Sells the above Coffee
together with a complete line of
STAPLE AND FANCY GROCERIES.
Prices Always Reasonable.
HIGHEST MARKET PRICE
Paid For Country Produce.

MINOR MENTION.

—Phil Loneragan will give a mid-summer social hop at the opera house this evening.

—W. L. Park received several thousand celery plants from Denver yesterday which will be set out on his ditch farm.

—The officers of Signet Chapter, O. E. S., will go to Sidney next week to assist in organizing a chapter in that town.

—O. A. Bacon, late of Well precinct, has located at Golconda, Cal., and writes that he is well pleased with the country and his position.

—Barring destruction by hail, a tenant on an eighty-acre ditch farm west of town estimates that his share of crops will net him \$2,000.

—The remains of Geo. Smith, who died in McPherson county Sunday, where brought to town to-day and shipped to Iowa for interment.

—The Lady Maccabees held installation services Saturday afternoon and followed the ceremony with a social, at which refreshments were served.

—Dog owners are gradually coming to the front and paying the license on their animals. Tag No. 100 will probably be issued before the close of this week.

—Geo. W. Dillard, the latter part of the week, moved his office and scales to the north line of Front street, and is therefore more conspicuous than formerly.

—David Hunter, living about a mile north of Sutherland, has harvested this season thirty bushels of red raspberries from a patch covering about a quarter of an acre.

—It is said that C. E. Osgood will leave in a few days for Colorado where he has secured a position with the Colorado Coal and Iron Co., of which his brother is secretary.

—The county commissioners have exhausted the 1895 general fund levy and find they have claims on hand amounting to \$1560 which will have to lay over, probably until next year.

—For sale, a good heavy work team. Inquire at the Wilcox Dept. Store.

—The ladies' wheel club made its initial run Friday evening, which resulted pleasantly to the members. Mrs. Jos. Morsch had a collision with another lady and rather badly demolished her bicycle.

—The report that the North Platte and Hershey baseball teams would play a game at the latter place Sunday was incorrect. The date of a return game with Hershey has not been definitely settled.

—The entry list for the bicycle races at the fair grounds to-morrow evening includes some of the best riders of the town, which means that the races will be well worth going to see. The U. P. will run a special train to the grounds.

—The school board of District No. 11 in Nichols precinct, advertise in our columns to-day for bids for the construction of a school house the main room of which will be 30x40. The plans call for a modern building and when completed will probably be the finest country school house in western Nebraska.

—We learn that the irrigation enterprise in the Big Horn basin, of which Col. Cody was president and E. Vanderveldt engineer in charge, has been abandoned. After the preliminary surveys had been made, it was found the scheme was not practicable. We understand Mr. Vanderveldt is temporarily located at Sheridan.

—We learn that a number of people living in the south part of this county wrote a letter to Governor Holcomb last week, petitioning him to provide means to relieve their destitution until they can harvest a crop. The letter was turned over to the state relief commission, who found that there yet remained in stock a ton of flour and a barrel of rice. These goods were shipped to Moorefield and turned over to the proper persons.

BICYCLE RACES -:- WEDNESDAY, JULY 17th,

At the Fair Grounds on the Wheel Track.

WEATHER PERMITTING.

Prizes of the Value of \$149.00,

SEE THE PRIZES IN CLINTON'S WINDOW.

—Up to last evening an even hundred bicyclists had joined the organization known as the "Wild West Wheel Club."

—The Lexington flouring mill is soon to be illuminated by incandescent lights from a dynamo placed in the building.

—Rev. Mr. Cisel, of Grant, will fill the pulpit at the Methodist church next Sunday, both morning and evening.

—S. A. Douglas Circle No. 20, Ladies of the G. A. R., will give an ice cream social at Mrs. J. F. Schmalzried's, Saturday evening, July 20th. Everybody cordially invited.

—An order for a carpet for the Knights of Pythias' hall was sent in yesterday, the lodge concluding to not further wait for a settlement with the insurance company for the loss sustained.

—One of the safest and surest cures for a bad case of "blues" is a trip up along the irrigation canal. The crops in that locality are such as to drive all gloom from any one who sees them.

—A. B. Dempster, president of the Dempster Windmill Co., was in town Saturday and took a trip up the river for the purpose of examining some of the irrigating plants which his company had sold to farmers.

—The ladies of the Lutheran church will give a lawn sociable at the home of Mr. and Mrs. Gus Anderson next Tuesday evening, July 18th. All are cordially invited to attend and be served to some splendid icecream and cake.

—J. G. Crabtree, who was in from Myrtle precinct Saturday, says the dry weather of the past ten days has about ruined the prospects for small grain. Similar reports come from certain sections in the south part of the county.

