

JOHN HERROD Sells the above Coffee together with a complete line of STAPLE AND FANCY GROCERIES. Prices Always Reasonable. HIGHEST MARKET PRICE Paid For Country Produce.

MINOR MENTION.

Smoke Wright's Royal Sports and Havana Rose—5-cent cigars. Asa Searle has accepted a clerkship with John Foderhoff. Brakeman Glover has been ordered to Cheyenne to report for duty. Elsewhere the city marshal has something of interest to say to property owners. Railroad business continues to be brisk and the boys are expecting still better times. The republican candidates are already out in the field getting acquainted with the voters. Dr. W. A. DeBerry, dentist, office in First Nat'l Bank Bldg. Satisfaction guaranteed. Mrs. Lu Baker, of this city, who has been sick at Minturn, Col., for two or three weeks, is reported to be improving. C. W. Baskins has lost a week's work by reason of a felon on his right hand. He expects, however, to go out on his engine next trip. The Nebraska House lunch counter can supply you with anything found in the market. A specialty is made of short orders. Mrs. John Ellison came in from Salt Lake City this morning and will visit friends in this city and at her former home in Nichols precinct. Mrs. A. R. Bonner and Mrs. H. M. Grimes will entertain the ladies of the Eastern Star lodge at the home of the latter to-morrow afternoon, Sept. 25th. Manager Goodman, of the Cody ranch is feeding 200 steers which he recently purchased of Bratt & Co., and which he will turn off on the market about January 1st. Marriage is not a failure in Chicago. The public schools of that city are full and running over, and the board of education has already leased 213 rooms outside. This office has this week turned out a little job of printing requiring 10,000 impressions. Business men can promptly and satisfactorily be supplied by calling at the old stand. The A. O. U. W. and the D. of H. will hold a joint sociable at Keith's hall on Monday evening of next week. The attendance will be limited to members of the orders and their families. For first class dental work go to Dr. W. A. DeBerry. Office in First Nat'l Bank Bldg. It is said that John Singleton will leave for Pennsylvania the early part of next month, and that upon his return a serenade by the cornet band would be appropriate. W. E. Price says that he fired both barrels of his gun into a flock of wild ducks a day or so ago and killed fourteen. Were it not that William is a regular church attendant his statement might be doubted. It is said that Tim Mahoney, the straight democratic candidate for judge of the supreme court, will visit this city the early part of next month and make a speech. Mr. Mahoney is a very fluent speaker. "Shorty" Davis describes a wonderful breed of hogs he saw last week (not at the state fair), by saying that "they could drink out of the bottom of Lake Michigan without wetting their eyebrows." Those fellows who growl at the predictions made by the local weather bureau will please notice that the cold weather of Sunday was predicted two days in advance by observer Percy. If "tab" on Percy's predictions is kept it will be found that he is generally correct; more so than the forecasts made for this section by the head office at Washington. The "Kicker" of the Era and the figure-head editor were both in attendance at the republican county convention Saturday, and we may expect the next issue of that paper to be burdened with "fake" accounts of the proceedings. But this is to be expected, and due allowance will be made for the utterances of the boys in charge of the Era-tic sheet.

