AN EXCURSION of real estate agents from Ohio, Illinois and Indiana visited Nebraska last week. After touring the state they departed for their homes flying a banner bearing the words: "We Are From the East; We Have Seen Nebraska; She Can Feed the World."

JUDGE CALDWELL of the United States circuit court at Leavenworth has signed the decree ordering the foreclosure and sale of the Atchison, Topeka & Santa Fe Railroad, which was in the hands of receivers. Just when the winding up process on the Union Pacific will begin is not known, although it may be ordered at any time.

ACCORDING to press reports Omaha's fiscal condition is in a very unsatisfactory not serious condition. The Lincoln Journal's suggestion of having the city treasurer to chalk down upon a blackboard the balances in the several funds, for the inspection of the city council prior to its meeting, is a good one. This might be a good plan to adopt in several other cities.

It is now said that the refusal of the treasury department to pay the sugar bounty is part of a deep laid scheme of the administration to wage a war upon all sorts of governmental bounties, which is to be used as the democratic campaign slogan next year. It is said the steamship companies, whose contracts expire November 1st, and who have been subsidized to carry the United States mails, will be the next to fall under the ban of democratic displeasure.

The railroad Gazette tells a story about government management of railroads in Germany that may interest the numerous Americans who want private ownership to be abolished in this country right away. We believe that the story ought to be verified before it is accepted as an actual fact, but here it is as given: "An American traveling in Germany took his valise to the forwarding office at a station, and while a receipt was in preparation asked the rate to the point to which it was to be sent. Surprised at the charge, he told the agent that he had changed his mind. 'But sir, I have begun to make out the receipt; you cannot change your mind.' The passenger then gave his reason, the excessive rate. 'I will have you arrested, sir.' Another American replied to a similar threat, 'I would like to see you have me arrested, but in the end the unfortunate man forfeited twelve hundred dollars bail rather than await the serious chances of a trial.'

"THERE were several encounters on the floor of the convention," was the casual but interesting information given by the Associated Press dispatches concerning the Ohio democratic convention. It is really too bad that the crusade for free silver threatens to bring about such a sanguinary conflict all along the line. It is surprising that in Ohio, cultured and educated Ohio, the democrats do not have the good sense to hold two conventions. Let them separate themselves into two distinct sections or factions and keep away from each other. One man cannot fight. A fight always presumes the presence of two belligerents. The way to have harmony is to do the way they do in Nebraska. Here each faction holds its own county and state convention. Personal encounters are avoided; there is no blood shed and no unseemly conduct. Let the democrats of the nation look to Nebraska for harmony. Here you find the most amiable brand to be discovered anywhere in the wide, wide world. Nebraska democrats have agreed to disagree, and that settles it.—Fremont Tribune.

What a fertile soil will do under favorable conditions is illustrated by Nebraska. Not a year ago her sister states were sending contributions to enable her citizens to live through the winter. Farms were worthless in many sections because there were no buyers at any price. Some owners even abandoned their homes, more than satisfied to begin the struggle again elsewhere, with empty hands but with an even chance. Now a wheat crop of 15,000,000 bushels has been secured, about 20,000,000 bushels of oats are nearly ready for sale, and 180,000,000 bushels of corn are almost beyond the danger of frost. It is not the money which will be received for these crops which means the benefit to the farmers. The

\$40,000,000 which these products are estimated to be worth is but a fraction of the eventual profit to the farmer. This amount will be received in cash, and will be noted because readily available. The greatest value of the crop to the farmers will come from the restoration of values to the lands because of Nebraska's restored reputation as an agricultural and grazing state. This addition to their wealth will be unnoticed by its beneficiaries generally, but it can be readily determined by a comparison of the price which he can obtain to-day with the price he could have obtained last year.—St. Paul Pioneer Press.

During twenty-four years of republican ascendancy the average reduction of the public debt was \$79,000,000 a year. The deficit under the present administration has been \$57,000,000 a year. There is a widespread theory that Mr. Cleveland does not care a rap about the future of his party, and that he would really prefer to see the republicans win in order to emphasize the greatness of the only democratic president in more than the third of a century.—Portland Oregonian.

It was reserved for a mugwump newspaper, the once famous and still interesting Springfield Republican, to urge the nomination by the democrats of Richard Olney for president. The Marquis of Queensberry, after making a careful investigation into the character and antecedents of the American wife of his son, Lord Douglas, has decided that she is "fit to take her place in the ranks of British aristocracy," and she will be accordingly welcomed as a member of his family. But can Lord Douglas' American wife afford it? She was, prior to her marriage, and probably is yet, a waitress in a California concert hall. Can a waitress in a mining camp afford to be thrown among the British aristocracy, particularly the Queensberry part of it? Is the lady not taking a hazardous step?—New York Morning Advertiser.

ORDER IS FILED IN OMAHA.

Judge Sanborn of the United States Circuit Court Names Receivers to Look After the Property and Deduce Their Duties.

OMAHA, Aug. 29.—The order of Judge Sanborn, of the United States circuit court, in the case of the Central Trust company of New York against the St. Joseph and Grand Island Railroad company has been filed in the circuit court for Nebraska in this city.