—Several residents of Birdwood precinct who are anxious to get water for irrigating purposes employed a surveyor to run a line from the Birdwood in McPherson county to the Birdwood table. It was found that the water could be got down to the flats, but it could not be run west on the lands desired to be watered, hence the scheme has been abandoned.

—Thos. Knight, a civil engineer of Kansas city, passed through town Saturday en route to Green River, Wyo. Mr. Knight represents a Kansas City syndicate which has secured land concessions in Wyoming and will irrigate the lands by means of elevators placed in the Green river. Mr. Knight claims that an elevator costing \$1200 can be made to water 20,000 acres.

—The Paxton and Sutherland irrigating ditch runs through a thirty-foot cut northeast of Sutherland. The formation of the soil is loose sand and considerable trouble has been caused by the sand sliding and filling the ditch. To obviate this the sides of the cut were covered with manure and grass seed sown thereon. This seed is now taking root and will soon form a sod that will keep the earth from slipping.

—Another use has been found for that succulent herbage, alfalfa, says the Republican City Democrat. L. W. Poor says that when the grass is about two inches high, it then cut and boiled with bacon, it makes the finest salad—far superior to spinach or asparagus, having a flavor similar to the latter. He also said that it makes excellent pies, and when the usual ingredients are mixed with a reasonable quantity of "Otard" or "Old Hennessy" excel the far-famed Virginia mince pies of ante-bellum days.

—This immediate section was visited by a refreshing rain Saturday evening.

—During the past week Charles Burke has shipped several cars of cattle to the South Omaha market.

—Victor VonGoetz and W. H. Broach were up on the ditch a day or two ago taking snap shots at the waving fields of grain.

—Quite a number of bicyclists who will take part in the races to-morrow evening have been sprinting on the track for a few evenings past.

—The school furniture was moved yesterday from Keith's hall, and that room will now be devoted exclusively to public meetings and entertainments.

—The devotional committee of the Y. M. C. A. has decided to invite the ladies to join them in their devotional meetings Sunday afternoon. Select music will be furnished if possible.

—One of the good acts of the last legislature was the amending of the election law so that registration is no longer required in cities of less than 7,000 population. For the present this useless bit of expense will be dispensed with in this city.

—We regret to learn that our old friend Alex. Adams is confined to the house and that his general condition is such as to cause fears of ultimate recovery. Mr. Adams is an old-timer, a pleasant gentleman and his condition is a source of general regret.

—C. S. Clinton received a telegram yesterday from Fred Gerlach, secretary of the L. A. W. in which he sanctioned the bicycle races to-morrow evening. The track was scraped yesterday and is now in better condition than ever before.

—John Neary exhibited at this office yesterday sample stalks of rye, barley and oats from his farm southwest of town. Mr. Neary's farm is located in the sand district, and the heavy winds of last spring drifted the sand and seed first this way and then that way, but nevertheless his crops up to date promise to yield very abundantly; in fact the samples he showed were exceptionally fine. Mr. Neary does not farm extensively but he farms well, and as a result he often raises more from twenty acres than do some farmers from 160 acres. Many other farmers in this county could with profit follow Mr. Neary's example.

—While passing out of the gospel tent on the north side last night Mrs. Ada Lee had her gold watch and chain stolen. There was quite a jam at the entrance to the tent, and the supposition is that the thief pushed alongside Mrs. Lee and succeeded in extracting the watch without attracting her attention. It had the name of "Ada" on the back, and the words "Ada, Oct. 6, '92", on the inside of the case. The theft was reported to the police this morning and they are at work on the case.

"ECONOMY IS WEALTH"
We are the People who have
The BEST FLOUR,
The BEST COFFEE,
The BEST TEA,
The finest grades of everything in the Grocery Line
in the City; always fresh and at prices that
DEFY COMPETITION.
HARRINGTON & TOBIN.

PURELY PERSONAL.

Will Ginn, of Perry, Iowa, is visiting North Platte friends.

Elder James Leonard went east on train No. 2 this morning.

Mrs. Ida Wamsley left this morning for Denver.

W. Pat Miles, of Sidney, was in our city for a brief time this morning.

Miss Albertina Carlson, of Gothenburg, is visiting friends in town this week.

Dr. J. W. Hingston, of Cheyenne, was here on professional business Sunday.

Mrs. J. D. Mathews left Saturday night for a visit with Cheyenne friends.

Jack MacColl, of Lexington, last evening made his semi-occasional visit to this city.

County Treasurer White, of Lexington, visited friends in this city the latter part of the week.

Thos. Hughes, Sr., who had been in Adams county for ten days, returned to the city last evening.

Miss Blanche Buckworth leaves this week for a visit with her sister Mrs. C. A. Diamond, at Lincoln.

Messrs. Burkland and Coker, of Sutherland, were among those who transacted business in town yesterday.