A heavy frost Sunday night played havoc with garden truck which was not protected. A force of workmen are cutting 600 acres of corn on the Cody ranch. The remaining thousand acres or so will be husked in the field. Gertler & Waltemath have recently had their business room repapered and painted, giving it a much improved appearance. The table set at the Nebraska House, under the new management, is first-class. Farmers when in town should patronize this hotel. Several large bags of teal were killed Sunday by local Nimrods. It was a model day for ducking, from a hunter's stand-point. Col. Bentley will come down from Denver next month and join the hunting party which will spend fifteen days in the lake country northwest of this city. J. G. Crabtree, of Myrtle, is in town to-day, having brought his wife to this place in order that she might take a train for a visit with Omaha friends. A couple of interested North Platte citizens last week in Omaha witnessed a specimen of terpsichorean art which in naughtiness surpassed the danse du ventre. Frank Simpson requests us to state that those ducks shot by Lew Hastings last week made an excellent dinner. Simpson is looking for another such a "lay-out." The members of the L. O. T. M. degree staff are earnestly requested to meet for practice drill next Thursday afternoon, Sept. 26, at 2:30 o'clock. By order of LADY COMMANDER. E. B. Warner has already received a number of letters from state acquaintances congratulating him upon his nomination for county treasurer, and wishing him success in his canvass. On account of the Jewish atonement day, which is observed by Israelites, the Boston Store will be closed to business on Saturday, Sept. 28th. The proprietor, Mr. Pizer, will spend that day in Denver attending religious services. Go to Dr. W. A. DeBerry for fine dental work. Office in First Nat'l Bank Bldg. The last of the Omaha visitors returned home Saturday night and North Platte is herself once again. Several barrels of silver dollars were dropped in the Omaha slots by our people, but they all seem to think that they received an equivalent. I. A. Fort returned Sunday morning from Albuquerque, N. M., where he attended the meeting of the national irrigation congress. He reports a very good time while away, but was not very favorably impressed with what he saw of New Mexico. The average resident of North Platte is congratulating himself that Pennsylvania anthracite coal is selling on the local market at \$10 per ton, which is about \$2 less than usual. This decrease in price is, we believe, due more to a cut freight rate than to the generosity of the Keystone state coal barons. Rev. James Leonard, who has been presiding elder of the North Platte district of the Methodist church, will undoubtedly be re-appointed to the office at the Kearney conference which is in session this week. Rev. Leonard is a vigorous worker, and it is conceded by all that he has made a successful presiding elder. Home-made bread and pies at the Nebraska House. Ice cream and oysters are also served at the same place in private apartments. Guy Boyer was arrested by U. P. policeman Sawyer Saturday night for using insulting language to a woman who was in the waiting room at the depot. Boyer was hauled before a court of justice on Monday morning and fined \$5 and costs. This will perhaps prove a lesson to those young men who are in the habit of following the practice of which Boyer was adjudged guilty. Just as soon as official notice of the award on the county exhibits is received, the managers of the Lincoln county exhibit will send a protest to the board of managers of the state fair. Embodied in this protest will be the charge that but three of the counties making displays complied with the rule directing that all exhibits be placed in position by a certain time. Lincoln county was one of the three. An effort made to see Supt. Barber and ascertain the attendance at the city schools was fruitless yesterday mainly due to the fact that Mr. Barber is a very busy man, usually eating his lunch while walking from one ward school to another and taking his sleep between the hours of three and six a. m. This rush will probably be over in a few days and the Professor will be able to give the newspaper men a few points in regard to the schools.

