow. At 2 o'clock every command headed for the city and took part in a parade through the business part of the town. Governor Stone and others reviewed the parade from the Planters hotel balcony.

TRIPLE POISONING CASE.

Mrs. Bronson Bennett Kills Herself and Two Children.

JEFFERSONVILLE, Ind., July 1.—When the sister of Mrs. Bronson Bennett visited the latter's house today she discovered a horrible sight. Mrs. Bennett and her two children, Homer, 6 years, and Lotta, 12 years, lay upon the bed. The children were dead and the mother was in the agony of a deadly poison. Physicians were called, but Mrs. Bennett is probably beyond help. She had poisoned the children, who had evidently been dead for several hours, and after watching them die, had taken the poison herself. She is the widow of Bronson Bennett, who defaulted as treasurer of Clark lodge, Brotherhood of Firemen, and who committed suicide some time ago.

BUENOS AYRES, July 1.—The New York Herald's correspondent in Rio de Janeiro, Brazil, telegraphs that the report of the death of ex-President Peixoto of Brazil reached there Saturday evening. It was impossible to get details until Sunday owing to the distance from Rio de Janeiro of Peixoto's home. The ex-president expected to leave his home for Rio de Janeiro Saturday afternoon, when he was attacked with the fatal disease, a combination of Beri-beri fever and abscess of the liver. He was comatose until 9:30 o'clock p. m., when he died.

At the end of the first inning, Harvey George, pitcher for the Marion team, dropped dead while throwing the ball. George had played with several league teams and was an exemplary young man. ST. LOUIS, July 1.—Postoffice Inspector Hall reports the capture of a trio of burglars and horse thieves, the leader being a woman. They were taken at Ludlow, Ark., and landed in the Springfield, Mo., jail for safe keeping. Lydia Bristol, alias Minnie Lee, 26 years old, is the leader of the gang. At the present time when American beef and beef products are excluded from German markets the subject of exporting horse meat from this country to Germany is attractsome serious attention. The demand for horse meat among the poorer classes of German workmen has increased in the last few years to that extent that the prices for such meat have very greatly advanced. Old hourses used to be bought for from $5 to $10, but now $45 to $50 must be paid. Paris uses from twenty to twenty-five thousand horses per year for slaughtering purposes. These facts would seem to indicate that there may yet be found an opening for the surplus horses of this country. It would be no particular occasion for surprise if in the course of a few years a lucrative trade should become developed along this line between western ranchmen and the countries above named.—Nebraska Farmer.