The hearing comes up at St. Paul on Monday on the application of the Central Trust company for the appointment of separate receivers to succeed the receivers of the Union Pacific, who have control of that road. The Central Trust company is trustee of \$7,000,000 of bonds under the first mortgage. The present receivers were appointed under the Ames "preservative" bill.

Judge Sanborn's order provides that S. H. H. Clark, Oliver W. Mink, E. Ellery Anderson, Frederick R. Conder and John W. Doane are appointed receivers of all the property, real and personal, and franchises of the St. Joseph and Grand Island railroad, and directed to maintain and operate such lines and property until otherwise ordered by the court, as a part of the Union Pacific system. Officers, agents and employees of the St. Joseph and Grand Island are instructed to obey and conform to such orders as may be given to them from time to time by the receivers.

Within 90 days from the date of entering upon their duties the receivers shall file with Special Master Cornish a report covering from their entrance upon the discharge of their duties until Nov. 1, 1895; showing in detail their administration of their trust. From the receipts from the operation of the road the receivers shall pay current expenses, taxes on the mortgaged property and all sums due intercepting railway lines arising from interchange of business.

Involves Title to Accretion Land.
SIOUX CITY, Aug. 29.—An important case involving the title to accretion land has been filed in the district court here. When the government survey was made a bayon, over 600 acres in extent, was formed off the Missouri river below Sioux City. Meander lines were run around it, and when the water afterward drained off settlers squatted on it as government land. A. T. Bigler, who owns the land on both sides of it, now asks that the settlers be evicted on the ground that it is accretion land and belongs to him. There are many hundred acres in the county over which there is a similar dispute, and this case will be made a test.

General Wallace Had Not Heard of It.
CHAMFORDVILLE, Ind., Aug. 29.—General Lew Wallace has declared very emphatically that he never heard until yesterday of his rumored succession to the position of congressional librarian. He is not a candidate, and would not accept the place under any consideration. General Wallace also said that the old library as it now stands is a hotbed of disease and pestilence.

Deputies Still on Duty.
ST. JOSEPH, Aug. 29.—Notwithstanding the statements that the trouble at St. Peter's and St. Paul's Polish Catholic church had been patched up, the deputy sheriffs on duty there have not been withdrawn, and Father Moran says they will remain on duty. The latter's life has been threatened by the warring faction, notwithstanding he has a guard. One of the leaders in the fight said to the pastor: "The car of Russia had a bodyguard, yet he was assassinated."

NEW MEAT INSPECTION ORDER.

Rules Laid Down by Secretary Morton to Protect Foreign Consumers.

WASHINGTON, Aug. 29.—An important order giving full protection to foreign consumers of American meat products was issued by Secretary Morton. It will prevent the exportation of any beef that is not inspected, and will cause the exporters of house meats to mark the packages so that the nature of the contents shall be apparent. The order follows:

"It is ordered that from and after Sept. 16, 1895, all beef offered for exportation, whether fresh, salted, canned, corned or packed, shall be accompanied by a certificate showing that the cattle from which it was produced were found free from disease and the meat sound and wholesome by an inspector of this department. And in order that it may be determined whether all beef exported has been so inspected and found to be sound and wholesome, it is further ordered that the meat of all other species of animals, which for any reason does not bear the inspection tags and stamps of this department, shall be packed in barrels or packages, which are legibly marked in such manner as to clearly indicate the species of animal from which the meat was produced. Meat which is not so marked and which is not accompanied by a certificate of inspection will be classed as uninspected beef and will not be allowed exportation.

"Notice is hereby given to exporters of meat, whether said meat is fresh, salted, canned, corned, packed or otherwise prepared, and to owners and agents of vessels upon which said meat is exported, that no clearance can be given to any vessel having on board said meat until the provisions of this order are complied with.

NOMINATED JUDGE MAXWELL.
Populist State Convention at Lincoln Names Him on the First Ballot.

SUPREME COURT. JAMES H. BOWMAN
University Regents. ELLIOT W. FOSTER

LINCOLN, Aug. 29.—At the Populist convention Senator W. W. Allen was elected permanent chairman, and after numerous speeches the convention adjourned until evening.

When the committee on platform and resolutions reported a spirited debate ensued over the plank indorsing initiative and referendum. A. A. Bryant presented a minority report, in which all reference to these were left out.

Alexander Irvine of Douglas called attention to its beneficial results in the cantons of Switzerland. The platform as reported by the majority and adopted follows:

We, the People's party of the state of Nebraska, in convention assembled, do put forth the following platform of principles:

We hereby reaffirm the principles of the Omaha platform.

We declare ourselves in favor of strict economy in conducting the affairs of the state government in all its branches.

We believe the judicial affairs of the state should be conducted on the principles of justice and honesty, without partisan bias, and in the interests of the people.

The Omaha platform had recommended the initiative and referendum. It was the intention of Bryant's minority report to adopt the Omaha platform, minus this recommendation. Upon this point the debate waxed warm.

The referendum won. Then a resolution declaring the party opposed to establishing a religious test for office was adopted. It declares for a public school system of a nonsectarian character.