Miss Dollie Sherritt, who had been visiting her sister, Mrs. G. E. Loveland, left this morning for Laramie, Wyo.

J. S. Hoagland was called to Lincoln the first of the week by the announcement of the serious illness of his parents.

Dr. F. M. Somers is passing a few days in town while en route to Colorado, where he expects to locate, probably at Ouray.

Mr. and Mrs. E. D. Murphy and children, of Brady, were the guests of North Platte friends yesterday. They were enroute to Colorado.

Eugene Myers, for many years a resident of North Platte, but now working in the railroad shops at Ft. Worth, Texas, is here visiting friends.

Mrs. Jas. P. McGovern left last night for Iowa City upon receipt of a telegram announcing the death of her father yesterday. The children accompanied her as far as Omaha.

Fred Ginn left Friday ostensibly for Omaha, but the boys say his objective point was Perry, Iowa, and that a young lady the magnet which attracted him. He will probably be home to-night.

Miss Alice Plumer, of Maxwell, stopped over between trains yesterday while en route home from Denver. Miss Plumer finished her course at the Boston Musical Conservatory a few weeks ago.

Miss Josie Goodman arrived from Denver yesterday morning and will remain permanently with the family at the Cody ranch. The young lady graduated from the Denver high school last month.

Misses Ida and Frances VonGoetz, Ruth Patterson and Berenice Searle returned from Denver yesterday morning where they had been attending the teachers' association convention. The young ladies report a very pleasant trip.

H. M. Grimes and W. T. Wilcox left Saturday for Sheridan, Wyo., where they will pass a week or ten days camping out in company with an uncle of Mr. Grimes', who has charge of the Wyoming experimental station.

—Subscribers knowing themselves to be in arrears are respectfully invited to call and drop a dollar or so in the slot and receive in return a receipt and the thanks of the publisher.

When Buying
Minneapolis

FLOUR

Why not get the BEST?

The Wilcox Department Store

First door south of Streitz' Drug Store, - - NORTH PLATTE, NEB.

RAILWAY RESUME.

Seventeen refrigerator cars were iced at this station yesterday, requiring twenty-one tons of ice.

J. S. Clinton resumed work at the shops Monday, being given his old position of running the bolt machine.

Engine 816 came out of the shops last night. The 835, which has been in for some time, will be out to-day.

Conductor Carl Pierce has recovered from physical indisposition and is in condition to resume his run.

Supt. P. J. Nichols, accompanied by several other gentlemen, is expected here some day this week. He will show his guests over the irrigated district west of this city.

An ice lift for filling refrigerator cars will be erected at the U. P. ice-house. The power for operating the same will be furnished by the air fan at the shops and conveyed to the lift through a pipe line.

Roadmaster Connors has 19,000 cabbage plants in fine growing condition on his ditch farm, and four acres planted to onions. The corn, potatoes and grain on the farm promise to yield an immense crop and he will derive a handsome return from his investment.

Material for two copper fire boxes was received a few days ago and will be used on two of the engines on the fast mail run. No fire boxes have been constructed at these shops for many months, and now that these two have been ordered made here, it looks as though there might be a slight increase in the boiler-makers' force.

Geo. W. Vroman addressed a meeting at the court house last night and gave some additional facts concerning the proposed railroad, of which he is president. The Gordon cornet band rendered several selections prior to the opening of the meeting. We understand the railroad men of the city are subscribing quite liberally for stock in the road.

NOTICE FOR BIDS.

Sealed bids will be received up to 12 o'clock noon of July 20, 1895, by the board of directors of School District No. 11, of Lincoln county, Neb., for furnishing material and constructing a school house in said district. Plans and specifications can be seen by calling at THE TRIBUNE office, North Platte, Neb. The board reserves the right to reject any or all bids.

F. M. TERRY, Sec'y.

—The Lincoln County Immigration Association will give \$10 to any boy or girl in the county sending or bringing to the Ottenstein building the best display of grain sheaves, consisting of rye, oats, barley and wheat, showing the longest straw and heads. Sheaves should be four inches in diameter, tied up neatly and tagged. Each straw may be selected separately. All must be immediately wrapped in newspapers or cloth, and put in a dark place until ready to bring in. These specimens must include the root. The largest number of varieties of each will be considered in making the award.

Millet seed for sale.
C. F. IDINGS.

Studebaker Wagons at
Hershey & Co's.

SMOKERS

In search of a good cigar will always find it at J. F. Schmalzried's. Try them and judge.

NOTICE.

Property owners are respectfully requested to clean their alleys, cut the weeds and sweet clover and destroy the Russian thistle adjoining their property by the 1st of July, so that the city will have a clean appearance on the Fourth.
D. W. BAKER, Mayor.