The Choral Society will meet this Tuesday evening at the Guild house at the usual hour. Dick Forrest of Sidney was in town last week looking after his farm up on the ditch. Believing in the old saw that "a stitch in time saves nine," street commissioner Morgan is having the low places on Spruce street filled with dirt. High Mass was celebrated at St. Patrick's church in this city yesterday in memory of the daughter of James Moran who died in Iowa last week. Prof. E. A. Garlich has returned and is now prepared to open his class in music. Any one thinking of taking lessons should see him in regard to the same. S. A. Douglas Post G. A. R. held a very enjoyable camp-fire at the hall Saturday evening, quite a number of old soldiers from the county being present. The proposition to vote \$275,000 in irrigation bonds will be submitted to the voters of the Lincoln and Dawson county irrigation district on the 12th day of October. The Cody Guard will give their annual military ball on the evening of November 21st, the second anniversary of the organization of the company. The boys will make the ball a very pleasant occasion. The members of the Episcopal church will give a farewell reception to Rev. and Mrs. L. P. McDonald at the home of Dr. Donaldson next Friday evening. Mr. McDonald will deliver his farewell sermons to this parish next Sunday. Both the Omaha Bee and the World-Herald say the decision of the judges on the county collective exhibits was a surprise to the people. Of course it was; but some of the counties interested next year will know how to proceed in order to get a prize. The Choral Society will give a social and dance at Keith's hall on Thursday evening of this week, to which the general public is invited. The fact that this affair is under the auspices of the Choral Society is a guarantee that it will be very pleasant. Admission is placed at 50 cents. W. W. Scott, the Sunday-school missionary of the Kearney presbytery who has his headquarters in this city, reports the work progressing nicely all over the territory he covers. There are twenty-one counties in his district, and as might be imagined, he is on the go all the time. The music at the Methodist church Sunday evening was a feature of the service, the anthem by the choir and the solo by Mr. Barstow being exceptionally fine. Mr. Barstow has a rich tenor voice, the tones being sweet and powerful, and he renders his music as only a cultivated singer can. The choir under his training is rapidly acquiring a degree of proficiency that places them in the front rank of the choirs of our city. Come and hear them. The Gordon cornet band returned Saturday from Omaha where it participated in the evening parades and in every instance was given the position of honor. With their elegant uniforms and excellent music the boys proved the head center of attraction, and were uproariously cheered by the crowd from one end of the line of march to the other. In fact the band received nothing less than a popular ovation each time it appeared upon the streets. The Omaha visit has made a state reputation for the Gordon cornet band, and we opine that in the future the organization will be in demand at all state gatherings. The gentlemanly conduct and bearing of the members while in Omaha won for them many kind words.

Several North Platte attorneys are attending district court in Cheyenne county this week. C. F. Sherman reports a large attendance at the M. W. A. picnic held at Sutherland last Friday, and that everyone seemed to enjoy the day. The first snow—which was very wet of the season fell Sunday morning, the snow coming from the west. In the western part of Wyoming about four inches of snow fell. The republicans of Logan county have nominated the following ticket: Clerk, Lew Williams, treasurer, E. R. Smith, sheriff, F. H. Palmer, judge, Richard Hoagland, superintendent, W. Q. Mahan, coroner, J. E. Honey. At the state fair last week M. K. Barnum received first and second prizes on his Wyandotte chickens and first prize on egg plant. P. G. Armsb, of this city, was awarded first premium for the best display of brooms. The Board of Education has accepted a proposition from Prof. Garlich to teach music in the public schools free of charge to the board. The Professor will teach one grade in each ward for one term and then change to another grade, thus giving instruction to all pupils. This is certainly very generous on the part of Prof. Garlich, and under his instruction the pupils are sure to make rapid advancement. The next time we go to the Omaha fair," said one of the managers of the Lincoln county exhibit, "we will take a sack of rotten potatoes and \$500 and we will be sure to get first prize." Such an insinuation is perhaps a little broad, but that Lincoln county received a "yellow" deal from the judges who passed upon the county collective exhibits is admitted by all who visited the fair, and some are inclined to think that the judges were influenced by some "power" or else they were highly prejudiced against Lincoln county because her products were raised by irrigation. Thousands of visitors expressed the opinion that our county was entitled to second or third prize, and yet these judges—who probably are not competent to pass judgment upon an agricultural display—gave us ninth place. Though the judges gave Lincoln county a rotten deal, it is pleasing to know that the display attracted more attention than any other at the fair, and that much good is certain to follow the advertising of the irrigated section received through that medium. The gentlemen in charge of our exhibit were kept busy every minute of the day answering questions propounded by the interested spectators many of the latter announcing their intention of visiting this section. Though considerable expense was attached to making the display the county will within the next year be well repaid in the way of new settlers who are sure to come. To those who had charge of the exhibit the thanks of the people of this section are due, for they certainly performed their work faithfully and well. Dr. A. F. Sawyer—I have had rheumatism since I was 29 years old, but since using your Family Cure have been free from it. It also cured my husband of the same disease. Mrs. Bots, Connelly, Brooklyn, Iowa. Sold by F. H. Longley.