Clerk Inherits a Fortune.
KANSAS CITY, Aug. 29.—After a long search Carl Stoffens, a clerk in an implement house here, and heir to large estates in Europe, has been found and apprised of his good fortune. Last May the police received a letter from the authorities of Merion-on-the-Mosel, Rhine province, Germany, asking information of his whereabouts and stating he had fallen heir to an immense estate in Germany.

Destructive Cyclone at Syracuse.
SYRACUSE, N. Y., Aug. 29.—A cyclone of hail, wind and rain struck this city at 5 o'clock Wednesday afternoon. The storm caused the greatest damage in the center of the city, trrolley cars being blocked and telephones, electric, police and fire alarm wires being blown down. At the annual fair of the State Agricultural society at Lakeside, thousands of dollars worth of property was destroyed.

The happiest man I ever knew was one who all day long stood straight up for Nebraska and sang her praise in song. No matter where her footsteps led, nor who was round about, nor if all else but he had fled, 'twas joy to him to shout the praise of the prairie state, with all his might and main, and when the wheels are all run down to wind them up again. He'd never been a pious man, but oft of him 'tis said a harp was placed within his hand as soon as he was dead, and that amid the happy throng beyond the shining shore he plays and sings Nebraska's praise, and will forevermore.—Kearney Hub.

PITTSBURG GETS THE NEXT.

Friendship Conclave Completes Its Work at Boston—Exodus of Sir Knights Begins. Many Pleasure Excursions and Receptions During the Day.

BOSTON, Aug. 29.—Dull gray sky and rain soaked earth rather discouraged the Knights Templar when they turned out for the day. Black and white plumes and tightly fitting uniform coats are giving way rapidly to fatigue caps and business suits, and the Sir Knights have settled down to sight seeing.

The session of the grand encampment was reopened at Masonic temple at 10 a. m., when the election of officers was taken up. Right Eminent William Warren Larue Thomas of Kentucky was elected grand master to succeed Sir Hugh McCurdy. Two hundred and one votes were cast, of which the successful candidate received 293. Very Eminent Sir Reuben H. Lloyd of San Francisco was elected deputy grand commander. Pittsburg was decided upon as the next convocation city.

The convocation of the women's Masonic organization, the Order of the Eastern Star, was formally opened at Union hall.

Out of town excursions have been as numerous and attractive as on yesterday. Golden Gate commandery of San Francisco visited Brockton, where the members were entertained by the Bay State commandery. The program consisted of a parade, a visit to historic Plymouth and a banquet. Cambridge commandery took its guests, Washington of Atchison, Kan., on a trip to Silver Springs, R. I., for a fish dinner. The Sir Knights of Arkansas and Texas, with their ladies, were welcomed today at Lowell by the directors of the Southwestern Telegraph and Telephone company. Luncheon was served at Lake View and the party was escorted down the Merrimack river to Lawrence, from which place the members returned to Boston. Some of the Arkansas commanderies and those from Toronto, Canada, visited Worcester as the guests of the Worcester county commandery. Tonight the exodus of Knights began. Several commanderies leaving for home, large numbers will go tomorrow, but many of the delegations, especially those from western states, will disband here at the close of the convocation, as a great many of these Knights intend to remain in New England for some weeks.

Veterans at Hastings.
HASTINGS, Neb., Aug. 29.—The crowd at Camp Sherman was greatly augmented today. Senator Thurston and Senator Allen, Colonel T. J. Mahon and ex-Governor Thayer were the speakers. The Lexington Cadets, a company of young ladies from Lexington, Neb., gave an exhibition drill. The afternoon exercises were in the hands of the Women's Relief corps and consisted mostly of short addresses by members of the organization.

Barred the Red Flag.
CHICAGO, Aug. 29.—The red flag, which was to grace the procession to be made Labor Day in honor of Kelt Handie, the English socialist, will not appear, as Mayor Swift today issued positive orders against its being carried through the streets. The mayor ordered Oscar Neebe, Michael Swartz and other socialist leaders brought to the city hall and warned them against any attempt at displaying socialist emblems.

Reunion of the Eighty-fourth Illinois.
MONMOUTH, Aug. 29.—About 500 members of the old Eighty-fourth Illinois volunteer infantry held the 18th annual reunion of that regiment here. Some of them came from Missouri, Iowa and Kansas. Stirring speeches were made favoring the placing of flags over school-houses and all public buildings. Captain C. Zoll of Vermont was elected president of the association.

Satellite Considering Protest.
WASHINGTON, Aug. 29.—The protests against the manufacture and sale of beer by the Benedictines of St. Vincent abbey of Beatty, Pa., is under consideration by Archbishop Sattoli. A second protest has been received here, this time coming from a temperance society of Buffalo, of which Rev. Father Zuercher is president.

"Gentle" Money Campaign in Missouri.
JEFFERSON CITY, Aug. 29.—The democrats who favor what is generally called sound money have opened their campaign with a speech delivered here by Mr. Fred W. Lehman of St. Louis, general attorney of the Burlington railroad.