Change of Ownership. I wish to announce to my friends and the public that I have purchased the H. M. BUTT DENTAL PARLORS, and that they will hereafter be conducted in my name. Soliciting your patronage, I remain Sincerely yours, W. A. DeBerry, D. D. S. PIANO TUNING. Wm. Westlake, of Denver, is now in town. Orders for piano or organ tuning may be left at the U. P. hotel. Observer Percy furnishes the following data showing the averages of the weather for the month of October, covering a period of twenty-one years. Normal temperature 59 degrees; the warmest October was that of 1879, with an average of 55 degrees; coldest October was in 1885, with 44 degrees; highest temperature was October 8th, 1893, with 89 degrees; lowest temperature was 9 degrees on October 24th, 1887; average date of killing frost, Sept. 29th; average precipitation for the month, 1.02 inches; average number of days with .01 of an inch or more, 6; the greatest monthly precipitation was .47 inches in 1883; the least was .05 inches in 1893; the greatest amount of precipitation recorded in any 24 consecutive hours was 1.45 inches on October 13th, 1880. PEOPLE WHO COME AND GO. Milton Doolittle came in from Omaha this morning. Mrs. H. J. Clark has returned from her trip to Salt Lake. Tom Hughes and wife came in from Juniata, Neb., last night. Jake Richards came up from North Bend Saturday and Sunday in this city. Mrs. A. S. Baldwin returned the latter part of the week from a visit in Colorado. John LeMasters returned last night from a business trip to the city of Denver. David Day left Saturday night for a visit with his two daughters in Salt Lake City. C. G. Hall and wife returned the latter part of the week from their trip to Beanopolis. Miss Mabel McNamara visited friends in Lexington while en route home from the state fair. Bob Rannie left Sunday night for Denver, Col., to accept a position in a plumbing establishment. Messrs. Goodman, Vroman and Hine, accompanied by their wives, returned Saturday from the fair. Mrs. Val. Scharmann and daughter Myrtle left Friday night for a visit with friends in Thayer county. C. F. Ormsby returned to the city Saturday after spending several days with his son Frank at Kearney. A sister of Mrs. Freeland, who had been visiting her for several weeks, left for the east yesterday morning. C. E. Osgood is transacting business in town this week, having arrived from Colorado Sunday morning. Fred Fredrickson returned the latter part of the week from Excelsior Springs, Mo., where he passed several weeks. J. D. Hawkins and wife, of Wellfleet, spent Sunday with the parents of the latter, Mr. and Mrs. M. W. Davis, of this city. Miss Nellie Donahue arrived from Cleveland Sunday night and on the following morning took her position in the public schools. Mr. and Mrs. Henry Waltemath arrived home from Germany Saturday night. Their visit was an exceptionally pleasant one. Presiding Elder Leonard and Rev. D. W. Crane, of Ogallala, went to Kearney this morning to attend the annual conference of the M. E. church. Prof. E. A. Garlich returned Saturday from his visit to St. Joe, Mo., and reports a very pleasant time. The Professor had several offers of lucrative positions in that city, but he is in love with North Platte and will remain with us. DRESSMAKING. Mrs. Nellie Peale and Miss Emma Armbruster, the latter lately of Lexington, have opened dressmaking parlors in rooms over Dr. Longley's drug store, where they will be pleased to meet all ladies wishing anything in the dressmaking line. Perfect fit and satisfactory work is guaranteed.

When Buying Minneapolis FLOUR Why not get the BEST? Washburn's Superlative Has no superior—no equal. It is the result of studied improvement in milling machinery—the product of the hard, excellent wheat of the north. If you are not using the Washburn Flour, try it. It is sold by JOHN HERROD, . . . SOLE AGENT.

It is the greatest remedy in the world for making the weak strong. For sale by F. H. Longley. \$100 Reward \$100. The readers of this paper will be pleased to learn that there is at least one dread disease science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surface of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have no cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity.
